Outstanding Compensation Securities

Stock Options and Other Compensation Securities

A. 10% "rolling" Share Option Plan (Option-Based Awards)

The Company has in place a 10% "rolling" share option plan dated for reference November 8, 2011 (the "Plan") which was implemented for the purpose of attracting and motivating directors, officers, employees and consultants of the Company and advancing the interests of the Company by affording such persons the opportunity to acquire an equity interest in the Company through stock options granted pursuant to the Plan to purchase Shares. The Plan was established to provide incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company.

Under the Plan, options totalling a maximum of 10% of the Common Shares outstanding from time to time are available for grant. The Corporate Governance, Compensation and Compliance Committee and management propose share option grants to the Board based on such criteria as performance, previous grants, and hiring incentives. All grants require approval of the Board. The Plan is administered by the Board and provides that options will be issued to directors, officers, employees or consultants of the Company or a subsidiary of the Company.

Options granted under the Plan are not exercisable for a period longer than 10 years and the exercise price must be paid in full upon exercise of the option. The Board is of the view that the Plan provides the Company with the flexibility to attract and maintain the services of executives, employees and other service providers in compensation with other companies in the industry.

The Plan is subject to the following restrictions:

- (a) the Company must not grant an option to any one individual director, employee, consultant, or consultant company (the "Service Provider") in any 12 month period that exceeds 5% of the outstanding shares, unless the Company has obtained approval to do so by a majority of the votes cast by the shareholders of the Company eligible to vote

at a shareholders' meeting, excluding votes attaching to shares beneficially owned by insiders and their associates ("Disinterested Shareholder Approval");

- (b) the aggregate number of options granted to a Service Provider conducting investor relations activities in any 12 month period must not exceed 2% of the outstanding Common Shares calculated at the date of the grant, without the prior consent of the TSXV;
- (c) the Company must not grant an option to any one individual consultant in any 12 month period that exceeds 2% of the outstanding shares calculated at the date of the grant of the option, without the prior consent of the TSXV;
- (d) the aggregate number of Common Shares reserved for issuance under options granted to insiders must not exceed 10% of the outstanding Common Shares (in the event that the Plan is amended to reserve for issuance more than 10% of the outstanding Common Shares) unless the Company has obtained Disinterested Shareholder Approval to do so;
- (e) the aggregate number of Common Shares issued for option to insiders in any 12 month period must not exceed 10% of the outstanding Common Shares (in the event that the Plan is amended to reserve for issuance more than 10% of the outstanding Shares) unless the Company has obtained Disinterested Shareholder Approval to do so;
- (f) the issuance to any one Optionee within a 12 month period of a number of Common Shares must not exceed 5% of outstanding Common Shares unless the Company has obtained Disinterested Shareholder Approval to do so; and
- (g) the exercise price of an option previously granted to an insider must not be reduced, unless the Company has obtained Disinterested Shareholder Approval to do so.

Material Terms of the Plan

The following is a summary of the material terms of the Plan:

- (a) Persons who are Service Providers to the Company or its affiliates, or who are providing services to the Company or its affiliates, are eligible to receive grants of options under the Plan;
- (b) Options granted under the Plan are non-assignable and non-transferable and are issuable for a period of up to 10 years;
- (c) for options granted to Service Providers, the Company must ensure that the proposed Optionee is a bona fide Service Provider of the Company or its affiliates;
- (d) an Option granted to any Service Provider will expire within 90 days (or such other time, not to exceed one year, as shall be determined by the Board as at the date of grant or agreed to by the Board and the Optionee at any time prior to expiry of the Option), after the date the Optionee ceases to be employed by or provide services to the Company, but only to the extent that such Option was vested at the date the Optionee ceased to be so employed by or to provide services to the Company;
- (e) if an Optionee dies, any vested option held by him or her at the date of death will become exercisable by the Optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such Optionee and the date of expiration of the term otherwise applicable to such option;
- (f) in the case of an Optionee being dismissed from employment or service for cause, such Optionee's options, whether or not vested at the date of dismissal, will immediately terminate without right to exercise same;
- (g) the exercise price of each option will be set by the Board on the effective date of the option and will not be less than the Discounted Market Price (as defined in the Plan);
- (h) vesting of options shall be at the discretion of the Board, and will generally be subject to:
 - (i) the Service Provider remaining employed by or continuing to provide services to the Company or its affiliates, as well as, at the discretion of the Board, achieving certain milestones which may be defined by the Board from time to time or receiving a satisfactory performance review by the Company or its affiliates during the vesting period; or
 - (ii) the Service Provider remaining as a Director of the Company or its affiliates during the vesting period;
- (i) in the event of a Change of Control (as defined in the Plan) of the Company occurring, all options outstanding which are subject to vesting provisions shall vest immediately upon occurrence of the Change of Control;

