## **Title: Adastra Submits Sales Licence Amendment**

## Adastra

LANGLEY, BC / ACCESSWIRE / August 5, 2020 – Adastra Labs Holdings Ltd. (CSE: XTRX) (FRANKFURT: D2EP) ("Adastra") a Health Canada Licensed cannabis processing and analytical testing services Company, is pleased to announce the submission of its federal sales licence amendment to Health Canada.

"The submission of sales licence amendment is significant as it represents the successful operationalization of Adastra's extraction, formulation, and product manufacturing capabilities. In our initial operations, Adastra has extracted over 1700 kg biomass and manufactured over 30,000 vaporizer cartridges destined for the adult recreational market in Canada." - Dr. Kyle Boniface, Director of Production.

The extraction, formulation, and manufacture of the vaporizer cartridges forms the basis of Adastra's Health Canada sales license submission package. Adastra is committed to continuous improvement and achieving the highest standard of product quality. Currently, Adastra is able to provide B2B client white labeling services for multiple distillate-related products including bulk distillate, tinctures, vaporizers, and formulations for beverages and edibles.

"This is a significant milestone for Adastra as we increase production. While our B2B orders are filling our capacity, upon approval, the sales licence will allow us to offer a wider range of services to our clients and fill the increased capacity we are bringing online in the near future." - Andy Hale, CEO.

## About Adastra Labs Holdings Ltd.

Adastra Labs Holdings Ltd. is a Langley, BC-based cannabis company with a co-located Health Canada Licensed Standard Processing Facility and Analytical Testing Laboratory.
