

Star Navigation Announces Option Grants

TORONTO, February 21, 2013 - Star Navigation Systems Group Ltd. (TSX-V: SNA) ("Star" or the "Company"), is pleased to announce that pursuant to its 2006 Incentive Stock Option Plan, as amended, the Board of Directors of the Company has approved the grant of incentive stock options to purchase 1,700,000 common shares in the capital stock of the Company to certain officers and directors of the Company (the "Grantees"). The options expire February 17, 2018, are exercisable at prices between \$0.12 and \$0.15 per share and vest four months from the date of issue.

The Board of Directors of the Company utilizes stock options as long-term incentives to certain directors, officers, employees and consultants of the Company as part of its overall strategy. The Compensation and Corporate Governance Committee of the Board of Directors believes that stock option grants serve the Company's compensation philosophy in two ways: firstly, it helps attract, retain, and motivate talent; secondly, it aligns the interests of those granted stock options with those of the shareholders by linking a specific portion of that person's compensation to share price.

About Star Navigation:

Star Navigation Systems Group Ltd. (www.star-navigation.com) owns the exclusive worldwide license to its proprietary, patented STAR-ISMS® In-flight Safety Monitoring System, the first system in the world to feature in-flight data-analysis, monitoring and diagnostics with a real-time connection between aircraft and ground.
