INFORMATION CIRCULAR

(As at October 15, 2013, except as indicated)

The Company is providing this Information Circular and a form of proxy in connection with management's solicitation of proxies for use at the annual general meeting (the "**Meeting**") of the Company to be held on Friday, November 22, 2013 and at any adjournments. Unless the context otherwise requires, when we refer in this Information Circular to the Company, its subsidiaries are also included. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the "**Management Proxyholders**").

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, **Computershare Trust Company, Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, by mail or facsimile, in accordance with the instructions set out in the form of proxy accompanying this Information Circular**, not later than forty-eight (48) hours, excluding Saturdays, Sundays and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NOTICE-AND-ACCESS

The Company is not sending this Information Circular to registered or beneficial shareholders using "notice-and-access" as defined under National Instrument 54-101 ("**NI 54-101**").

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSP's, RRIF's, RESP's and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "**Nominee**"). If you purchased your shares through a broker, you are likely you are likely a non-registered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In addition, Canadian securities legislation now permits the Company to forward meeting materials directly to "non objecting beneficial owners". If the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions.

NOBOs

The Company is sending the proxy-related materials for the Meeting directly to "non objecting beneficial owners" ("**NOBOs**"), as defined under NI 54-101. The name and address and information about NOBO holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominees holding on behalf of NOBOs. By choosing to send these materials to NOBOs directly, the Company (and not the Nominees holding on behalf of NOBOs) has assumed responsibility for (i) delivering these materials to NOBOs and (ii) executing the proper voting instructions of NOBOs.

OBOs

The Company does not intend to pay for Nominees to deliver the proxy-related materials and Form 54-101F7 to "objecting beneficial owners" ("**OBOs**"), as defined under NI 54-101. As a result, OBOs will not receive the Meeting materials unless their Nominee assumes the costs of delivery.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a proxy. Non-registered holders who wish to change their vote must, at least seven days before the Meeting, arrange for their Nominees to revoke the proxy on their behalf.**

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is authorized to issue an unlimited number of common shares without par value (the "**shares**"), of which 97,056,861 shares are issued and outstanding. Persons who are registered shareholders at the close of business on the record date, October 15, 2013, will be entitled to receive notice of and vote at the Meeting and will be entitled to one vote for each share held. The Company has only one class of shares.

To the knowledge of the Directors and executive officers of the Company, no person beneficially owns, controls or directs, directly or indirectly, shares carrying 10% or more of the voting rights attached to all shares of the Company, except as follows:

<i>Name</i>	<i>No. of Shares Beneficially Owned, Controlled or Directed, Directly or Indirectly</i>	<i>Percentage of Outstanding Shares</i>

- (1) Of these shares, 14,000,000 were acquired at a price of \$0.18 per share pursuant to the Company's private placement that closed November 21, 2012 (the "Closing"). Pursuant to an Ancillary Rights Agreement, Hecla is restricted from selling any of its shares in the Company for a period of 12 months following Closing, except as may otherwise be approved by the Company or in relation to any takeover bid made by a third party not acting in concert with Hecla. For so long as Hecla holds more than 10% of the Company's outstanding shares (on an undiluted basis), Hecla also has the right to participate in future equity offerings of the Company, including in respect of common shares of the

Company issued on exercise of outstanding common share purchase warrants, in order to maintain Hecla's pro-rata equity interest in the Company. Pursuant to the Ancillary Rights Agreement, Hecla is also required to vote its shares in favor of management's proposals on matters of routine business (being the election of directors, the appointment of auditors, and the approval of the Company's stock option plan) at any meeting of shareholders of the Company held within 12 months after the Closing.

The Directors of the Company are elected at each annual general meeting and hold office until the next annual general meeting or until their successors are appointed. In the absence of instructions to the contrary, the enclosed proxy will be voted for the nominees herein listed.

 - (i) was the subject, while the proposed director was acting in the capacity as director, CEO or CFO of such company, of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation that was in effect for a period of more than 30 consecutive days other than:
 - A) Mike Stark, who was a director of TransAmerican Energy Inc. ("**TAE**") while that company was subject to:

- 1) a cease trade order issued on August 20, 2008 by the British Columbia Securities Commission (the "**TAE BC CTO**") against TAE for failure to file annual oil and gas disclosure prescribed by National Instrument 51-101, *Standards of Disclosure for Oil and Gas Activities*, for the years ended April 30, 2006 and 2007. Securities Commissions issued cease trade orders against Santa Fe, which are still in effect. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The main objective of the Company’s executive compensation program is to attract, retain, and engage high-quality, high-performance executives who have the experience and ability to successfully execute the Company’s strategy and deliver value to our shareholders.

The objectives of the Company’s executive compensation program are as follows:

- (i) compensate executives competitively for the leadership, skills, knowledge, and experience necessary to perform their duties;
- (ii) align the actions and economic interests of executives with the interests of shareholders; and
- (iii) encourage retention of executives.