- (j) the Company, may from time to time, implement such procedures and conditions as it determines appropriate with respect to the withholding and remittance of taxes imposed under applicable law, or the funding of related amounts for which liability may arise under such applicable law; and
- (k) the Board reserves the right in its absolute discretion to amend, suspend, terminate or discontinue the Plan with respect to all Common Shares in respect of options which have not yet been granted under the Plan.

The Plan also provides that the Board may, without shareholder approval:

- (i) amend the Plan to correct typographical, grammatical or clerical errors;
- (ii) change the vesting provisions of an option granted under the Plan, subject to prior written approval of the TSXV, if applicable;
- (iii) change the termination provision of an option granted under the Plan if it does not entail an extension beyond the original expiry date of such option;
- (iv) make such amendments to the Plan as are necessary or desirable to reflect changes to securities laws applicable to the Company;
- (v) make such amendments as may otherwise be permitted by the TSXV Policies;
- (vi) if the Company becomes listed or quoted on a stock exchange or stock market senior to the TSXV, make such amendments as may be required by the policies of such senior stock exchange or stock market; and
- (vii) amend the Plan to reduce the benefits that may be granted to Service Providers.

B. Restricted Share Unit Plan (Share-Based Awards)

At the Company's December 31, 2020 annual general meeting, shareholders approved the adoption of the Company's fixed restricted share unit plan (the "**RSU Plan**").

Summary of the RSU Plan

The RSU Plan is a fixed plan which reserves for issuance a maximum of 4,480,784 common shares. The common shares reserved for issuance under the RSU Plan will not be deducted from the number of common shares issuable under the Company's Option Plan. However, the percentage limitations on insiders (as a group), on any one eligible persons and on consultants apply to the RSU Plan and the Option Plan in aggregate. For insiders (as a group), subject to approval by disinterested shareholders of the Company or other requirements of applicable TSX Venture Exchange Policies, (i) the aggregate number of common shares reserved for issuance under the RSU Plan, Option Plan and any other share based compensation arrangements for insiders (as a group) at any point in time may not exceed 10% of the issued and outstanding common shares from time to time, and (ii) the maximum number of RSUs and Options that may be granted to insiders (as a group) under the RSU Plan, the Option Plan, together with any other share based compensation arrangements, within a 12-month period, may not exceed 10% of the issued and outstanding common shares calculated on the grant or award date. Subject to this 10% limitation, with the RSU Plan and the Option Plan available, the Company will have the flexibility to grant and award insiders any combination of RSUs and options as appropriate and determined by the Company.

All Directors, Employees and Consultants (as defined in the RSU Plan) of the Company and its related entities ("**Eligible Persons**") are eligible to participate in the RSU Plan (as "**Participants**"), though the Company reserves the right to restrict eligibility or otherwise limit the number of persons eligible for participation in the RSU Plan at any time. Eligibility to participate in the RSU Plan does not confer upon any person a right to receive an award of RSUs. It shall be the responsibility of the Company and the Eligible Person to ensure that such Eligible Person is a bona fide Eligible Person.

