

Applied Inventions Management Inc.

Interim Financial Statements

For the period ended November 30, 2010

NOTICE TO READER

Pursuant to National Instrument 51-102, Part 4, subsection 4.3(3)(a) issued by the Canadian Securities Administrators, if an auditor has not performed a review of the interim financial statements, they must be accompanied by a notice indicating that the financial statements have not been reviewed by an auditor.

The accompanying unaudited interim consolidated financial statements of the Corporation for the interim periods ended November 30, 2010 and 2009, have been prepared in accordance with Canadian generally accepted accounting principles and are the responsibility of the Corporation's management.

The Corporation's independent auditors, Collins Barrow Toronto LLP, have not performed a review of the interim financial statements for November 30, 2010 and 2009 in accordance with the standards established by the Canadian Institute of Chartered Accountants for a review of Interim financial statements by an entity's auditor.

Applied Inventions Management Inc.
Notes to Unaudited Consolidated Financial Statements
For the Quarter Ended November 30,2010

These consolidated interim financial statements have not been reviewed by the Company's external auditors.

1 Going Concern

Applied Inventions Management Inc. (the "Company") is incorporated under the laws of the Province of Ontario and is inactive.

These consolidated interim financial statements have been prepared in accordance with generally accepted accounting principles applicable to a going concern which assume that the Company will realize its net assets and discharge its liabilities in the normal course of business. The Company has minimal assets. Without financial support from directors or shareholders the Company will not be able to discharge its liabilities. Management is currently identifying opportunities to reactivate the Company but there is no assurance that management will successfully do so.

2 Significant Accounting Policies

Principles of Consolidation

These consolidated interim financial statements include the accounts of the Company and its wholly-owned subsidiaries, Applied Inventions Management Corporation U.S.A. and Tour Technologies. The two subsidiaries are inactive.

The Company's accounting policies are in accordance with accounting principles generally accepted in Canada and are consistent with those outlined in the Company's 2010 annual audited financial statements. These consolidated interim financial statements do not include all disclosures normally provided in annual financial statements and accordingly should be read in conjunction with the Company's consolidated audited financial statements for the year ended August 30,2010. In management's opinion, the unaudited interim financial information includes all the adjustments necessary to present fairly such information. Interim results are not necessarily indicative of the results expected for the year.

The Statement of Changes in Equity has not been included in these consolidated interim financial statements as there were no equity transactions and all of the period's activity is reflected in the Statement of Operations and Deficit.

3 Debenture

The demand debenture, principal plus accrued interest, is payable to a shareholder of the Company. It bears interest at 10% per annum, and matured on November 5, 1998 and is secured by a general security agreement. The debenture is in default and the conversion features which previously existed have lapsed

4 Due to shareholder

Amounts due to shareholder include unpaid management and consulting fees and advances made on behalf of the Company. They bear no interest, are secured by a general security agreement and have no specific terms of repayment.