The Board of Directors of the Company (the “Board”) has established a Compensation Committee, which is comprised of Mike Stark, Mark Billings and W. Pierce Carson, all of whom are independent members of the Board.

The purpose of the Compensation Committee is to make recommendations to the Board regarding (a) executive compensation (including philosophy and programs); (b) management development and succession; (c) compensation of the members of the Board; and (d) broadly applicable compensation and

benefit programs. However, it is the Board as a whole which is responsible for determining the final compensation (including long-term incentive in the form of stock options) to be granted to the Company's executive officers and directors to ensure that such arrangements reflect the responsibilities and risks associated with each position. Management directors are required to abstain from voting in respect of their own compensation, thereby providing the independent members of the Board with considerable input as to executive compensation.

Process for Determining Executive Compensation

As a junior natural resource issuer, the Company's executive compensation program focuses primarily on rewarding the efforts of its executives in increasing shareholder value and meeting the goals and objectives established by the Board for the Company as a whole and each executive on an individual basis. The Compensation Committee is responsible for reviewing executive compensation with respect to the achievement of these goals on an annual basis and making recommendations to the Board with input from the Company's Chief Executive Officer. In doing so, the Compensation Committee recognizes the importance of ensuring that overall compensation for Named Executive Officers is not only internally equitable, but also competitive within the market segment for junior natural resource issuers. Specifically, the Compensation Committee's review and evaluation includes measurement of, among others, the following areas: (a) the achievement of corporate objectives, such as financings, exploration programs and successes, acquisitions, joint ventures and other business development, in particular having regard to the budgetary constraints and other challenges facing the Company; (b) the Company's financial condition; and (c) the Company's share price, market capitalization and shareholder returns. The Compensation Committee also takes into consideration the value of similar incentive awards to executive officers at comparable companies and the awards given to executive officers in the past.

The goal of the Compensation Committee is to meet at least once a year to assess, evaluate, monitor and make recommendations to the Board regarding appropriate executive compensation policies as well as succession planning, and will meet more frequently if required.

The Compensation Committee has recommended to the Board that the executive compensation program should be comprised of the following elements:

- Management Fee – to compensate executives for the leadership, skills, knowledge and experience required to perform their duties; and
- Long-term Incentive Plan – to retain talented executives, reward them for their anticipated contribution to the long-term successful performance of the Company and align them with the interests of shareholders. The plan currently consists only of incentive stock options and performance milestone payments which are fully described under “Termination and Change of Control Benefits” on page 12 herein.

Compensation Policies and Risk Management

The Board has not proceeded to an evaluation of the implications of the risks associated with the Company's compensation policies and practices.

The Company has not retained a compensation consultant during or subsequent to the most recently completed financial year.

The Company does not use a specific “benchmark group” to determine executive compensation levels.

Total compensation for executive officers includes consulting fees, long-term incentive stock options and performance milestone payments.

Hedging of Economic Risks in the Company's Securities

The Company has not adopted a policy forbidding directors and officers from purchasing financial instruments that are designed to hedge or offset a decrease in market value of the Company's securities granted as compensation or held, directly or indirectly, by directors or officers. The Company is not, however, aware of any directors or officers having entered into this type of transaction.

Option-based awards

The Company's stock option plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX-V, and closely align the interests of the executive officers with the interests of shareholders. The Directors of the Company are also eligible to receive stock option grants under the Company's stock option plan, and the Company applies the same process for determining such awards to Directors as with NEOs.

A summary of the significant terms of the Company's stock option plan are under the heading "Particulars of Other Matters to be Acted Upon" on page 26.

Summary Compensation Table

The following table (presented in accordance with National Instrument Form 51-102F6 *Statement of Executive Compensation* which came into force on October 31, 2011 (the "**Form 51-102F6**")) sets forth all annual and long term compensation for services in all capacities to the Company for the three most recently completed financial years of the Company ending on December 31, 2012 (to the extent required by Form 51-102F6) in respect of each of the individuals comprised of each Chief Executive Officer and the Chief Financial Officer who acted in such capacity for all or any portion of the most recently completed financial year, and each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, (other than the Chief Executive Officer and the Chief Financial Officer), as at December 31, 2012 whose total compensation was, individually, more than \$150,000 for the financial year and any individual who would have satisfied these criteria but for the fact that individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of the most recently completed financial year (collectively the "**Named Executive Officers**" or "**NEOs**").

Pension Plan Benefits

The Company does not have a pension plan that provides for payments or benefits to the NEOs at, following or in connection with retirement.

