MANAGEMENT INFORMATION CIRCULAR

(Containing information as at April 27, 2015 unless indicated otherwise)

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of **Avarone Metals Inc.** (the “Company”) for use at the Annual and Special Meeting of Shareholders of the Company (and any adjournment thereof) to be held at 10:00 a.m. (Vancouver time) on Monday, June 1, 2015 (the “Meeting”) at the place and for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the regular employees of the Company at nominal cost. All costs of solicitation by management will be borne by the Company. Advance notice of the Meeting was filed on SEDAR on April 2, 2015.

The contents and the sending of this Information Circular have been approved by the directors of the Company.

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the accompanying form of Proxy are directors or officers of the Company. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STRIKING OUT THE NAME OF THE PERSON NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY.** A proxy will not be valid unless the completed form of proxy is received by Computershare Investor Services Inc., 510 Burrard Street, Vancouver, British Columbia, V6C 3A8, on or before 10:00 a.m. (Vancouver time) on Thursday, May 28, 2015, being 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the meeting or, with respect to any matters occurring after the reconvening of any adjournment of the Meeting, not less than forty-eight (48) hours prior to the time of recommencement of such adjourned meeting.

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the Company, at Suite 610 – 700 West Pender Street, Vancouver, British Columbia, Canada V6C 1G8, at any time up to and including the last business day preceding the day of the Meeting or any adjournment of it or to the Chair of the Meeting on the day of the Meeting or any adjournment of it. **Only registered shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective Intermediaries to revoke the proxy on their behalf.**

A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

VOTING OF PROXIES

The shares represented by a properly executed proxy in favour of persons designated as proxyholders in the enclosed form of proxy will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the proxyholder on any ballot that may be called for; and

- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

ON A POLL, SUCH SHARES WILL BE VOTED IN FAVOUR OF EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED BY THE SHAREHOLDER.

The enclosed form of proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the meeting or any further or other business is properly brought before the meeting, it is the intention of the persons designated in the enclosed form of proxy to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Information Circular, the management of the Company knows of no such amendment, variation or other matter that may be presented to the meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

Authorized Capital: An unlimited number of common shares without par value
Issued and Outstanding: 58,989,999 common shares without par value

Only shareholders of record at the close of business on April 27, 2015 (the "Record Date"), who either personally attend the meeting or who have completed and delivered a form of proxy in the manner and subject to the provisions described above shall be entitled to vote or to have their shares voted at the meeting.

On a show of hands, every individual who is present as a shareholder or as a duly appointed representative of one or more registered corporate shareholders will have one vote, and on a poll every shareholder present in person or represented by a valid proxy, and every person who is a duly appointed representative of one or more corporate shareholders, will have one vote for each common share registered in the name of the shareholder on the list of shareholders, which is available for inspection during normal business hours at Computershare Investor Services Inc. and will be available at the meeting. Shareholders represented by proxyholders are not entitled to vote on a show of hands.

To the knowledge of the directors and senior officers of the Company, there are no persons or companies who beneficially own, directly or indirectly or exercise control or direction over shares carrying more than 10% of the voting rights attached to all outstanding shares of the Company.

ADVICE TO BENEFICIAL SHAREHOLDERS

Only registered shareholders or proxyholders duly appointed by registered shareholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but are instead registered in the names of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their shares in their own name (referred to herein as "Beneficial Shareholders") should note that only registered shareholders are entitled to vote at the Meeting. If common shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those common shares will not be registered in such shareholder's name on the records of the Company. Such common shares will more likely be registered under the name of the shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which company acts as nominee for many Canadian brokerage firms). Common shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted (for or against resolutions) at the direction of

the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers' clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by the Company to the registered shareholders. However, its purpose is limited to instructing the registered shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge"). Broadridge typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote common shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of common shares must be communicated to Broadridge) well in advance of the Meeting in order to have the common shares voted.**

This Information Circular and accompanying materials are being sent to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own ("Objecting Beneficial Owners", or "OBO's") and those who do not object to their identity being made known to the issuers of the securities they own ("Non-Objecting Beneficial Owners", or "NOBO's"). Subject to the provision of National Instrument 54-101 – Communication with Beneficial Owners of Securities of Reporting Issuers ("NI 54-101") issuers may request and obtain a list of their NOBO's from intermediaries via their transfer agents. If you are a Beneficial Shareholder, and the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding the common shares on your behalf.

