**Star Navigation Announces Sale of Tracking and  
Communication Systems**

TORONTO, Ontario, June 6, 2008 – Star Navigation Systems Group Ltd. (TSX-V: SNA) ("Star" or the "Company") is pleased to announce that the Skylink Aviation Inc. trial installation, announced November 13, 2007 and March 12, 2008, has been successfully completed and that the Company has now received a purchase order for eight ISMS Lite™ tracking, satellite communication and two-way text systems. The eight new ISMS Lite™ units have been shipped and Star expects a gross revenue of approximately \$100,000.00, plus air time from this initial shipment.

Star has a further commitment from Skylink Aviation Inc. for 12 additional units to be shipped within the next 9 months. However, Star does not have a confirmed schedule for the delivery of these remaining units. Star will provide a further update once the delivery schedule has been confirmed.

With offices in Toronto, Washington, London, Frankfurt, Moscow, Lisbon, Khartoum, Baghdad, Dubai, and Kabul, Skylink Aviation Inc. operates in the most hostile environments anywhere, supporting various non-combatant operations, including:

- Emergency airlift and evacuation
- Peacekeeping
- Delivery of humanitarian assistance
- Logistical support
- Mission-critical fuel supply

Star is pleased that it was selected to supply its tracking and communication system for this important and challenging SkyLink project.

**About Star Navigation** : Star Navigation Systems Group Ltd. ([www.star-navigation.com](http://www.star-navigation.com)) owns the exclusive worldwide license to its proprietary, patented In-flight Safety Monitoring System, the first system in the world to feature in-flight data-analysis, monitoring and diagnostics with a real-time connection between aircraft and ground. Its real-time capability of tracking performance-trends and predicting incident-occurrence enhances aviation safety and improves fleet management while reducing costs for the operator.