Termination and Change of Control Benefits

On October 30, 2012, the Company entered into consulting agreements (“Consulting Agreements”) with Harrison Kramer Corporation (for the services of Robert Kramer, the CEO and chairman) and Greg Hahn Consulting LLC (for the services of Greg Hahn, the President, COO and vice-chairman) (together, the “Consultants”). The agreements each have the following material terms: effective date October 1, 2012; fees for services \$15,000 per month; performance milestone payments (“PMP”) representing one-half of one percent of the proceeds of disposition (“Disposition”) of the Company or its assets in excess of \$25 million; termination (“Termination”) by the Company at any time upon payment of 24 months’ fees plus any PMP which would have been payable had the Consultant not been terminated for a period of 12 months after the date of such termination (the “Termination Fee”); termination by the Consultant at any time by providing three months’ notice; if either Kramer or Hahn die during the term of the Agreement, the Company will pay the surviving spouse or the estate of the deceased, as the case may be, an amount equal to the Termination Fee; and in the event of a change of control (“Change of Control”), the Company will pay the Termination Fee plus 12 months’ fees.

Under the Consulting Agreements, a Disposition means (i) a sale of the majority of the issued and outstanding voting securities of the Company; or (ii) a sale of all or substantially all of the assets of the Company; or (iii) a merger or other business combination which results in a Change of Control.

Change of Control means the occurrence of any of the following events:

- (i) if any individual, partnership, company, corporation, society or other legal entity, alone or together with any other person with whom it is acting jointly or in concert, becomes the beneficial owner of, or acquires the power to exercise control or direction over, directly or indirectly, the majority of the issued and outstanding voting securities of the Company, and such persons did not at the date hereof own or otherwise exercise control over fifty percent (50%) or more of the votes exercisable by holders of voting stock, nor have the rights of conversion which, if exercised, would permit such persons to own or control such a percentage of votes;
- (ii) the Company sells or otherwise transfers all or substantially all of its assets; or
- (iii) during any period of two consecutive years, individuals who at the beginning of any such period constitute the directors of the Company cease for any reason to constitute at least a majority thereof; and
- (iv) references to the Company shall include successors to the Company as a result of any amalgamation, merger, consolidation or reorganization of the Company into or with another body corporate or other legal person.

The Consulting Agreements may be terminated as follows, which is the definition of Termination herein:

- (i) by the Company immediately by providing to the Consultant written notice of immediate termination if the Consultant fails to remedy any deficiency or default in providing the services under the Consulting Agreements after having been given notice of the deficiency or default and a reasonable opportunity to remedy the deficiency or default; or
- (ii) by the Company at any time, without further obligation, by providing the Consultant with payments equal to (a) the value of 24 months' fees, and (b) any PMP which would have been payable had the Consultant not been terminated for a period of 12 months after the date of such termination; or
- (iii) by the Consultant, at any time, by providing the Company with three months' written notice.

During the last completed financial year, the sum of \$135,000 was paid to a company controlled by Greg Hahn, and \$135,000 was paid to a company controlled by Robert Kramer for performing management functions on behalf of the Company.

At current consulting fee levels, if a change of control occurred followed by a trigger event, and all Named Executive Officers exercised their rights under the Consulting Agreements, they would be entitled to Change of Control payments aggregating \$1,080,000, or \$540,000 per Named Executive Officer.

Other than pursuant to the Consulting Agreements, there is no compensatory plan, contract or arrangement where a Named Executive Officer is entitled to receive any payment from the Company or its subsidiaries in the event of (a) the resignation, retirement or any other termination of the officer's consulting services to the Company or its subsidiaries; (b) a change of control of the Company or any of its subsidiaries; or (c) a change in the officer's responsibilities following a Change of Control.

The following table sets out estimates of the incremental amounts payable to each Named Executive Officer upon identified termination events, assuming each such event took place on the last business day of fiscal year 2012. (1) Calculation based on 10% of issued and outstanding share capital as at year ended December 31, 2012 (being 95,806,861 common shares) less 5,525,000 options outstanding as at the fiscal year end.

The Company has in place a 10% Rolling Stock Option Plan (the “Plan”), which was ratified and approved by shareholders at the Annual General Meeting held September 11, 2012, and approved by the TSX Venture Exchange on September 24, 2012. Under the Plan, options are exercisable over periods of up to 10 years as determined by the Board of Directors and are required to have an exercise price no less than the closing market price of the Company's shares on the trading day immediately preceding the day on which the Company announces the grant of options (or, if the grant is not announced, the closing market price prevailing on the day that the option is granted), less the applicable discount, if any, permitted by the policies of the Exchange and approved by the Board of Directors. Pursuant to the Plan, the Board of Directors may from time to time authorize the issue of options to directors, officers, employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries. The maximum number of common shares which may be issued pursuant to options previously granted and those granted under the Plan will be 10% of the issued and outstanding common shares at the time of the grant. In addition, the number of shares which may be reserved for issuance to any one individual may not exceed (without disinterested shareholder approval) 5% of the issued shares on a yearly basis or 2% if the optionee is engaged in investor relations activities or is a consultant. The Plan contains no vesting requirements, but permits the Board of Directors to specify a vesting schedule in its discretion.