Beneficial Shareholders who are OBOs will not receive the materials unless their intermediary assumes the costs of delivery.

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the common shares in that capacity. **Beneficial shareholders who wish to attend the Meeting and indirectly vote their common shares as proxyholder for the registered shareholder should enter their own names in the blank space on the proxy or voting instruction card provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in this Information Circular and the accompanying form of Proxy and Notice of Meeting are to shareholders of record unless specifically stated otherwise.

AUDIT COMMITTEE

Under National Instrument 52-110 – Audit Committees (“NI 52-110”), companies are required to provide certain disclosure with respect to their audit committee, including the text of the audit committee’s charter, the composition of the audit committee and the fees paid to the external auditor. This information with respect to the Company is provided in Schedule “A”.

STATEMENT OF EXECUTIVE COMPENSATION

The Company is required to disclose the compensation of each of its Named Executive Officers for each of the Company’s three most recently completed financial years. “Named Executive Officers” means (i) each individual who served as Chief Executive Officer (“CEO”) and the Chief Financial Officer (“CFO”) of the Company (or acted in a similar capacity) during the most recently completed financial year, regardless of the amount of compensation of such individual, (ii) each of the Company’s three most highly compensated executive officers or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000, as determined in accordance with subsection 1.3(6) of Form 51-102F6 Statement of Executive Compensation; and (iii) any additional individuals who would have been included under (ii) except that the individual was not serving as an executive officer of the Company, nor acting in a similar capacity for that financial year.

During the fiscal year ended July 31, 2014, the Company had two Named Executive Officers, namely, Marc Levy, President and CEO, since April 16, 2008 and Nilda Rivera, CFO, since June 23, 2010.

Compensation Discussion and Analysis

The Company's executive compensation program is comprised of base salary, annual cash bonuses, indirect compensation (benefits) and long-term incentives in the form of stock options. The Company’s executive compensation practices are designed to attract and retain talented personnel capable of achieving the Company’s objectives. The Company also utilizes compensation programs to motivate and reward the Company’s executives for the ultimate achievement of the Company’s goals. The Company makes use of complementary short-term and long-term incentive programs intended to provide fair, competitive and motivational rewards in the short-term while ensuring that executive’s long-term objectives remain aligned with those of the shareholders.

The base salaries for all executives are paid within salary ranges established for each position based on scope and level of responsibility. Individual salaries within the range are determined by that executive’s competence, skill level, and experience and market influences. Annual cash bonuses may be given based on subjective criteria, including the Company’s ability to pay such bonuses, individual performance, the executive’s contributions to achieving the Company's objectives and other competitive considerations.

Option-Based Awards

Stock options are granted pursuant to the Company's Stock Option Plan (the "Plan") to provide an incentive to the directors, officers, employees and consultants of the Company to achieve the longer-term objectives of the Company; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Company; and to attract and retain persons of experience and ability, by providing them with the opportunity to acquire an increased proprietary interest in the Company. Previous grants of incentive stock options are taken into account when considering new grants.

Implementation of a new incentive stock option plan and amendments to the existing stock option plan are the responsibility of the Company's Board of Directors.

