**INFORMATION CIRCULAR**

(As at October 13, 2011, except as indicated)

The Company is providing this Information Circular and a form of proxy in connection with management's solicitation of proxies for use at the annual general and special meeting (the "**Meeting**") of the Company to be held on Thursday, November 17, 2011 and at any adjournments. Unless the context otherwise requires, when we refer in this Information Circular to the Company, its subsidiaries are also included. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

**APPOINTMENT OF PROXYHOLDER**

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or directors of the Company (the "**Management Proxyholders**").

**A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.**

**VOTING BY PROXY**

**Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting.** Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

**If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.**

**The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting.** At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

## **COMPLETION AND RETURN OF PROXY**

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, **Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 9<sup>th</sup> Floor, Toronto, Ontario, M5J 2Y1** not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

## **NON-REGISTERED HOLDERS**

**Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting.** Most shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as: a brokerage firm through which they purchased the shares; a bank, trust company, trustee or administrator of self-administered RRSPs, RRIFs, RESPs and similar plans; or a clearing agency such as The Canadian Depository for Securities Limited (a "Nominee"). If you purchased your shares through a broker, you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the form of proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your shares are voted at the Meeting.

If you are a non-registered holder and wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In addition, Canadian securities legislation now permits the Company to forward meeting materials directly to "non-objecting beneficial owners". These securityholder materials are being sent to both registered and non-registered holders. If you are a non-registered holder, and the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

## **REVOCABILITY OF PROXY**

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the

Meeting. **Only registered shareholders have the right to revoke a proxy. Non-registered holders who wish to change their vote must, at least 7 days before the Meeting, arrange for their Nominees to revoke the proxy on their behalf.**

## VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue unlimited common shares without par value (the "**shares**"), of which 152,162,916 shares are issued and outstanding as of the close of business on October 13, 2011. Persons who are registered shareholders at the close of business on October 13, 2011 will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

## **EXECUTIVE COMPENSATION**

### **Compensation Discussion and Analysis**

The Compensation and Corporate Governance Committee (the "**CCGC**") of the Board is responsible for adopting appropriate procedures for executive compensation and making recommendations to the Board with respect to the compensation of the Company's executive officers. The CCGC aims to ensure that total compensation paid to executive officers and directors is fair and reasonable and is consistent with the Company's compensation philosophy.

The CCGC is also responsible for recommending compensation for the directors and granting stock options to the directors, officers and employees of, and consultants to, the Company pursuant to the Company's stock option plan (the "**Plan**").

The independent members of the CCGC are Sargent H. Berner, Robin M. Merrifield and Gerald M. Feldman. The Board is satisfied that the composition of the CCGC ensures an objective process for determining compensation.

#### *Philosophy*

The philosophy of the Company in determining compensation is that the compensation should: (i) reflect the Company's current state of development; (ii) reflect the Company's performance; (iii) reflect individual performance; (iv) align the interests of executives with those of the shareholders; (v) assist the Company in retaining key individuals; and (vi) reflect the Company's overall financial status.

#### *Compensation Components*

The compensation of the executive officers comprises primarily: (i) base salary; (ii) a cash bonus that may be determined by the CCGC in consideration of performance against objectives established for each executive officer and (iii) long-term incentive in the form of stock options granted in accordance with the Plan.

In establishing levels of compensation and granting stock options, the comparable levels of remuneration paid to executive officers of other companies of comparable size and development within the mining exploration and development industry are considered. In establishing executive officer remuneration and the granting of stock options, the Company identified three companies which would comprise the benchmark group, consisting of companies about which the Company was knowledgeable, so as to more accurately assess the components of the benchmark in relation to such companies. The components of the benchmark are: market capitalization; number of properties owned or optioned; property activity levels; number of jurisdictions in which the Company is operating; number of employees; condition of balance sheets; compensation and option plans; and planned activities for calendar 2011. The companies in the benchmark group are at similar stages of development as the Company, and with exploration plans of a similar magnitude in 2011 as those of the Company. The companies in the benchmark group are Sultan Minerals Inc., Acrex Ventures Ltd. and ValGold Resources Ltd. The Company did not grant incentive stock options in 2010 and consequently increased incentive option grants for 2011 to fairly compensate employees for 2010 and 2011.

