

## **BLACKHAWK'S SUBSIDIARY SPACED FOOD RAMPS UP PRODUCTION OF CANNABIS INFUSED EDIBLES**

Vancouver, British Columbia – May 17, 2021 – Blackhawk Growth Corp. (CSE:BLR; Frankfurt:OJJ) (the “**Corporation**” or “**Blackhawk**”), is pleased to provide the following update on its wholly-owned subsidiary Spaced Food Inc: (“Spaced Food”).

Spaced Food cannabis infused products have seen significant appetite from distributors across Canada. In anticipation of production demand, Spaced Food has purchased and received scalable depositing equipment and a vibration table to increase production of its *Astronaut Sorbet*. The equipment arrived on May 12<sup>th</sup> and is being commissioned over the next several days. In addition, Spaced Food has also ordered a large-scale chocolate production line including melting and tempering equipment, as well as a full-scale cooling line.

### **Sorbet Production Capacity**

With the new equipment in place, Spaced Food will increase production capacity to approximately 5,000 10mg pieces every two days, or 75,000 units per month. This capacity can be further increased as needed.

*Astronaut Sorbet* is a shelf stable “ice cream” that requires no refrigeration, is fully shelf stable, vegan, gluten-free, dairy-free, is made from 100% real fruit and contains no preservatives. Each piece contains 10mg of THC.

### **Cheesecake Production Capacity**

Production capacity for the *Cosmic Cheesecake* product is estimated at approximately 50,000 units per month, with the ability to scale further as demand increases.

*Cosmic Cheesecake* is a fully shelf stable piece of cheesecake partially enrobed with cannabis-infused chocolate. Each piece contains 10mg of THC.

### **Blasteroid Production Capacity**

Production capacity for the *S'Mores Blasteroids* product is estimated at approximately 75,000 packages per month, with the ability to scale further as needed.

*S'Mores Blasteroids* are bite sized crispy marshmallows enrobed in cannabis-infused chocolate and rolled in graham cracker crumbs that are “micro-dosed” at 0.5mg of THC each (20 pieces per package for a total of 10mg THC).

## **Website and Social Media**

Spaced Food's new website and social media is being worked on and expected to be live shortly. The team has been working on sales and display materials as well as promotional merchandise to go in tandem with the product launch.

## **About Spaced Food**

Spaced Food is launching edibles into ORBIT using high tech, space-age science! We've taken our love of cannabis and combined it with a unique product that solves every problem with current cannabis edibles. Spaced Food is shelf-stable, requires no refrigeration and tastes AMAZING!

After 3 years of research and development, Spaced Food has come up with a product with excellent bioavailability that melts in your mouth, with accurate dosing. Made using the same technology used on food before sending it to space for astronauts, we lock in 98% of the nutritional value as well as 100% of the medicinal ingredients. Whether you're 18 or 81, Spaced Food will quickly become your favourite cannabis edible!

## **About Blackhawk Growth**

Blackhawk Growth is an investment holding looking to create substantial value for its shareholders through the acquisition and development of high growth companies.