Summary of Compensation Table

The following table is a summary of compensation paid to the Named Executive Officers during the Company's financial year ended July 31, 2014:

Name and Principal Position	Year	Salary (\$)	Share-based Awards (\$)	Option-based Awards (\$)	Non-equity incentive plan compensation (\$)		Pension Value (\$)	All other compensation (\$)	Total Compensation (\$)
					Annual incentive plans	Long-term incentive plans			
MARC LEVY PRESIDENT & CEO	2014	\$64,800	Nil	\$18,620 ⁽¹⁾	N/A	N/A	N/A	Nil	\$83,420
	2013	\$64,800	Nil	\$3,789 ⁽¹⁾	N/A	N/A	N/A	Nil	\$68,589
NILDA RIVERA CFO	2014	\$26,000	Nil	\$112 ⁽¹⁾	N/A	N/A	N/A	Nil	\$26,112
	2013	\$24,600	Nil	\$1,943 ⁽¹⁾	N/A	N/A	N/A	Nil	\$26,543

⁽¹⁾ Option-based awards are stock options granted to the Named Executive Officers under the Company's stock option plan. These amounts reflect the fair value of the options granted and vested during the year. The fair value of option-based awards is calculated using a Black-Scholes option pricing model with the following assumptions:

	2014	2013
Risk-free rate	1.84%	-
Expected dividend yield	-	-
Expected stock price volatility	126.65%	-
Expected life of options	6.45 years	-

Option pricing models require the input of highly subjective assumptions, particularly as to the expected volatility of the stock. Changes in these assumptions can materially affect the fair value estimate, and therefore it is management's view that the existing models may not provide a single reliable measure of the fair value of the Company's stock option grants. The Company uses an option-pricing model because there is no market for which employee options may be freely traded. Readers are cautioned not to assume that the value derived from the model is the value that an employee might receive if the options were freely traded, nor assume that these amounts are the same as those reported for income tax purposes.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as set forth below or in this or previous Information Circulars and other than transactions carried out in the ordinary course of business of the Company or any of its subsidiaries, none of the directors or executive officers of the Company, a director or executive officer of a person or company that is itself an informed person of the Company, nor any shareholder beneficially owning shares carrying more than 10% of the voting rights attached to the shares of the Company nor an associate or affiliate of any of the foregoing persons has, since August 1, 2012 (being the commencement of the Company's last completed financial year), had any material interest, direct or indirect, in any transactions which materially affected or would materially affect the Company or any of its subsidiaries.

Davidson & Company LLP, Chartered Accountants, were first appointed auditors of the Company on February 15, 2013.

MANAGEMENT CONTRACTS

The management functions of the Company are substantially performed by the directors and officers of the Company, and not to any substantial degree by any other person with whom the Company has contracted.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as set forth in this Information Circular, no person who has been a director or executive officer of the Company at any time since the beginning of the last financial year, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of any of the foregoing, has any material interest, directly or indirectly, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon other than the election of directors or the appointment of auditors. Directors and executive officers may, however, be interested in the approval of the Company's Incentive Stock Option Plan as detailed below.

PARTICULARS OF MATTERS TO BE ACTED UPON

I. Approval of Stock Option Plan

Pursuant to Policy 4.4 of the TSX Venture Exchange (“TSXV”), all TSXV listed companies are required to adopt a stock option plan prior to granting incentive stock options. On December 18, 2003, the Board of Directors of the Company established such a plan (the “Plan”). The purpose of the Plan is to attract and motivate directors, senior officers, employees, consultants and others providing services to the Company and its subsidiaries, and thereby advance the Company’s interests, by affording such persons with an opportunity to acquire an equity interest in the Company through the issuance of stock options. The Company is currently listed on Tier 2 of the TSXV and has adopted a “rolling” stock option plan reserving a maximum of 10% of the issued shares of the Company at the time of the stock option grant. As a “rolling” stock option plan, the Plan is required to be re-approved by the Shareholders each year at the Company’s Annual and Special Meeting.

