

BLACKHAWK'S MINDBIO THERAPEUTICS ANNOUNCES PLATINUM SPONSORSHIP OF PLANT MEDICINE WEEK IN MALTA

CO-FOUNDER JUSTIN HANKA TO DELIVER KEYNOTE ADDRESS

PROVIDES VIDEO UPDATE AFTER MICRODOSE MOLECULAR MASTERCLASS

Vancouver, British Columbia – March 08, 2022 – Blackhawk Growth Corp. (CSE:BLR; Frankfurt:0JJ) (the “**Company**” or “**Blackhawk**”) is pleased to report that MindBio Therapeutics (“MindBio”) is a key note presenter and major supporter of Plant Medicine Week in Malta.

Plant Medicine Week (plantmedicineweek.com) is being held in Valletta, Malta in April (5th – 8th) to share diverse and inspiring perspectives of the latest advances from the medical cannabis and psychedelics industries through case studies, presentations, Q&A and exhibition.

Co-founder of MindBio Therapeutics, Justin Hanka, will be sharing his perspectives on clinical trials, drug development and his views on the responsibility to change the course of mental health and the importance of investment in the sector. Recently Mr Hanka participated in Microdose Psychedelic Insights molecular masterclass on LSD (lysergic acid diethylamide) which can be viewed on Youtube [here](#).

MindBio Therapeutics is in the completion stages of a world first clinical trial in 80 patients who are microdosing LSD at home. The Clinical Trial's Independent Review Board and Safety Monitoring Committee recently found no adverse events in the Phase 1 clinical trial and approved it's continuation, with almost 12 months of testing now complete. MindBio is now preparing for its continuation study, a Phase 2 clinical trial microdosing LSD in patients with Major Depressive Disorder and a Phase 2 clinical trial microdosing LSD in late stage cancer patients experiencing existential distress, depression and anxiety.

MindBio is working towards creating a safe and effective microdosing regimen using psychedelics that can be prescribed by doctors to patients in the primary health care system with the aim of changing the course of mental health.

“We are excited to support Plant Medicine Week in Malta and showcase our clinical trials microdosing psychedelic medicines as MindBio prepares for its upcoming spin-out listing on the Canadian Securities Exchange” said Frederick Pels, CEO of Blackhawk.

Plant Medicine Week. More information and tickets available [here](#).