The Plan also contains the following provisions:

1. If a change of control (as defined in the Plan) occurs, or if the Company is subject to a take-over bid, all shares subject to stock options shall immediately become vested and may thereupon be exercised in whole or in part by the option holder. The Board may also accelerate the expiry date of outstanding stock options in connection with a take-over bid.
2. The Plan contains adjustment provisions with respect to outstanding options in cases of share reorganizations, special distributions and other corporation reorganizations including an arrangement or other transaction under which the business or assets of the Company become, collectively, the business and assets of two or more companies with the same shareholder group upon the distribution to the Company's shareholders, or the exchange with the Company's shareholders, of securities of the Company or securities of another company.

3. On the death or disability of an option holder, all vested options will expire at the earlier of 365 days after the date of death or disability and the expiry date of such options. Where an optionee is terminated for cause, any outstanding options (whether vested or unvested) are cancelled as of the date of termination. If an optionee retires or voluntarily resigns or is otherwise terminated by the Company other than for cause, then all vested options held by such optionee will expire at the earlier of (i) the expiry date of such options and (ii) the date which is 90 days (30 days if the optionee was engaged in investor relations activities) after the optionee ceases its office, employment or engagement with the Company.
4. If pursuant to the operation of an adjustment provision of the Plan, an optionee receives options (the "New Options") to purchase securities of another company (the "New Company") in respect of the optionee's options under the Plan (the "Subject Options"), the New Options shall expire on the earlier of: (i) the expiry date of the Subject Options; (ii) if the optionee does not become an eligible person in respect of the New Company, the date that the Subject Options expire pursuant to the applicable provisions of the Plan relating to expiration of options in cases of death, disability or termination of employment discussed in the preceding paragraph above (the "Termination Provisions"); (iii) if the optionee becomes an eligible person in respect of the New Company, the date that the New Options expire pursuant to the terms of the New Company's stock option plan that correspond to the Termination Provisions; and (iv) the date that is two (2) years after the optionee ceases to be an eligible person in respect of the New Company or such shorter period as determined by the Board of Directors.
5. In accordance with good corporate governance practices and as recommended by National Policy 51-201 *Disclosure Standards*, the Company imposes black-out periods restricting the trading of its securities by directors, officers, employees and consultants during periods surrounding the release of annual and interim financial statements and at other times when deemed necessary by management and the board of directors. In order to ensure that holders of outstanding stock options are not prejudiced by the imposition of such black-out periods, any outstanding stock options with an expiry date occurring during a management imposed black-out period or within five days thereafter will be automatically extended to a date that is 10 trading days following the end of the black-out period.

Refer to "Particulars of Other Matters to be Acted Upon – Approval and Ratification of 10% Rolling Stock Option Plan" herein.

MANAGEMENT CONTRACTS

No management functions of the Company or subsidiaries are performed to any substantial degree by a person other than the Directors or executive officers of the Company.

CORPORATE GOVERNANCE DISCLOSURE

Corporate governance relates to the activities of the Board of Directors, the members of which are elected by and are accountable to the Shareholders, and takes into account the role of the individual members of management who are appointed by the Board of Directors and who are charged with the day-to-day management of the Company. The Board of Directors is committed to sound corporate governance practices, which are both in the interest of shareholders and contribute to effective and efficient decision making.

National Policy 58-201 establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 mandates disclosure of corporate governance practices which disclosure is set out below.

Independence of Members of Board

The Company's Board consists of six (6) directors, four (4) of whom are considered independent based upon the tests for independence set forth in NI 52-110. Mike Stark, Mark Billings, W. Pierce Carson and Dean McDonald (the "Independent Directors") are considered independent. Greg Hahn, as the Company's current President, COO and Vice-Chair, and Robert Kramer, as the Company's current CEO and Chairman, are not considered independent.

Management Supervision by Board

The size of the Company is such that all the Company's operations are conducted by a small management team. The Board considers that management is effectively supervised by the Independent Directors on an informal basis as the Independent Directors are involved in reviewing and supervising the operations of the Company and have full access to management.

Participation of Directors in Other Reporting Issuers

The participation of the directors in other reporting issuers is described in the table provided under "Election of Directors" in this Information Circular.

Orientation and Continuing Education

The Company does not have formal orientation and training programs and does not consider these programs necessary at this stage of the Company's development. Board members have full access to the Company's records.

Ethical Business Conduct

The Board views good corporate governance as an integral component to the success of the Company and to meet responsibilities to shareholders. The Company's reputation for integrity is an important asset. The Company has always set high standards of personal and business integrity for its employees, and intends to continue to conduct its business in accordance with those high standards. The Company obeys the law wherever it operates. It is expected that the Company's business conduct and the personal actions of its employees reflect the spirit and intent of the laws under which the Company operates and its employees live. The Company's employees are encouraged to act so that others will view the Company and its employees as having the very highest standards of integrity. Ultimately there is no way to assure proper behaviour, except through the actions of each employee. No set rules of conduct will apply to every possible situation. Common sense and judgment supported by a deeply ingrained tradition of integrity provides the Company's foundation.

