

Trulieve Opens Brandon's First Dispensary, Expands Access for Hillsborough-Area Patients

The Company celebrates a record 65 storefronts across Florida

TALLAHASSEE, Fla., Nov. 3, 2020 /CNW/ - [Trulieve Cannabis Corp.](#) (CSE: TRUL) (OTCQX: TCNNF) ("Trulieve" or "the Company"), a leading and top-performing cannabis company based in the United States, announced today the opening of a brand-new Florida dispensary, the Company's 67th nationwide. The new dispensary will be the Company's fourth in Hillsborough County and its first in Brandon.

The new dispensary supports Trulieve's goal of expanding and ensuring direct, reliable patient access to medical cannabis across its home state of Florida. It joins the Company's 64 other dispensaries statewide, including several in nearby Tampa, St. Petersburg, and Clearwater.

"Access plays a huge role for us at Trulieve. From our first store to our newest one in Brandon, we're constantly focused on providing patients with the access they need to the medications they use daily for natural, effective relief," said [Trulieve CEO Kim Rivers](#). "Opening stores in areas without a dispensary like Brandon is more than being the first, it's about actively connecting with a community. We've developed an incredible relationship with our supportive Truliever family throughout Hillsborough and we're pleased to continue expanding access to patients in the area for many years to come."

In honor of the Company's brand new dispensary, all patients — from those new to Trulieve to the dedicated Truliever community — will be eligible for a 25% in-store discount at the new Brandon dispensary on opening day. In line with policies adopted statewide, all visitors are required to wear masks inside the dispensary. Additionally, only patients and their state-approved caregivers will be allowed inside the waiting room and dispensary at this time.

ANNOUNCING: Trulieve Brandon Opening

In stores and online, patients will find [Florida's largest selection of THC and CBD products](#), available in a variety of delivery methods, including edibles, smokable cannabis, concentrates, tinctures, topical creams, vaporizers, and more. Trulieve also offers home delivery statewide for patients and convenient in-store pickup at each of its 65 dispensaries in the state.

To assist patients with ordering, Trulieve has made our entire catalog of products available for online ordering, with in-store pickup or statewide home delivery options available. In addition, patients can schedule a 30-minute complimentary virtual consultation with a Trulieve certified consultant to help navigate questions on products, devices or to review their doctor's recommendation. Furthermore, to assist with CDC recommendations for social distancing and in compliance with additional company-enforced safety guidelines, several measures have been taken to ensure the health and well-being of employees and patients, including modifying the store layout, installation of plexiglass partitions and HEPA air filtration scrubbers in the dispensaries, increasing access to masks and sanitizer throughout the store for staff and visitors, utilizing visual aids to direct traffic throughout the store, and increasing the frequency of deep cleanings for all dispensaries.

Trulieve is closely monitoring the coronavirus situation and will update store policies as needed to ensure the safety of patients and staff. All updates will be shared directly on Trulieve's website as they are enacted.

The Office of Medical Marijuana Use recently announced the registry was approaching 440,000 registered medical marijuana patients with an active ID card, with Trulieve consistently selling approximately half of the state's overall volume per the Florida Department of Health. To support the state's rapidly growing patient base, there are nearly 2,700 registered ordering physicians in the State of Florida.
