

AREV NUTRITION SCIENCES INC.
PRESS RELEASE

**AREV NUTRITION SCIENCES INC. ANNOUNCES ADRIAN WADE,
URSA TECHNOLOGIES AS PROJECT MANAGEMENT & THE FORMATION OF AN ADVISORY COMMITTEE**

Vancouver, British Columbia, December 7, 2017 – AREV Nutrition Sciences Inc. ("AREV" or the "Company") (CNSX - ARV), is pleased to announce that Adrian Wade through URSA Technologies has joined the team as project manager of AREV effective immediately. Further, AREV has formed an advisory committee made up of Adrian Wade, Ph.D, Christina Juneau, Ph.D, and Dr. Shabtai Bittman.

Adrian P. Wade Ph.D., C.Chem., MRSC, MCIC, MCSC - Dr. Wade is an analytical chemist and computer scientist who is currently the Chief Science Officer of Alternative Extracts Inc. He has published over 50 scientific papers, including work in automated chemical analysis, flow injection analysis, automated extraction methods and chromatography. He is Co-owner and Manager of Ursa Technologies Ltd. (founded 1994), which provides chemistry consulting services and undertakes research and development in process analytical chemistry and methods development. He taught analytical chemistry at University of British Columbia (1987-94) and was a Visiting Research Associate at Michigan State University (1985-87). He obtained his Ph.D. from University of Wales in 1985, and his B.Sc. from University of Southampton in 1981. He serves as a Director and Officer for Alternative Extracts Inc. where he is responsible for science and methods development. Since 2005 he has served as a Director of Goknet Mining Company Ltd., where he provides scientific and technical expertise relating to their projects in Ghana. He recently joined the Board of UC Resources Ltd as an independent Director. He is a resident of British Columbia.

Dr Christina Juneau is the Scientific Director at TransBIOTech and she holds a B.Sc in Biochemistry and a Ph.D. in Food Science, both from Université Laval. Dr Juneau has more than 25 years of experience in the pharmaceutical and biotechnology industry, more specifically in the conception and development of therapeutic products, in the manufacturing processes, in the regulatory aspects related to oral and topical drugs and natural health products development, as well as in the intellectual properties and market introduction aspects of various compounds. She has an extensive experience in the design and management of applied R&D projects and she is the co-author on more than 20 patents and peer reviewed scientific articles.

Dr. Shabtai Bittman - Dr. Bittman is a principal research scientist with Agriculture and Agri-Food Canada in Agassiz, BC, and previously in SK and NS, specializing in crop production. He studied and taught Plant Ecology at McGill University and Crop Physiology (water stress) at the University of Saskatchewan. His research has been focused on minimizing environmental impacts of food production with advanced cropping and nutrient management practices. Recent efforts include the reduction of emissions of nitrogenous gases and particulates to the atmosphere and the improvement of water quality through strategic manure use. Dr. Bittman developed the Canadian Agri-Environmental Health Indicator for Atmospheric Ammonia and co-chairs the UNECE Expert Panel on Mitigating Agricultural Nitrogen. He has won national and international awards for his research accomplishments. He founded and operates the website farmwest.com.

For a more complete list of Dr. Shabtai Bittman's significant achievements, it can be found at <http://www.agr.gc.ca/eng/science-and-innovation/research-centres/british-columbia/agassiz-research-and-development-centre/scientific-staff-and-expertise/bittman-shabtai-phd/?id=1181931198581>

"We are honored to welcome this group of experienced individuals as advisory committee members," said Stephane Maher, CEO. "The selected AREV members are all exceptional professionals and leaders in their respective field. I anticipate each member will be a great asset to the company and represent AREV commitment to be a leader in the natural health and cannabis industries."

The Company, effective immediately, has issued Mr. Wade 25,000 stock options as a signing bonus for agreeing to be the project manager at AREV and the Company has agreed to issue Mr. Wade and additional 25,000 stock options at the successful implementation of a project management system. Further the Company will be issuing 25,000 stock options to Mr. Wade agreeing to join the Company's Advisory Committee. The Company has also agreed to provide Christina Juneau, Ph.D 50,000 stock options for joining the Advisory Committee.

For further information, contact Stephane Maher, CEO at stephane@arevnutrition.com.

On behalf of the Board,

Stephane Maher
Chief Executive Officer & Director