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances. In addition, as some of the directors of the Company also serve as directors and officers of other companies engaged in similar business activities, directors must comply with the conflict of interest provisions of the *Business Corporations Act* (British Columbia), as well as the

relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors which evoke such a conflict.

Nomination of Directors

The Board as a whole has responsibility for identifying potential Board candidates. See also "Assessments" below.

Compensation of Directors and the CEO

The Compensation Committee, being Mike Stark, Mark Billings, W. Pierce Carson, have the responsibility for recommending to the Board director and senior management compensation. All three Compensation Committee members have direct experience that is relevant to his responsibilities in executive compensation acquired from working as senior executives and/or directors of other publicly traded companies in the junior natural resource sector.

The purpose of the Compensation Committee is to, inter alia, make recommendations to the Board regarding executive compensation (including long-term incentive in the form of stock options) to be paid to the Company's executive officers having regard to the responsibilities and risks associated with each position.

The quantity and quality of Board compensation is reviewed on an annual basis. At present, the Board is satisfied that the current compensation arrangements adequately reflect the responsibilities and risks involved in being an effective director of the Company. The basic philosophy underlying executive compensation is that the interests of the Company's executive officers should be aligned as closely as possible with the interests of the Company and its shareholders as a whole. The compensation that the Company pays to its executive officers consists of cash, stock options and performance milestone payments. The Company does not have a pension plan or a benefits plan for its executive officers. The Company places a greater emphasis on equity incentive and performance milestone compensation than it does on cash compensation. This is consistent with the Company's basic philosophy that the Company's best interests are served by having its executives benefit in the same way as shareholders. It also reflects the Company's stage of development and its priority allocation of its limited financial resources to the development of the Company's business. Further information regarding director compensation appears under "Executive Compensation" on page 7.

Board Committees

The Company has an Audit Committee and a Compensation Committee at this time. The Board has determined that additional committees are not necessary at this stage of the Company's development.

Assessments

The Board does not consider that formal assessments would be useful at this stage of the Company's development.

The Board intends annually, and at such other times as it deems appropriate, to review the performance and effectiveness of the Board, the directors and its committees to determine whether changes in size, personnel or responsibilities are warranted. To assist in its review, the Board intends to conduct informal surveys of its directors, and receive reports from each committee respecting its own effectiveness. As

part of the assessments, the Board or the individual committee may review their respective mandate or charter and conduct reviews of applicable corporate policies.

Expectations of Management

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity.

AUDIT COMMITTEE

The Audit Committee's Charter

Mandate

The primary function of the audit committee (the "**Committee**") is to assist the Board of Directors in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company's systems of internal controls regarding finance and accounting and the Company's auditing, accounting and financial reporting processes. Consistent with this function, the Committee will encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Committee's primary duties and responsibilities are to:

- Serve as an independent and objective party to monitor the Company's financial reporting and internal control system and review the Company's financial statements.
- Review and appraise the performance of the Company's external auditors.
- Provide an open avenue of communication among the Company's auditors, financial and senior management and the Board of Directors.

Composition

The Committee shall be comprised of three directors as determined by the Board of Directors, the majority of whom shall be free from any relationship that, in the opinion of the Board of Directors, would interfere with the exercise of his or her independent judgment as a member of the Committee.

At least one member of the Committee shall have accounting or related financial management expertise. All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices. For the purposes of the Company's Charter, the definition of "financially literate" is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Company's financial statements.

The members of the Committee shall be elected by the Board of Directors at its first meeting following the annual shareholders' meeting. Unless a Chair is elected by the full Board of Directors, the members of the Committee may designate a Chair by a majority vote of the full Committee membership.

Meetings

The Committee shall meet at least quarterly, or more frequently as circumstances dictate. As part of its job to foster open communication, the Committee will meet at least annually with the Chief Financial Officer and the external auditors in separate sessions.

Responsibilities and Duties

To fulfill its responsibilities and duties, the Committee shall:

Documents/Reports Review

- (a) Review and update this Charter annually.
- (b) Review the Company's financial statements, MD&A and any annual and interim earnings, press releases before the Company publicly discloses this information and any reports or other financial information (including quarterly financial statements), which are submitted to any governmental body, or to the public, including any certification, report, opinion, or review rendered by the external auditors.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

A. Approval and Ratification of Stock Option Plan

The Board of Directors of the Company implemented a stock option plan (the "Plan") effective July 9, 2010, which was last approved by the Exchange on September 24, 2012 and the shareholders of the Company on September 11, 2012. The number of common shares which may be issued pursuant to options previously granted and those granted under the Plan is a maximum of 10% of the issued and outstanding common shares at the time of the grant. In addition, the number of shares which may be reserved for issuance to any one individual may not exceed 5% of the issued shares on a yearly basis or 2% if the optionee is engaged in investor relations activities nor is a consultant. Under Exchange policy, all such rolling stock option plans which set the number of common shares issuable under the plan at a maximum of 10% of the issued and outstanding common shares must be approved and ratified by shareholders on an annual basis.