Subject to certain restrictions, the Board or any committee thereof duly empowered or authorized by the Board (the "Committee") can, from time to time, award RSUs in its discretion to any Eligible Persons. RSUs will be credited to an account maintained for each Participant on the books of the Company as of the award date. The number of RSUs to be credited to each Participant's account in respect of a fiscal year shall be determined by dividing: (a) the dollar amount of the portion of the Participant's compensation which the Committee, in its sole discretion, determines to be paid as RSUs; by (b) the Fair Market Value (as defined in the RSU Plan) per Common Share on the award date. Any fractional RSUs resulting from such calculations shall be rounded to the nearest whole number. For greater certainty, a fractional entitlement that is equal to or greater than 0.5 shall be rounded up to the next greater whole number and a fractional entitlement that is less than 0.5 shall be rounded down to the next lesser whole number.

The RSUs shall have a term, which shall be determined by the Committee on the date of award of the RSUs, which term shall not exceed ten years from the award date.

Each award of RSUs vests on the date(s) and/or the satisfaction of the Performance Criteria (each a “**Vesting Date**”) specified by the Committee on the award date, and reflected in the applicable Award Notice (as defined in the RSU Plan).

Rights and obligations under the RSU Plan can be assigned by the Company (without the consent of Participants) to a successor in the business of the Company, any corporation resulting from any amalgamation, reorganization, combination, merger or arrangement of the Company, or any corporation acquiring all or substantially all of the assets or business of the Company. All awards under the RSU Plan will be evidenced by award notices in substantially the form attached to the RSU Plan and will contain such other terms and conditions relating to an award of RSUs as the Committee may prescribe.

Credits for Dividends

A Participant's account will be credited with additional RSUs as of each dividend payment date in respect of which cash dividends are paid on Common Shares. The number of additional RSUs to be credited to a Participant's account is computed by dividing: (a) the dividends that would have been paid to such Participant if each RSU in the Participant's account on the relevant dividend record date had been a Common Share, by (b) the Fair Market Value of the Common Shares determined as of the date of payment of such dividend. Any fractional RSUs resulting from such calculation shall be rounded to the nearest whole number. For greater certainty, a fractional entitlement that is equal to or greater than 0.5 shall be rounded up to the next greater whole number and a fractional entitlement that is less than 0.5 shall be rounded down to the next lesser whole number. Any additional RSUs credited to the Participant's account will vest in proportion to and will be paid under the RSU Plan in the same manner as the RSUs to which they relate. The Company is not obligated to pay dividends on Common Shares.

Acquisition of Vested RSUs

A holder of vested RSUs may acquire Common Shares representing such RSUs by delivering a Notice of Acquisition (as defined in the RSU Plan) to the Company and a certified cheque or bank draft payable to the Company for the Applicable Withholding Amounts (as defined in the RSU Plan) on or before the Expiry Time (as defined in the RSU Plan). Upon receipt of the Notice of Acquisition the Company shall issue, within ten days following the receipt of the Notice of Acquisition, and subject to such applicable residual withholding, if any, as the Company determines in its discretion should then be imposed to meet related withholding or remittance obligations under applicable law, one Common Share for each RSU in the Participant's Account which has been included in the Notice of Acquisition.

Resignation, Termination, Leave of Absence or Death

Generally, and subject to any express resolution passed by the Committee, if a Participant's employment or service is terminated, or if the Participant resigns from employment with the Company, then any RSUs credited to him or her under the RSU Plan which have not vested on or before the Separation Date (as defined in the RSU Plan) for the Participant are forfeited, cancelled and terminated without payment effective on the Separation Date. The Participant may, but only within the thirty (30) days following the Separation Date, deliver a completed Notice of Acquisition to the Company to acquire Common Shares for previously vested RSUs (if any). Any vested RSUs which the Participant has not delivered a completed Notice of Acquisition for shall be forfeited and cancelled effective at 5:00 p.m. (Vancouver time) on such 30th day.

In the event a Participant takes a leave of absence other than an Approved Leave of Absence (as defined in the RSU Plan), all RSUs granted to the Participant that have not then vested will terminate and be null and void, subject to applicable law and the Board's sole and absolute discretion to determine otherwise.

Upon the death of a Participant, any RSUs granted to a Participant which, as of the date of the death have not yet vested, immediately vest. Any RSUs granted to the Participant under the Plan shall be forfeited and cancelled effective at 5:00 p.m. (Vancouver time) on the first year anniversary of the death of the Participant and shall terminate without payment and shall be of no further force or effect from and after such time.

