# 1. Nature and continuance of operations

Affinity Metals Corp. (the "Company") was incorporated on July 10, 1978, under the laws of the province of British Columbia, Canada, and its principal activity is the acquisition and exploration of mineral properties in Canada. The Company's shares are listed on the TSX Venture Exchange ("TSX-V") under the symbol "AFF.V".

The head office, principal address and records office and registered office of the Company are located at 600-890 West Pender Street, Vancouver, British Columbia, Canada, V6C 1J9.

These financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the ordinary course of operations. Different bases of measurement may be appropriate if the Company is not expected to continue operations for the foreseeable future. As at September 30, 2020, the Company had not advanced its exploration and evaluation assets to commercial production and is not able to finance day to day activities through operations. The Company's continuation as a going concern is dependent upon the successful results from its exploration activities and its ability to attain profitable operations and generate funds therefrom and/or raise equity capital or borrowings sufficient to meet current and future obligations. These conditions raise significant doubt about the Company's ability to continue as a going concern. Management intends to finance operating costs over the next twelve months with cash on hand, loans from directors and companies controlled by directors and or private placement of common shares.

Since March 2020, several measures have been implemented in Canada and the rest of the world in response to the increased impact from the novel coronavirus (COVID-19). The Company continues to operate its business at this time. While the impact of COVID-19 is expected to be temporary, the current circumstances are dynamic and the impacts of COVID-19 on business operations cannot be reasonably estimated at this time. The Company anticipates this could have an adverse impact on its business, results of operations, financial position and cash flows in fiscal 2021.

## 2. Significant accounting policies and basis of presentation

The financial statements were authorized for issue on November 30, 2020 by the directors of the Company.

# Statement of compliance

The condensed interim financial statements of the Company have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC"). These condensed interim financial statements have been prepared in accordance with IAS 34, Interim Financial Reporting ("IAS 34").

These interim unaudited condensed financial statements do not include all of the information required for full annual financial statements and is intended to provide users with an update in relation to events and transactions that are significant to an understanding of the changes in financial position and performance of the Company since the end of the last annual reporting period. It is therefore recommended that this unaudited condensed interim financial report be read in conjunction with the annual financial statements of the Company for the year ended June 30, 2020. The effects of the adoption of new and amended IFRS pronouncements have been disclosed in Note 3 of these condensed interim financial statements.

The accounting policies and methods of application applied by the Company in these condensed interim financial statements are the same as those applied in the Company's most recent annual financial statements for the year ended June 30, 2020, except for those policies which have changed as a result of the adoption of new and amended IFRS pronouncements effective July 1, 2019.

# 2. Significant accounting policies and basis of presentation (continued)

#### Basis of presentation

The financial statements of the Company have been prepared on an accrual basis and are based on historical costs, modified where applicable. The financial statements are presented in Canadian dollars unless otherwise noted.

# 3. Adoption of New and Amended IFRS Pronouncements

On July 1, 2019, the Company adopted IFRS 16. This standard introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognize a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. This standard substantially carries forward the lessor accounting requirements of IAS 17, while requiring enhanced disclosures to be provided by lessors. Other areas of the lease accounting model have been impacted, including the definition of a lease. The adoption of this new standard did not have a material impact on the financial statements of the Company as the Company has no leases.

Other accounting standards or amendments to existing accounting standards that have been issued but have future effective dates are either not applicable or are not expected to have a significant impact on the Company's financial statements.

#### 4. Investment in Marketable securities

As at September 30, 2020, the Company holds 800,000 (June 30, 2020 – 800,000) common shares of American Creek Resources Ltd. ("American Creek Shares") carried at fair value of \$232,000 (June 30, 2020 - \$248,000). The total unrealized gain on marketable securities for the period ended September 30, 2020 is \$180,000 (June 30, 2020 - \$196,000) which is recorded in other comprehensive loss.

The following is a description of the Company's exploration and evaluation assets and the related spending commitments:

#### (a) Nor Property, Yukon Territory

The Nor Property consists of mineral claims in the Dawson Mining District, Yukon Territory.

Certain claims are subject to a 2% Net Smelter Royalty ("NSR"). The Company has the right to purchase 50% of the NSR for a purchase price of \$2,000,000 and the right of first refusal on the remaining 50%.

The Nor Property is currently in an area where there is dispute called the 'Peel Watershed Regional Use Plan' ("Plan") between the Yukon Government and First Nations Group. The Plan has restricted the Company from exploration activities. Subsequent to the year end, the Plan has been settled, however the area where the Nor property is located is not yet finalized, with respect to mining activities. Management has kept the claims and titles in good standing and intends to continue exploration once a conclusion with respect to the mining activities has been reached.

### (b) Regal Property, British Columbia

On November 15, 2017, the Company entered into an option agreement to acquire 100% interest in the Regal Property located near Revelstoke, British Columbia. The Company entered into a four year option agreement where upon execution paid \$5,000 cash and issued 50,000 shares at a fair value of \$3,000. The remaining terms and payments under the agreement are as follows:

- i) \$10,000 cash payment (paid during the year ended June 30, 2019) and 50,000 shares (issued during the year ended June 30, 2019) (Note 8) to the vendor on the first anniversary of the agreement;
- \$20,000 cash payment (paid during the year ended June 30, 2020) and 100,000 shares (issued during the year ended June 30, 2020) (Note 8) to the vendor on the second anniversary of the agreement;
- \$30,000 cash payment and 150,000 shares to be issued to the vendor on the third anniversary of the agreement; and

# 5. Exploration and evaluation assets

(iv) \$40,000 cash payment and 250,000 shares to be issued to the vendor on the fourth anniversary of the agreement.

The vendor will retain a 3% NSR which can be fully bought out anytime for \$500,000 cash and 100,000 shares per each 1%.