The CCGC also relies on the experience of its members as officers and directors of other companies in a similar business as the Company in assessing compensation levels. Certain of these other companies are identified in Schedule "A" of this Information Circular. The purpose of this process is to:

- understand the competitiveness of current pay levels for each executive position relative to companies with similar business characteristics;
- identify and understand any gaps that may exist between actual compensation levels and market compensation levels; and
- establish a basis for developing salary adjustments and short-term and long-term incentive awards for approval of the CCGC.

To date, no specific formulas have been developed to assign a specific weighting to each of these components. Instead, the independent directors consider the Company's performance and determine compensation based on this assessment and the recommendations of the CCGC.

#### Base Salary

The CCGC and the independent directors approve the salary ranges for the executive officers. The base salary review for each executive officer is based on assessment of factors such as current competitive market conditions, compensation levels within the peer group and particular skills, such as leadership ability and management effectiveness, experience, responsibility and proven or expected performance of the particular individual. The CCGC, using this information, together with budgetary guidelines and other internally generated planning and forecasting tools, performs an annual assessment of the compensation of all executive and employee compensation levels.

#### Cash Bonus

The executive officers' annual incentive bonuses depend upon relative performance and contribution towards meeting corporate objectives. Given the stage of the Company's development, there are no predetermined, identifiable measures involved in determining the annual incentive bonus. The board reviews the recommendations of the CCGC, assesses the performance and each executive officer and determines the award, if any, at its discretion.

#### Stock Option Plan

The Board has established the Plan, which was confirmed by the shareholders at the meeting held on June 23, 2011, in accordance with the policies of the TSX Venture Exchange (the "**Exchange**"). The purpose of the Plan is to attract and motivate the directors, officers and employees of the Company (and any of its subsidiaries), employees of any corporation that provides management services and consultants to the Company (collectively the "**Optionees**") and thereby advance the Company's interests by providing them an opportunity to acquire an equity interest in the Company through the exercise of stock options granted to them under the Plan.

The Plan provides that the directors, or a special committee of directors appointed by the Board, may grant options to purchase shares on the terms that the directors may determine, within the limitations of the Plan.

The principal terms of the Plan are as follows:

1. the total number of shares issuable pursuant to the Plan shall not exceed 10% of the outstanding Shares from time to time;
2. the number of shares reserved for issuance, within a one-year period, to any one Optionee shall not exceed 5% of the outstanding shares at the time of grant;

3. the aggregate number of shares reserved for issuance, within a one-year period to any one consultant of the Company may not exceed 2% of the outstanding shares at the time of grant;
4. the aggregate number of shares reserved for issuance, within a one-year period to persons employed to provide investor relations activities may not exceed 2% of the outstanding shares at the time of the grant;
5. the maximum number of shares reserved for issuance pursuant to Options granted to insiders of the Company at any time may not exceed 10% of the number of outstanding shares at the time of the grant;
6. the options granted will have a maximum term of 10 years from the date of grant;
7. options are non-assignable and non-transferable;
8. if an Optionee ceases to be employed by or ceases to act as a director or officer of the Company or a subsidiary of the Company, any option held by such Optionee may be exercised within 90 days (or 30 days in the case of an Optionee engaged in investor relations activities) after the date such Optionee ceases to be employed by the Company or ceases to act as a director or officer, as the case may be; and
9. if a change of control (as defined therein) occurs, or if the Company is subject to a take-over bid, all shares subject to stock options shall immediately become vested and may thereupon be exercised in whole or in part by the Optionees.

All options granted to executive officers are recommended by the CCGC and approved by the Board. In monitoring option grants, the CCGC takes into account the level of options granted by comparable companies for similar levels of responsibility and considers each executive officer or employee based on reports received from management, its own observations on individual performance (where possible) and its assessment of individual contribution to shareholder value. The CCGC also takes in to account previous grants of options-based awards when considering new grants.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the CCGC also makes the following recommendations subject to, and in accordance with, the provision of the Plan:

- the exercise price for each option granted;
- the date on which each option is granted;
- the vesting terms for each option; and
- the other material terms and conditions of each option grant.

#### Option-based awards

The Plan has been and will be used to provide stock options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the Exchange, and closely align the interests of the executive officers with the interests of shareholders.

The CCGC has the responsibility to administer the compensation policies related to the executive management of the Company, including option-based awards.

