By: (signed) Viraf S. Kapadia
Viraf S. Kapadia

Schedule "A"

News release via Canada NewsWire, Toronto 416-863-9350

Attention Business Editors:

Court grants Star Navigation permission to proceed with discovery in patent suit against Aeromechanical Services

TORONTO, Oct. 30 /CNW/ - Star Navigation Systems Group Ltd (TSX-V: SNA) ("Star" or the "Company"), is pleased to announce that the United States District Court in San Francisco, California has granted Star permission to proceed with jurisdictional discovery - in its patent infringement lawsuit against Aeromechanical Services (TSX-V: AMA).

Star Navigation looks forward to moving ahead with the lawsuit and has until February 6, 2009 to conduct jurisdictional discovery. Unless otherwise advised, the Court will conduct a hearing on the motion on March 27, 2009. Star looks forward to the court's ultimate consideration of the infringement allegations and expects to be successful based on the merits of the case.

About Star Navigation:

Star Navigation Systems Group Ltd. (www.star-navigation.com) owns the exclusive worldwide license to its proprietary, patented In-flight Safety Monitoring System, the first system in the world to feature in-flight data-analysis, monitoring and diagnostics with a real-time connection between aircraft and ground. Its real-time capability of tracking performance-trends and predicting incident-occurrence enhances aviation safety and improves fleet management while reducing costs for the operator.

Certain statements contained in this News Release constitute forward-looking statements. When used in this document, the words "may", "would", "could", "will" and similar expressions, as they relate to Star or its management are intended to identify forward-looking statements. Such statements reflect Star's current views with respect to future events and are subject to certain risks, uncertainties and assumptions. Many factors could cause Star's actual performance or achievements to vary from those described herein. Should one or more of these factors or uncertainties materialize, or should assumptions underlying forward-looking statements prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated, believed, estimated or expected. Star does not assume any obligation to update these forward-looking statements.
