Predictmedix AI Expands Strategic Partnerships with Samyak Solutions Inc. and Manchester Marketing Group Inc. for Safe Entry Distribution in the US Market

TORONTO, ON / ACCESSWIRE / March 11, 2024 / Predictmedix Inc. ("Predictmedix" or the "Company") (CSE:PMED)(OTCQB:PMEDF)(FRA:3QP), an emerging provider of rapid health screening solutions powered by a proprietary artificial intelligence (AI), today announced it has engaged in a strategic partnership with both Virginia-based firms Samyak Solutions Inc. and Manchester Marketing Group Inc. This collaboration is set to accelerate the distribution of Predictmedix's innovative Safe Entry Stations across the United States.

The Safe Entry Station, developed by Predictmedix AI, is an advanced health screening solution designed to enhance safety and mitigate health risks in various settings, including workplaces, educational institutions, and public venues.

The partnership signifies a strategic move to expand Predictmedix's footprint in the US market. Manchester Marketing will be working with Samyak Solutions Inc. to position Safe Entry Station in the government segment in the US.

Moreover, with its expertise in technology solutions, Manchester Marketing Group Inc.'s extensive reach and marketing prowess will contribute to raising awareness and driving adoption of the innovative health screening technology. In addition to the government segment, multiple opportunities have also been identified in the aviation, education, manufacturing, and health segment which are being worked upon.

The United States represents a significant market for health and safety solutions, particularly in the wake of ongoing global health concerns. Predictmedix AI aims to leverage these partnerships to meet the increasing demand for advanced health screening technologies and to position itself as a leader in the domain.

What sets this collaboration apart is the government contacts that Samyak Solutions Inc. and Manchester Marketing Group Inc. bring to the table. With established relationships within government agencies, these partnerships are expected to facilitate the integration of Predictmedix's Safe Entry Stations into select public spaces and government institutions across the United States.

"We are pleased to join forces with Samyak Solutions Inc. and Manchester Marketing Group Inc. in our mission to make public spaces safer through innovative health screening technologies. The US market is crucial for us, and these partnerships will enable us to reach more organizations and communities, providing them with cutting-edge solutions for health and safety," said Rahul Kushwah, COO of Predictmedix AI.

About Manchester Marketing Group Inc.:

MMGI, a private company incorporated in 2014 has extensive experience in supporting vehicle fleets, leasing, and renewable energy. MMGI has introduced several medical technologies to the government and commercial sections in North America including a disinfectant technology to kill Covid, RSV and antibiotic resistant viruses and fungi in medical facilities. MMGI team members have introduced Pharmacogenetic testing to reduce adverse drug reaction in senior citizen facilities which has now become more readily available because of their efforts. The MMGI team has over eight decades of collective experience in the federal government and commercial sectors throughout the United States, Canada, and Mexico. Our expansive network includes businesses that provide products, services, and turnkey solutions to improve health in the workforce and moreover enhance the quality of life in underserved communities in North America. For over 25 years, the MMGI principals have worked with 8(a) and HUBZone Alaskan Native Corporations (ANCs) and Native American Tribal 8(a) contractors on direct sole source/single source Indefinite Delivery Indefinite Quantity (IDIQ) contracts. The cumulative value of these contracts is over $1.2 billion with the federal government covering Civilian, DoD, and Intelligence agencies.