Therefore, at the Meeting, shareholders will be asked to pass a resolution in the following form:

"UPON MOTION IT WAS RESOLVED that the Company approve and ratify, subject to regulatory approval, the Plan pursuant to which the directors may, from time to time, authorize the issuance of options to directors, officers, employees and consultants of the Company and its subsidiaries to a maximum of 10% of the issued and outstanding common shares at the time of the grant, with a maximum of 5% of the Company's issued and outstanding shares being reserved to any one person on a yearly basis."

The purpose of the Plan is to allow the Company to grant options to directors, officers, employees and consultants, as additional compensation, and as an opportunity to participate in the success of the Company. The granting of such options is intended to align the interests of such persons with that of the shareholders. Options will be exercisable over periods of up to ten years as determined by the Board of Directors of the Company and are required to have an exercise price no less than the closing market price

of the Company's shares prevailing on the day that the option is granted less a discount of up to 25%, the amount of the discount varying with market price in accordance with the policies of the Exchange. Pursuant to the Plan, the Board of Directors may from time to time authorize the issue of options to directors, officers, employees and consultants of the Company and its subsidiaries or employees of companies providing management or consulting services to the Company or its subsidiaries. The Plan contains no vesting requirements, but permits the Board of Directors to specify a vesting schedule in its discretion. The Plan provides that if a change of control, as defined therein, occurs, all shares subject to option shall immediately become vested and may thereupon be exercised in whole or in part by the option holder.

The full text of the Plan is available for viewing up to the date of the Meeting at the Company's offices at Suite 303, 595 Howe Street, Vancouver, British Columbia, and will also be available for review at the Meeting.

Unless such authority is withheld, the persons named in the enclosed Proxy intend to vote for the approval and ratification of the Plan.

B. Amendment to Articles to Permit Utilization of New "Notice-and-Access" Rules under Applicable Canadian Securities Laws

The Company was continued into British Columbia on October 6, 2009 under the *Business Corporations Act* (British Columbia) (the "**Act**"). The Company adopted its existing Articles on October 6, 2009.

Since the adoption of the existing Articles, the Canadian Securities Administrators (the "**CSA**") adopted amendments to applicable securities law instruments to provide reporting issuers with a mechanism referred to as "notice-and-access" for sending proxy materials to shareholders, as described in more detail below. Accordingly, the Company is seeking shareholder approval to amend the Company's Articles as set out in Schedule "A" to this Information Circular (the "**Amendment**"), the effect of which is to alter the existing Articles to ensure the Company may make use of notice-and-access for sending proxy materials to shareholders, if and when the Company desires to do so. The new provision being added to the Articles pursuant to the Amendment is Article 24.1(5). The Amendment has been conditionally accepted by the TSX-V. In all other respects, the existing Articles of the Company will remain unaltered and in full force and effect.

Background and Rationale

Amendments to applicable Canadian securities law instruments adopting notice-and-access came into force on February 11, 2013.

Notice-and-access is a method for companies and other persons soliciting proxies to provide certain proxy-related materials to shareholders electronically. The rationale for notice-and-access is the reduction of costs associated with shareholder meetings (for example, paper and mailing costs) and the promotion of environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials.

Under notice-and-access, companies and other persons soliciting proxies can send proxy-related materials to registered and/or beneficial shareholders by, among other requirements:

- posting the relevant management information circular and other proxy-related materials on a website that is not SEDAR;
- sending (by prepaid mail, courier or the equivalent, or any other agreed-upon method) a notice package containing the following information:
 - the date, time and location of the meeting for which the proxy-related materials are being sent;
 - the relevant voting document (a form of proxy or voting instruction form);
 - a description of each matter identified in the form of proxy or voting instruction form to be voted on (unless that information is already included in the relevant voting document);
 - the website address for SEDAR and the non-SEDAR website where the proxy-materials are posted, and a reminder to review the information circular before voting;
 - an explanation of how to obtain a paper copy of the information circular; and
 - a plain-language explanation of notice-and-access; and
- providing a toll-free telephone number for the shareholder to request a paper copy of the information circular (and if applicable, other proxy-related materials) at no charge.

Under notice-and-access the Company generally will send shareholders a paper copy of the notice of meeting and the form of proxy in connection with a meeting, but will not send a paper copy of the management information circular. Instead, the Company will send the information circular by (i) posting the information circular on a website that is not SEDAR, and (ii) notifying shareholders of its availability and how to access the electronic document. All proxy-related materials will continue to be filed on SEDAR as required under securities legislation.

Shareholders will still be entitled to receive paper copies of the information circular at no charge, if requested. As stated above, shareholders will be notified that they can call the toll-free number provided by the Company to request that a paper copy of the information circular be sent to him or her free of charge. Upon receiving the request, the Company must send the information circular by first class mail, courier or the equivalent, within specified timeframes.