The TSXV’s Policy 4.4 and the terms of the Plan authorize the Board of Directors to grant stock options to optionees on the following terms:

1. The aggregate number of shares that may be issued pursuant to options granted under the Plan, unless otherwise approved by shareholders, may not exceed that number which is equal to 10% of the issued and outstanding shares of the Company at the time of the grant.
2. The number of shares subject to each option will be determined by the Board of Directors, provided that the aggregate number of shares reserved for issuance pursuant to options granted to:
 - (a) insiders may not exceed 10% of the issued shares of the Company in any 12 month period;
 - (b) any one individual within a 12 month period may not exceed 5% of the number of issued and outstanding shares of the Company (unless the Company is a Tier 1 Issuer and disinterested shareholder approval has been obtained);
 - (c) any one consultant during any 12 month period may not exceed 2% of the issued shares of the Company;
 - (d) all persons employed to provide investor relations activities (as a group) may not exceed 2% of the issued shares of the Company during any 12 month period;

in each case calculated as at the date of grant of the option, including all other shares under option to such person at that time.

3. The exercise price of an option may not be set at less than the minimum price permitted by the TSXV.
4. Options may be exercisable for a period of up to ten years from the date of grant.
5. The options are non-assignable and non-transferable. The options can only be exercised by the optionee, including an optionee who is engaged in investor relations activities, as long as the optionee remains an eligible optionee pursuant to the Plan or within a period of not more than 30 days after ceasing to be an eligible optionee or, if the optionee dies, within one year from the date of the optionee’s death.
6. Options granted to consultants engaged to perform investor relations activities must be subject to a vesting requirement, whereby such options will vest over a period of not less than 12 months, with a maximum of 25% vesting in any 3 month period.

7. On the occurrence of a takeover bid, issuer bid or going private transaction, the Board of Directors will have the right to accelerate the date on which any option becomes exercisable.

A copy of the Plan may be inspected at the offices of the Company, Suite 610, 700 West Pender Street, Vancouver, B.C., V6C 1G8 during normal business hours at any time up to the Meeting and at the Meeting. In addition, a copy of the plan will be mailed, free of charge, to any holder of common shares who requests a copy, in writing, from the Company at the address above.

Notice of options granted under the Plan must be given to the TSXV on a monthly basis. Any amendments to the Plan must also be approved by the TSXV and, if necessary, by the shareholders of the Company prior to becoming effective.

Accordingly, Shareholders will be asked to pass an ordinary resolution, in substantially the following form, to approve for the ensuing year, the Company's Stock Option Plan:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT the Company's Stock Option Plan, as described in the Company's Information Circular dated April 27, 2015 and the grant of options thereunder in accordance therewith, be approved.”

II. Repricing of Stock Options Previously Granted to Insiders

On April 20, 2015, the Company announced a proposed consolidation of its issued and outstanding common shares on the basis of one (1) new share for every two (2) existing common shares (“Consolidation”).

On April 23, 2015, the directors of the Company determined, in accordance with the policies of the TSXV and the terms of the Stock Option Plan (the “Plan”), subject to the approval of the Shareholders of the Company excluding votes cast by all options holders who beneficially own common shares of the Company and associates of such option holders (“Disinterested Shareholders”) and the TSXV, to amend the terms of all the issued and outstanding stock options for the purchase of pre-consolidated Common Shares such that the exercise price of these options will be \$0.05 per post-consolidated share (“Repricing”). The Repricing is also subject to the completion of the Consolidation.

Management believes that it is in the best interest of the Company to reprice these options since the significant difference between the original pre-consolidated exercise price of the options and the post-consolidated market price of the Shares undermines the purpose of the Plan, which is to attract, retain and motivate the directors, officers and employees of the Company. Accordingly, Disinterested Shareholders will be asked to ratify and approve a resolution to decrease the exercise price of stock options previously granted to the following Insiders of the Company:

Name of insider	Number of Options (pre-consolidation)	Exercise Price at Date of Grant (pre-consolidation)	Date of grant	Expiry date

Peter Born	100,000	\$0.05	January 27, 2015	January 27, 2024
Total	1,950,000			

To be approved, the option repricing resolution requires the affirmative vote of at least a majority of the votes cast by Disinterested Shareholders, in person or by proxy. Unless otherwise directed, the persons named in the accompanying form of proxy intend to vote “For” the option repricing resolution. Accordingly Disinterested Shareholders will be asked at the Meeting to approve with or without variation the following resolutions:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION PASSED BY A MAJORITY OF DISINTERESTED SHAREHOLDERS THAT:

1. the exercise price of the stock options to purchase 1,950,000 pre-consolidated common shares in the capital of the Company granted to insiders of the Company, as set out above, be amended to an exercise price of \$0.05 per post-consolidated common share subject to the completion of the Consolidation by the Company;
2. the directors and officers of the Company be and is authorized in its absolute discretion to determine whether or not to proceed with the above resolution without further ratification or approval by the Shareholders; and
3. the directors and officers of the Company be authorized and directed to perform all such acts and deeds and things and execute, under the seal of the Company or otherwise, all such documents, agreements and other writings as may be required to give effect to the true intent of this resolution.”

ANY OTHER MATTERS

Management of the Company knows of no matters to come before the meeting other than those referred to in the Notice of Meeting accompanying this Information Circular. However, if any other matters properly come before the meeting, it is the intention of the persons named in the form of proxy accompanying this Information Circular to vote the same in accordance with their best judgment of such matters.

SCHEDULE “B”

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate governance relates to the activities of the board of directors of the Company (the “Board”), the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Company. The Board is committed to sound corporate governance practices that are both in the interest of its shareholders and contribute to effective and efficient decision making. National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines that apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company’s practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices for Venture Issuers in Form 58-101F2, which disclosure is set out below.

Board of Directors

Structure and Compensation

All of the proposed nominees for election as a director at the 2014 Annual and Special Meeting are current directors of the Company. Form 58-101F1 suggests that the board of directors of every listed company should be constituted with a majority of individuals who qualify as “independent” directors under National Instrument 52-110 (“NI 52-110”), which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Company. “Material relationship” is defined as a relationship that could, in the view of the company’s board of directors, be reasonably expected to interfere with the exercise of a director’s independent judgment. Of the proposed nominees, Marc Levy, the President and CEO, is “inside” or a management director and is considered not to be “independent”. The two (2) remaining proposed nominees are considered by the Board to be “independent”, within the meaning of NI 52-110. In assessing Form 58-101F2 and making the foregoing determinations, the circumstances of each director have been examined in relation to a number of factors. It is the objective of the Company to continue the search for additional qualified individuals who would be willing to serve as directors and who would be considered as “independent”, so as to strive to have a majority of independent Board members and enhance the quality of the Company’s corporate governance.

The Company does not currently have a Chairman of the Board and, given the current size of the Board, does not consider that a Chairman is necessary. The independent directors exercise their responsibilities for independent oversight of management, and are provided with leadership through their position on the Board and ability to meet independently of management whenever deemed necessary. The Board will give consideration to appointing an “independent” member as Chairman at such time as it believes that such a position is required but will not be able to do so until additional “independent” directors are recruited and appointed.

The Company does not currently pay its directors any remuneration for acting as directors and the only compensation for acting as directors received by non-management directors is through the grant of incentive stock options. The quantity and quality of the Board compensation is reviewed on an annual basis. At present, the Board is satisfied that the current Board compensation arrangements adequately reflect the responsibilities and risks involved in being an effective director of the Company. The number of options to be granted to any director or officer is determined by the Board as a whole, thereby providing the independent directors with significant input into compensation decisions. Options to be granted to “management” directors are required, as a matter of board practice, to be reviewed and approved by the “non-management” directors. Given the current size and limited scope of operations of the Company, the Board does not believe that a formal compensation committee is required. At such time as, in the opinion of

the Board, the size and activities of the Company and the number of management employees warrants it, the Board will consider it necessary to appoint a formal compensation committee.

