About Affinity

Affinity is focused on the acquisition, exploration and development of strategic metal deposits within North America.

In addition to the recent West Timmins Gold acquisition, Affinity is advancing the Regal Project located near Revelstoke, British Columbia, Canada. The Regal property is located in the northern end of the prolific Kootenay Arch and hosts two major geophysical anomalies as well as three past producing mines. Recent drill results included a new silver discovery with an 11.10 meter interval of 143.29 g/t silver which included a 0.55 meter interval of 2,612.0 g/t silver.