The Company may still choose to continue to deliver proxy-related materials by mail in connection with shareholder meetings. However, management believes it is in the best interests of the Company to adopt the Amendment to ensure notice-and-access may be utilized by the Company, if desired.

The Amendment Resolution

Section 9.4(2) of the Company's Articles provides that, if the Act does not specify the type of resolution and the Articles do not specify another type of resolution, the Company may by ordinary resolution alter the Articles. Accordingly, in order to be effective, the Amendment must be approved by an ordinary resolution of shareholders entitled to vote and voting on the resolution at the Meeting. At the Meeting, shareholders will be asked to approve an ordinary resolution approving the Amendment in the following form:

" UPON MOTION IT WAS RESOLVED that:

1. the amendment to the Company's Articles, as set forth in Schedule "A" to the Company's Information Circular dated October 15, 2013 be and is hereby authorized and approved; and
2. any one director or officer of the Company is hereby authorized and directed to carry out any act for and on behalf of the Company and to execute and deliver such deeds, documents and other instruments in writing as he in his discretion may consider necessary for the purpose of giving effect to these resolutions and to do all such other acts and things as such director or officer may determine to be necessary or advisable to give effect to the intent of these resolutions."

Management of the Company believes the adoption of the Amendment as described above is in the best interests of the Company and recommends that shareholders vote in favour of the ordinary resolution approving the Amendment.

Unless such authority is withheld, the persons named in the enclosed proxy intend to vote for the approval of the Amendment.

C. Ratification of Advance Notice Policy Governing the Process for Nomination of Directors of the Company

On June 13, 2013, the Board adopted an advance notice policy (the "**Advance Notice Policy**") for the purpose of providing shareholders, directors and management of the Company with a clear framework for nominating directors of the Company in connection with any annual or special meeting of shareholders.

The purpose of the Advance Notice Policy is to (i) ensure that all shareholders receive adequate notice of director nominations and sufficient time and information with respect to all nominees to make appropriate deliberations and register an informed vote; and (ii) facilitate an orderly and efficient process for annual or, where the need arises, special meetings of shareholders of the Company. The Advance Notice Policy fixes the deadlines by which shareholders of the Company must submit director nominations to the Company prior to any annual or special meeting of shareholders and sets forth the information that a shareholder must include in a written notice to the Company for any director nominee to be eligible for election at such annual or special meeting of shareholders.

For clarification, the director nomination rights held by Hecla in connection with its investment in the Company will continue to be governed exclusively by the terms of the Ancillary Rights Agreement (refer to the Company's News Release dated November 19, 2012).

A copy of the Company's Advance Notice Policy is attached to this Information Circular as Schedule "B". In order to remain effective following the Meeting, the Advance Notice Policy must be ratified, confirmed and approved by the shareholders of the Company at the Meeting.

The following is a brief summary of certain provisions of the Advance Notice Policy and is qualified in its entirety by the full text of the Advance Notice Policy.

1. Other than pursuant to (i) a proposal made in accordance with the Act, or (ii) a requisition of the shareholders made in accordance with the provisions of the Act, shareholders of the Company must give advance written notice to the Company of any nominees for election to the board of directors.

2. The Advance Notice Policy fixes a deadline by which shareholders of the Company must submit, in writing, nominations for directors to the Corporate Secretary of the Company prior to any annual or special meeting of shareholders, and sets forth the specific information that such shareholders must include with their nominations in order to be effective. Only persons who are nominated in accordance with the Advance Notice Policy are eligible for election as directors of the Company.
3. For an annual meeting of shareholders, notice to the Company must be not less than 30 days and not more than 65 days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is to be held on a date less than 50 days after the date on which the first public announcement of the date of such annual meeting was made, notice may be given not later than the close of business on the 10th day following such public announcement.
4. For a special meeting of shareholders (that is not also an annual meeting), notice to the Company must be given not later than the close of business on the 15th day following the day on which the first public announcement of the date of such special meeting was made.
5. The time periods for giving notice set forth above shall in all cases be determined based on the original date of the applicable annual meeting and/or special meeting of shareholders, and in no event shall any adjournment or postponement of a meeting of shareholders, or the reconvening of any adjourned or postponed meeting of shareholders, or the announcement thereof, commence a new time period for the giving of notice as described above.

For the purposes of the Advance Notice Policy, "public announcement" means disclosure in a press release reported by a national news service in Canada, or in a document publicly filed by the Company under its profile on SEDAR at www.sedar.com.

The Board may, in its sole discretion, waive any provision or requirement of the Advance Notice Policy.

If approved at the Meeting, the Advance Notice Policy will continue to be effective in accordance with its terms. The Advance Notice Policy will be subject to annual review by the Board, and will be updated from time to time to reflect changes required by securities regulatory agencies or stock exchanges, or to conform to industry standards, as determined by the Board.

If not approved at the Meeting, the Advance Notice Policy will terminate and be of no further force and effect from and after the termination of the Meeting.