Control Change

In the event of a Control Change (as defined in the RSU Plan), the Committee may:

- (a) take such steps as the Committee considers desirable, taking into account any tax consequences to the extent considered relevant by the Committee, cause the conversion or exchange of any outstanding RSUs into or for rights or other securities of substantially equivalent value (or greater value) in any entity participating in or resulting from a Control Change;
- (b) accelerate the vesting of any or all outstanding RSUs to provide that such outstanding RSUs are fully vested upon (or immediately prior to) the completion of the transaction resulting in the Control Change; or

- (c) determine that a Participant who is no longer an Eligible Person as a result of or in anticipation of a Control Change shall continue to be a Participant and Eligible Person for purposes of the Plan, but subject to such terms and conditions, if any, established by the Committee in its sole discretion.

If, before the completion of the Vesting Date with respect to any award of RSUs, the Participant's service as a Director ceases or, as an Employee of the Company or of a Related Entity is terminated, where such cessation or termination occurs:

- (a) subsequent to a Control Change and during the Control Change Period (as defined in the RSU Plan) and such termination was:
 - (i) for any reason whatsoever other than death or termination for Cause (as defined in the RSU Plan); or
 - (ii) for Good Reason (as defined in the RSU Plan) and the Participant gives notice to the Company to that effect and after thirty days the Company does not cure the act or omission which constitutes Good Reason; or
- (b) prior to the date on which a Control Change occurs and it is reasonably demonstrated that such termination:
 - (i) was at the request of a third party who has taken steps reasonably calculated to effect Control Change; or
 - (ii) arose in connection with or anticipation of a Control Change,

then the Award shall immediately vest on the Separation Date and the Payment Amount shall be equal to the number of Common Shares determined on the Separation Date multiplied by the number of RSUs in the Participant's Account, net of applicable withholding tax. Notwithstanding the foregoing, the Committee may, in its sole and absolute discretion, provide in the Award Notice evidencing the Award a provision to the effect that these provisions shall not apply in respect of that Award or shall apply on such modified basis as is expressly set forth in such Award Notice.

Adjustments

In the event of any subdivision, consolidation, stock dividend, capital reorganization, reclassification, exchange, or other change with respect to the Common Shares, or a consolidation, amalgamation, merger, spin-off, sale, lease or exchange of all or substantially all of the property of the Company or other distribution of the Company's assets to the Shareholders (other than the payment of dividends in respect of the Common Shares as contemplated in the RSU Plan), the Committee may choose to adjust the Account of each Participant and the RSUs outstanding under the Plan in such manner, if any, as the Committee may in its discretion deem appropriate (taking into account any tax consequences to the extent considered relevant by the Committee) to preserve the account of each Participant and the RSUs outstanding under the RSU Plan will be adjusted in such manner, if any, as the Committee deems appropriate to preserve, proportionally, the interests of Participants. For greater certainty and notwithstanding any other provision of this Plan, in no event shall a Participant be or become entitled to receive any amount of cash from the Company.

Discretion to Permit Vesting

The Committee can, in its sole discretion, subject to such terms and conditions (if any) established by the Committee in its sole discretion at any time, permit:

- (a) Persons previously entitled to participate in the Plan to continue to be a Participant for the purposes of the Plan;
- (b) the vesting or accelerated vesting of any or all RSUs held by a Participant; and
- (c) the payment of the Payment Amount in respect of such RSUs in the manner and on the terms authorized by the Committee.

Common Shares Reserved

Subject to adjustment as may be permitted under the RSU Plan, the maximum number of Common Shares which may be reserved for issuance under the Plan at any time shall be 4,480,784 Common Shares.

