CHICAGO – November 30, 2018 – Cresco Labs Inc. (the “**Company**” or “**Cresco**”), formerly Randsburg International Gold Corp., is pleased to announce that its business combination with Cresco Labs, LLC (the “**Business Combination**”) has been completed and that its subordinate voting shares (the “**Subordinate Voting Shares**”) have been approved for listing on the Canadian Securities Exchange (“**CSE**”) under the symbol “CL.” The Subordinate Voting Shares are expected to begin trading on the CSE on Monday, December 3, 2018.

In connection with the Business Combination, on November 26, 2018, Cresco Labs Finco Ltd. completed a subscription receipt offering whereby it issued an aggregate of 12,624,054 subscription receipts (the “**Subscription Receipts**”) for gross proceeds of C\$107.3 million (the “**Offering**”). The Offering was completed by a syndicate led by Canaccord Genuity Corp. and GMP Securities L.P. as co-lead agents, and including Cormark Securities Inc. and Beacon Securities Limited. On closing of the Business Combination, the investors in the Offering received one (1) Subordinate Voting Share of the Company for each Subscription Receipt held.

“Our public listing represents the culmination of nearly three years of unmatched success in winning state licenses in the most competitive, highly regulated cannabis markets and firmly establishing Cresco as an early leader in this emerging industry,” said Charles Bachtell, CEO of Cresco Labs. “Early on, by realizing that cannabis is a natural fit in the consumer-packaged goods industry, we developed a differentiated and upscale brand strategy that moves across the value chain covering all price points. At the same time, we developed a well-honed business blueprint that enables our rapid entry into new markets where we can capture leading market share right from the start. With our outstanding team of recognized leaders in diverse fields, with backgrounds in highly regulated and public markets, and an esteemed board of directors, our interests are closely aligned with shareholders as well as regulators, legislators and consumers.”

“Better access to the capital markets as a public company will help drive our expansion strategy,” Bachtell added. “At the same time, we intend to continue our support of consumer education, medical advisory, and public education and research that can be highly impactful on the direction of the cannabis industry.”

The Business Combination was structured as a series of transactions, including Canadian three-cornered amalgamation transactions and a series of U.S. reorganization steps, which resulted in the Company indirectly acquiring all of the voting securities of Cresco Labs, LLC.

As part of the Business Combination, the Company, among other things: (i) amended the Company's notice of articles and articles to (a) amend the rights and restrictions of the then-existing class of

common shares and redesignate such class as Subordinate Voting Shares, (b) create a class of super voting shares (the "**Super Voting Shares**"), and, (c) create a class of proportionate voting shares (the "**Proportionate Voting Shares**"); (ii) changed the Company's name to Cresco Labs Inc.; and (iii) appointed MNP LLP as the auditors of the Company.