### Summary Compensation Table

The following table (presented in accordance with Form 51-102F6, Statement of Executive Compensation, which came into force on December 31, 2008 ("**Form 51-102F6**")) sets forth all direct and indirect compensation for or in connection with services in all capacities to the Company and any of its subsidiaries for the three most recently completed financial years of the Company in respect of each of the individuals comprised of each Chief Executive Officer and the Chief Financial Officer who acted in such capacity for all or any portion of the most recently completed financial year, and each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity (other than the Chief Executive Officer and the Chief Financial Officer), whose total compensation was, individually, more than \$150,000 for the financial year and any individual who would have satisfied these criteria but for the fact that individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of the most recently completed financial year (collectively, the "**Named Executive Officers**" or "**NEOs**").

Please see the table under "Incentive Plan Awards" for the 'in-the-money' value of these options on March 31, 2011.

Mr. Holcapek was paid in US dollars until December 2010. In January 2011, Mr. Holcapek started to invoice the Company in Canadian dollars. Exchange rates used in translating US dollars to Canadian dollars were the dates the invoices, as these rates most accurately represented the dates the expenses were being incurred.

### Incentive Plan Awards

The Company does not have any incentive plans pursuant to which compensation that depends on achieving certain performance goals or similar conditions within a specified period is awarded, earned, paid or payable to the NEOs, nor any share-based award plan under which equity-based instruments that do not have option-like features can be issued.

The Company has the Plan, pursuant to which stock options may be granted to officers, directors, employees and service providers of the Company. See "Stock Option Plan" above.

<sup>(2)</sup> The Company does not have incentive plan awards in place other than option-based awards.

### Pension Plan Benefits

The Company does not have a pension plan that provides for payments or benefits to the NEOs at, following, or in connection with retirement.

### Termination and Change of Control Benefits

The Company does not have in place with its directors and officers agreements that provide for payment of severance in lieu of notice in the event of termination or deemed termination or failure to renew their respective employment contracts except as described below.

The employment agreement of Michael E. O'Connor, President and CEO of the Company, provides that the Company may terminate such employment without cause upon written notice thereof stating the effective date of such termination (the "**Termination Date**"). In such event, the Company would be obligated to provide Mr. O'Connor with (i) payment of any accrued salary, vacation and bonuses owing but unpaid up to the Termination Date; (ii) payment in the amount equal to one year's salary and the average of his annual bonus, if any, for the three years prior to the Termination Date; (iii) maintenance of Mr. O'Connor's participation in employee benefit programs other than disability insurance coverage until the earlier of Mr. O'Connor securing comparable alternate benefits and the expiry of one year following the Termination Date; and (iv) all previously unvested options granted to Mr. O'Connor which have not vested shall be deemed to vest on the Termination Date and remain exercisable until the earlier of their expiration date and one year from the Termination Date (collectively, the "**Severance**"). In the event of a change of control, which includes the acquisition, directly or indirectly, by any person of shares which constitutes in the aggregate 50% or more of the outstanding shares, Mr. O'Connor may resign on one month's written notice within six months of the completion of the Change of Control and receive the Severance. If Mr. O'Connor had been terminated without cause effective March 31, 2011, being the last business day of the most recently completed financial year, or if he had resigned effective such date within six months of a Change of Control, he would have been entitled to receive Severance of \$180,000.

The Company is a party to a shareholder and operating agreement dated August 3, 2001 (the "**Services Agreement**") pursuant to which Quorum Management and Administrative Services Inc. The primary function of the Company's audit committee (the "**Audit Committee**") is to assist the Board in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company's systems of internal controls regarding finance and accounting and the Company's auditing, accounting and financial reporting processes. Consistent with this function, the Audit Committee will encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Audit Committee's primary duties and responsibilities are to:

- Serve as an independent and objective party to monitor the Company's financial reporting and internal control system and review the Company's financial statements.
- Review and appraise the performance of the Company's external auditors.
- Provide an open avenue of communication among the Company's auditors, financial and senior management and the Board.

#### *Composition*

### **CORPORATE GOVERNANCE DISCLOSURE**

A summary of the responsibilities and activities and the membership of each committee of the Board is set out below.

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices, which disclosure is set out below.

### **Independence of Members of Board**

The Board currently consists of eight (8) directors, 6 of whom are independent based upon the test for independence set forth in section 1.4 of NI 52-110. Christopher H. Hebb, Robin M. Ferdinand Holcapek is not independent as he receives consulting fees from the Company and is the Sole Administrator and Director General of the Company's wholly-owned subsidiary.