Limitations under the RSU Plan

Notwithstanding any other provision of this Plan, but subject to RSU grants approved by the disinterested shareholders of the Company or other requirements of applicable Exchange Policies:

- (a) the aggregate number of Common Shares reserved for issuance under the RSU Plan, together with any other Security Based Compensation Arrangements (as defined in the RSU Plan), for Insiders (as a group) at any point in time may not exceed 10% of the issued and outstanding Common Shares from time to time;

- (b) the maximum number of RSUs that may be granted to Insiders (as a group) under the Plan, together with any other Security Based Compensation Arrangements, within a 12 month period, may not exceed 10% of the issued and outstanding Common Shares calculated on the Award Date;
- (c) the maximum number of RSUs that may be granted to any one Eligible Person (and companies wholly owned by that Eligible Person) under the RSU Plan, together with any other Security Based Compensation Arrangements, within a 12 month period, may not exceed 5% of the issued and outstanding Common Shares, calculated on the Award Date; and
- (d) the maximum number of RSUs that may be granted to any one Consultant under the RSU Plan, together with any other Security Based Compensation Arrangements, within a 12 month period, may not exceed 2% of the issued and outstanding Common Shares, calculated on the Award Date.

The RSU Plan provides that the respective limits set out above may be exceeded:

- (a) if the Common Shares are listed for trading on the TSX Venture Exchange, on a case-by-case basis, upon the approval of disinterested shareholders of the Company; or
- (b) if the Common Shares are not listed for trading on the TSX Venture Exchange, in accordance with applicable Exchange Policies (as defined in the RSU Plan).

Status of Terminated RSUs

For purposes of determining the number of Common Shares that remain available for issuance under the RSU Plan, the number of Common Shares underlying any grants of RSUs that are surrendered, forfeited, waived and/or cancelled shall be added back to the Plan and again be available for future grant, whereas the number of Common Shares underlying any grants of RSUs that are issued upon exercise of RSUs shall not be available for future grant.

Amendment, Suspension, or Termination of Plan

Subject to applicable law, the Committee may from time to time amend or suspend the RSU Plan in whole or in part and may at any time terminate the RSU Plan without prior notice. However, any such amendment, suspension or termination shall not adversely affect the RSUs previously granted to a Participant at the time of such amendment, suspension or termination, without the consent of the affected Participant.

If the Committee suspends or terminates the RSU Plan, no new RSUs will be credited to the account of a Participant; however, previously credited RSUs shall remain outstanding but shall not be entitled to dividend credits following suspension or termination unless at the time of suspension or termination the Committee determines that the entitlement to dividend credits during suspension or after termination, as applicable, should be continued.

The Committee shall not require the consent of any affected Participant in connection with a termination of the RSU Plan in which the vesting of all RSUs held by the Participant are accelerated and the Payment Amount (less Applicable Withholding Amount) is paid to the Participant in respect of all such RSUs.

The Company will be required to obtain disinterested shareholder approval for any amendment related to (i) the number or percentage of issued and outstanding Common Shares available for grant under the RSU Plan; (ii) a change in method of calculation of redemption of RSUs held by Eligible Persons; and (iii) an extension to the term for redemption of RSUs held by Eligible Persons.

Oversight and Description of Director and NEO Compensation

The Corporate Governance, Compensation and Compliance Committee assists the Board in fulfilling its obligations relating to compensation issues. The Corporate Governance, Compensation and Compliance Committee acts alone when considering the compensation of the CEO. There is currently no office position as CEO of the Company. The proposed executive compensation is then presented to the Board for approval. This committee also makes recommendations to the Board respecting the Company's incentive compensation plans, including administration of the Company's Share Option Plan and Restricted Share Unit Plan, and must discharge all responsibilities imposed on this committee by the Company's incentive compensation plans. This committee has the responsibilities of reviewing and recommending director compensation, overseeing the Company's base compensation structure and equity-based compensation program, recommending compensation of the Company's officers and employees to the Board, and evaluating the performance of officers generally and in light of annual goals and objectives.

Furthermore, this committee may, at the request of the Board, review, approve and/or monitor compensation programs and strategies applicable to senior management, and review the corporate succession and development plans of the Company at the executive level. This committee reviews the compensation of senior management on a semi-annual basis and keeps current with developments in executive compensation for companies engaged in similar industries or that are of a similar size. This committee also reviews and approves any proposed severance termination payments to be made and prepares and issues all evaluations and reports under applicable law.

