### **ABBA MEDIX RECEIVES INSPECTION WINDOW FOR EU GMP CERTIFICATION**

*Toronto – June 10, 2020 (CNW) -* Canada House Wellness Group Inc. (CSE: CHV) (“**Canada House**” or the “**Company**”), a fully integrated medical cannabis company, is pleased to announce that its wholly owned subsidiary, Abba Medix Corp. (“**Abba**”), has received confirmation from its European distribution partner that the physical inspection date for final European Union Good Manufacturing Practice (“**EU GMP**”) certification of its Pickering, Ontario facility will occur between August 10 and August 23, 2020. Obtaining EU GMP certification will allow the company to begin delivering medicinal cannabis for sale in Germany under existing European Medical Cannabis Supply Agreements. Please refer to the Company’s press releases of October 31, 2019 and November 25, 2019 for details of the Company’s existing supply agreements.

“I congratulate our team at Abba for their diligent work with regulators and our European partners, particularly during the ongoing pandemic, as we work toward final GMP certification,” commented Chris Churchill-Smith, Chief Executive Officer of Canada House. “Although the certification process has been delayed by COVID-19, our focus on bringing Abba’s premium medical cannabis to the German market has not wavered. This is a great step towards what will be a huge milestone for our international export strategy.”

#### **About Canada House Wellness Group Inc.**

Canada House Wellness Group Inc. is the parent company of Abba Medix Corp., a Licensed Producer in Pickering, Ontario that produces high quality medical grade cannabis; Canada House Clinics Inc., with clinics across the country that work directly with primary care teams to provide specialized cannabinoid therapy services to patients suffering from simple and complex medical conditions; and Knalysis Technologies, a provider of fully customizable, cloud-based software that links physician, provider, and patient to data that supports treatment with medical cannabis.

Canada House Wellness Group's goal is to become the leading cultivator of premium craft cannabis and provider of cannabinoid therapy, targeting the medical cannabis markets globally. Cautionary Statement Regarding Forward-Looking Information. This press release contains forward-looking statements, including statements that relate to, among other things, the Company's clinic, production and technology businesses, its future plans, the Company's markets, objectives, goals, strategies, intentions, beliefs, expectations and estimates, and can generally be identified by the use of words such as "may", "will", "could", "should", "would", "likely", "possible", "expect", "intend", "estimate", "anticipate", "believe", "plan", "objective" and "continue" (or the negative thereof) and words and expressions of similar import. Although the Company believes that the expectations reflected in such forward-looking statements are reasonable, such statements involve risks and uncertainties, and undue reliance should not be placed on such statements. Certain material factors or assumptions are applied in making forward-looking statements, and actual results may differ materially from those expressed or implied in such statements. Material assumptions used to develop forward-looking information in this news release include, among other things, the regulations related to cannabis use under the Access to Cannabis for Medical Purposes Regulations and the act respecting cannabis and to amend the Controlled Drugs and Substances Act, the Criminal Code and other Acts, passed by the Canadian Federal government, making cannabis and cannabis based edibles, vapes and oils legal for recreational use on October 17, 2018 and October 17, 2019; Company liquidity and capital resources, including the availability of additional capital resources to fund its activities; level of competition; the ability to adapt products and services to the changing market; the ability to attract and retain key executives; and the ability to execute strategic plans. Additional information about material factors that could cause actual results to differ materially from expectations and about material factors or assumptions applied in making forward-looking statements may be found in the Company's most recent annual and interim Management's Discussion and Analysis under "Risk and Uncertainties" as well as in other public disclosure documents filed with Canadian securities regulatory authorities. The Company does not undertake any obligation to update publicly or to revise any of the forward-looking statements contained in this document, whether as a result of new information, future events or otherwise, except as required by law.

Neither the CSE nor its Regulation Services Provider (as that term is defined in the policies of the CSE) accepts responsibility for the adequacy or accuracy of this release.