### **Management Supervision by Board**

The size of the Company is such that all the Company's operations are conducted by a small management team, of which the CEO also sits on the Board. The Board considers that management is effectively supervised by the independent directors on an informal basis as the independent directors are actively and regularly involved in reviewing and supervising the operations of the Company and have regular and full access to management. The independent directors are, however, able to meet at any time without any members of management including the non-independent directors being present. Further supervision is performed through the Audit Committee who meets with and has access to the Company's auditors without the requirement for involvement by the Chief Financial Officer.

## **Participation of Directors in Other Reporting Issuers**

The participation of the directors in other reporting issuers is described in Schedule "A" attached to this Information Circular.

The Board has instructed its management to abide by the Code and to bring any breaches of the Code to the attention of the Board or the CCGC. The CCGC also conducts an annual review of the performance of Company personnel under the Code with a view to making any required changes in Company practice or policy to enhance compliance with the Code. The Board keeps a record of departures from the Code and waivers requested and granted and confirms that no material change reports have been filed by the Company since the beginning of the Company's most recently completed financial year pertaining to any conduct of a director or executive officer that constitutes a departure from the Code.

The Board requires that directors and executive officers who have an interest in a transaction or agreement with the Company promptly disclose that interest at any meeting of the Board at which the transaction or agreement will be discussed and abstain from discussions and voting in respect to same if the interest is material or if required to do so by corporate or securities law.

## **Nomination of Directors**

The CCGC has responsibility for identifying potential Board candidates. The members of the CCGC are Robin M. Merrifield, Sargent H. Berner and Gerald M. Feldman, all of whom are independent of the Company. The CCGC assesses potential Board candidates to fill perceived needs on the Board for required skills, expertise, independence and other factors. Members of the Board and representatives of the mineral exploration industry are consulted for possible candidates.

## **Compensation of Directors and the CEO**

The CCGC has responsibility for reviewing and recommending to the board compensation for the directors and senior management. See "Executive Compensation – Compensation Discussion and Analysis".

### **Assessments**

The Board annually, and at such other times as it deems appropriate, reviews the performance and effectiveness of the Board, the directors and its committees to determine whether changes in size, personnel or responsibilities are warranted. To assist in its review, the Board conducts informal surveys of its directors, receives an annual report from the CCGC on its assessment of the functioning of the Board and reports from each of the CCGC and Audit Committee respecting its own effectiveness. As part of the assessments, the Board or the individual committee may review their respective mandate or charter and conduct reviews of applicable corporate policies.

In the fourth quarter of 2010 and the first quarter of 2011, the Audit Committee and the CCGC engaged in extensive reviews of the Board, its committees, and evaluated the number of members of the Board and of its committees. These committees also reviewed the Company's Articles and its then current stock option plan, and considered the advisability of adopting a shareholder rights plan. The Audit Committee and the CCGC discussed with the Board the results of these reviews, and made recommendations including those leading to the adoption at the June, 2011 AGM of the increase in the number of members of the Board, the adoption of the Plan and a shareholder rights plan, and revisions to the Company's Articles.

### *Compensation and Corporate Governance Committee*

The CCGC is responsible for reviewing all overall compensation strategy, objectives and policies; annually reviewing and assessing the performance of the executive officers; recommending to the Board the compensation of the executive officers; reviewing executive appointments; and recommending the adequacy and form of directors' compensation.

For information relating to the CCGC's report on executive compensation, see "Executive Compensation" above. This Committee meets at least once annually. Currently, the members are Robin M. Merrifield, Sargent H. Berner and Gerald Feldman, each of whom is independent of the Company.

### **Nomination and Assessment**

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President and CEO. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

### **Expectations of Management**

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives.

## **PARTICULARS OF MATTERS TO BE ACTED UPON**

### **Approval and Ratification of Stock Option Plan**

The policies of the Exchange require stock option plans which reserve for issuance up to 10% of a listed company's shares at the time of grant (instead of a fixed number) be approved annually by its shareholders. That approval is being sought at the Meeting by way of an ordinary resolution. **Unless such authority is withheld, the persons named in the accompanying Proxy intend to vote in favour of this proposed resolution.**

Therefore, at the Meeting, shareholders will be asked to pass a resolution in the following form:

"UPON MOTION IT IS RESOLVED that the Company approve and ratify, subject to regulatory approval, the Plan pursuant to which the directors may, from time to time, authorize the issuance of options to directors, officers, employees and consultants of the Company and its subsidiaries to a maximum of 10% of the issued and outstanding common shares at the time of the grant, with a maximum of 5% of the Company's issued and outstanding shares being reserved to any one person on a yearly basis."