Philosophy and Objectives

The compensation program for senior management of the Company is designed to ensure that the level and form of compensation achieves certain objectives, including:

- (a) attracting and retaining talented, qualified and effective executives;
- (b) motivating the short and long-term performance of these executives; and
- (c) better aligning their interests with those of the Company's shareholders.

In compensating its senior management, the Company has employed a combination of base salary, bonus compensation and equity participation through its Share Option Plan and Restricted Share Unit Plan. The compensation program is designed to reward the short and long-term performance of the senior management based on the achievement of certain corporate objectives. Recommendations for senior management compensation are presented by the Corporate Governance, Compensation and Compliance Committee to the Board for review.

Base Salary

In the Board's view, paying base salaries which are competitive in the markets in which the Company operates is a first step to attracting and retaining talented, qualified and effective executives. Competitive salary information on comparable companies within the industry is compiled from a variety of sources.

Bonus Incentive Compensation

The Company's objective is to achieve certain strategic objectives and milestones. The Board will consider executive bonus compensation dependent upon the Company meeting those strategic objectives and milestones and will ascertain if sufficient cash resources are available for the grant of bonuses. The Board approves executive bonus compensation dependent upon compensation levels based on recommendations of the Corporate Governance, Compensation and Compliance Committee and the Executive Officer. Such recommendations are generally based on information provided by issuers that are similar in size and scope to the Company's operations.

Benefits and Perquisites

The Company does not, as of the date of this Form, offer any benefits or perquisites to its NEOs other than potential grants of incentive share options as otherwise disclosed and discussed herein.

The Company believes that encouraging its executives and employees to become shareholders is the best way of aligning their interests with those of its shareholders. Equity participation is accomplished through the Company's Share Option Plan and Restricted Share Unit Plan. Share options and restricted share units are granted to executives and employees taking into account a number of factors, including the amount and term of options previously granted, base salary, bonuses and competitive factors. The amounts and terms of options and restricted share units granted are determined by the Board based on recommendations put forward by the Corporate Governance, Compensation and Compliance Committee and the Executive Officer.

Given the evolving nature of the Company's business, the Corporate Governance, Compensation and Compliance Committee together with the Board continues to review and redesign the overall compensation plan for senior management so as to continue to address the objectives identified above.

Neither the Corporate Governance, Compensation and Compliance Committee nor the Board have considered the implications of the risks associated with the Company's compensation policies and practices.

The Company has not adopted a policy disallowing insiders from purchasing financial instruments designed to hedge or offset any decrease in market value of the Common Shares or options of the Company.

Risks Associated with the Company's Compensation Practices

The Board has not proceeded to a formal evaluation of the implications of risks associated with the Company's compensation policies and practices. At least once annually the Board reviews the then current risks, if any, associated with the Company's compensation policies and practices at such time.

Executive compensation is comprised of short-term compensation in the form of a base salary and long-term ownership through the Company's Share Option Plan and Restricted Share Unit Plan. This structure ensures that a significant portion of executive compensation (share options) is both long-term and "at risk" and, accordingly, is directly linked to the achievement of business results and the creation of long-term shareholder value. As the benefits of such compensation, if any, are not realized by officers until a significant period of time has passed, the ability of officers to take inappropriate or excessive risks that are beneficial to their compensation at the expense of the Company and the shareholders is extremely limited. Furthermore, the short-term component of the executive compensation (base salary) represents a relatively small part of the total compensation. As a result, it is unlikely that an officer would take inappropriate or excessive risks at the expense of the Company or the shareholders that would be beneficial to their short-term compensation when their long-term compensation might be put at risk from their actions.

Due to the small size of the Company and the current level of the Company's activity, the Board is able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular meetings of the Board during which financial and other information of the Company are reviewed. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Hedging by Named Executive Officers or Directors

The Company has not, to date, adopted a policy restricting its executive officers and directors from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by executive officers or directors. As of the date of this Form, entitlement to grants of incentive share options under the Company's Share Option Plan and Restricted Share Unit Plan are the only equity security elements awarded by the Company to its executive officers and directors.

Pension Plan Benefits

The Company has no pension plan arrangements or benefits with respect to any of its NEOs, directors or employees.