The following directors of the Company are directors of other reporting issuers:

<u>Name of Director</u>	<u>Other Reporting Issuers</u>	<u>Exchange</u>
Marc Levy	Aurora Cannabis Inc. Sparrow Ventures Corp.	CSE TSXV
Anita Algie	Aurgent Gold Corp. Menika Mining Ltd. Titus Energy Corp. Unity Energy Corp.	TSXV TSXV TSXV TSXV
Peter Born	Aurgent Gold Corp. Grandview Gold Inc. Titus Energy Corp. Unity Energy Corp.	TSXV TSXV TSXV TSXV

Mandate of the Board

The mandate of the Board, as prescribed by the *Business Corporations Act* (British Columbia), is to manage or supervise the management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company's affairs directly and through the Audit Committee. In fulfilling its mandate, the Board, among other matters, is responsible for reviewing and approving the Company's overall business strategies and its annual business plan, reviewing and approving the annual corporate budget and forecast, reviewing and approving significant capital investments outside the approved budget; reviewing major strategic initiatives to ensure that the Company's proposed actions accord with shareholder objectives; reviewing succession planning; assessing management's performance against approved business plans and industry standards; reviewing and approving the reports and other disclosure issued to shareholders; ensuring the effective operation of the Board; and safeguarding shareholders' equity interests through the optimum utilization of the Company's capital resources. The Board also takes responsibility for identifying the principal risks of the Company's business and for ensuring these risks are effectively monitored and mitigated to the extent reasonably practicable. At this stage of the Company's development, the Board does not believe it is necessary to adopt a written mandate, as sufficient guidance is found in the applicable corporate legislation and regulatory policies. However, as the Company grows, the Board will likely move to develop a formal written mandate.

In keeping with its overall responsibility for the stewardship of the Company, the Board is responsible for the integrity of the Company's internal control and management information systems and for the Company's policies respecting corporate disclosure and communications.

Each member of the Board understands that he is entitled, at the cost of the Company, to seek the advice of an independent expert if he reasonably considers it warranted under the circumstances.

The positions of President and CEO are combined. The Board believes the Company is well serviced and the independence of the Board from management is not compromised by the combined role. The Board does not, and does not consider it necessary to, have any formal structures or procedures in place to ensure that the Board can function independently of management. The Board believes that its current composition, in which two of three members is independent, is sufficient to ensure that the Board can function independently of management.

Nomination and Assessment

The Board as a whole determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the individual Board members, including both formal and informal discussions among Board members and the President and CEO. The current size of the Board is such that the entire Board takes responsibility for selecting new directors and assessing current directors. Proposed directors' credentials are reviewed in advance of a Board meeting with one or more members of the Board prior to the proposed director's nomination.

The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions. The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Company's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time. The Board plans to continue evaluating its own effectiveness on an *ad hoc* basis.

New directors are briefed on strategic plans, short, medium and long term corporate objectives, business risks and mitigation strategies, corporate governance guidelines and existing company policies. However, there is no formal orientation for new members of the Board, and this is considered to be appropriate, given the Company's size and current level of operations. However, if the growth of the Company's operations warrants it, it is likely that a formal orientation process will be implemented.

The skills and knowledge of the Board of Directors as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies in the natural resource sector. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. Board members have full access to the Company's records. Reference is made to the table under the heading "Election of Directors" for a description of the current principal occupations of the members of the Company's Board.

Expectations of Management and Ethical Business Conduct

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives. To date, the Board has not adopted a formal written Code of Business Conduct and Ethics. However, the current limited size of the Company's operations and the small number of officers and employees allow the independent members of the Board to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained. Should the Company operations grow in size and scope, the Board anticipates that it would then formulate and implement a formal Code of Business Conduct and Ethics.

Committee Responsibilities and Activities

Committees of the Board are an integral part of the Company's governance structure. At the present time, the only standing committee is the Audit Committee. Disclosure with respect to the Audit Committee, as required by NI 52-110 – Audit Committee, is contained in Schedule "A" to this Information Circular. As the Company grows, and its operations and management structure became more complex, the Board will likely find it appropriate to constitute formal standing committees, such as a Corporate Governance Committee, Compensation Committee and Nominating Committee, and to ensure that such committees are governed by written charters and are composed of at least a majority of "independent" directors.