Accordingly, at the Meeting, shareholders will be asked to approve an ordinary resolution approving the Advance Notice Policy in the following form:

"UPON MOTION IT WAS RESOLVED that:

1. the Company's Advance Notice Policy (the "Advance Notice Policy") as set forth in the Company's Information Circular dated October 15, 2013 be and is hereby ratified, confirmed, authorized and approved;
2. the board of directors of the Company be and is hereby authorized, in its sole discretion, to administer the Advance Notice Policy and amend or modify the same from time to time in accordance with the provisions thereof, without further shareholder approval, to reflect the changes required by securities regulatory

agencies or stock exchanges, to conform to industry standards, or as otherwise determined to be in the best interests of the Company and its shareholders; and

3. any one director or officer of the Company is hereby authorized and directed to carry out any act for and on behalf of the Company and to execute and deliver such deeds, documents and other instruments in writing as he in his discretion may consider necessary for the purpose of giving effect to these resolutions and to do all such other acts and things as such director or officer may determine to be necessary or advisable to give effect to the intent of these resolutions."

Unless such authority is withheld, the persons named in the enclosed Proxy intend to vote for the approval of the Advance Notice Policy.

The Board of Directors of the Company has reviewed the proposed resolution and concluded that adopting the Advance Notice Policy is fair and reasonable to the shareholders and in the best interests of the Company and recommends that shareholders vote in favour of the resolution to approve and ratify the Advance Notice Policy.

 - (ii) in either case, complies with the notice procedures set forth below in this Policy.
2. In addition to any other requirements under applicable laws, for a nomination to be validly made by a Nominating Shareholder in accordance with this Policy, the Nominating Shareholder must have given notice thereof that is both timely (in accordance with paragraph 3 below) and in proper written form (in accordance with paragraph 4 below) to the Corporate Secretary of the Corporation at the principal executive offices of the Corporation.
3. To be timely, a Nominating Shareholder's notice to the Corporate Secretary of the Corporation must be made:
 - a. in the case of an annual meeting of shareholders, not less than thirty (30) days nor more than sixty-five (65) days prior to the date of the annual meeting of shareholders; provided, however, that in the event that the annual meeting of shareholders is to be held on a date that is less than fifty (50) days after the date (the "**Notice Date**") on which the first public announcement (as defined below) of the date of the annual meeting was made, notice by the Nominating Shareholder may be given not later than the close of business on the tenth (10th) day following the Notice Date; and

The time periods for the giving of a Nominating Shareholder's notice set forth above shall in all cases be determined based on the original date of the applicable annual meeting and/or special meeting of shareholders, and in no event shall any adjournment or postponement of a meeting of shareholders, or the reconvening of any adjourned or postponed meeting of shareholders, or the announcement thereof, commence a new time period for the giving of a Nominating Shareholder's notice as described above.

4. To be in proper written form, a Nominating Shareholder's notice must be addressed to the Corporate Secretary of the Corporation, and must set forth:
 - a. as to each person whom the Nominating Shareholder proposes to nominate for election as a director: (i) the name, age, business address and residential address of the person; (ii) the present principal occupation or employment of the person and the principal occupation or employment within the five years preceding the notice; (iii) the citizenship of such person; (iv) the class or series and number of shares in the capital of the Corporation which are, directly or indirectly, controlled or directed or which are owned, beneficially or of record, by the person as of the record date for the meeting of shareholders (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice; and (v) a statement as to whether such person would be "independent" of the Corporation (within the meaning of sections 1.4 and 1.5 of National Instrument 52-110, *Audit Committees*, of the Canadian Securities Administrators, as such provisions may be amended from time to time) if elected as a director at such meeting and the reasons and basis for such determination;

5. No person shall be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of this Policy; provided, however, that nothing in this Policy shall be deemed to preclude discussion by a shareholder (as distinct from the nomination of directors) at a meeting of shareholders of any matter in respect of which such shareholder would have been entitled to submit a proposal pursuant to the provisions of the Act or at the discretion of the Chairman. The Chairman of the meeting shall have the power and duty to determine whether a nomination was made in accordance with the procedures set forth in the provisions of this Policy and, if the

7. Notwithstanding any other provision of this Policy, notice given to the Corporate Secretary of the Corporation pursuant to this Policy may only be given by personal delivery, facsimile transmission or by email (at such email address as may be stipulated from time to time by the Corporate Secretary of the Corporation for purposes of this notice), and shall be deemed to have been given and made only at the time it is served by personal delivery to the Corporate Secretary at the address of the principal executive offices of the Corporation, sent by facsimile transmission (provided that receipt of confirmation of such transmission has been received) or received by email (at the address as aforesaid); provided that if such delivery or electronic communication is made on a day which is not a business day or later than 5:00 p.m. (Pacific Time) on a business day, then such delivery or electronic communication shall be deemed to have been made on the next business day.
8. Notwithstanding the foregoing, the Board may, in its sole discretion, waive any provision or requirement of this Policy.
