Star Navigation: SkyLink Aviation places first order for ISMS Lite technology

TSX Venture Exchange Symbol: SNA

DUBAI, Nov. 13 /CNW/ - Star Navigation Systems Group Ltd. (TSX: SNA-V) (Star) and SkyLink Aviation Inc. ("SkyLink") today announced the inaugural order of Star's ISMS Lite(TM) technology at the Dubai Airshow. The agreement calls for the immediate installation of the ISMS Lite(TM) on one of Skylink's MI-8T helicopters, with the remainder of the fleet of up to forty units to follow.

Mr. Amir Bhatti, V.P. Marketing and Sales said, "We are extremely happy to see this early success at the Dubai Airshow, and it is encouraging that the first purchase order was for our latest product solution."

The ISMS Lite(TM) technology, developed as an entry level version of Star's In-flight Safety Monitoring System (ISMS(TM)) which provides asset tracking, satellite phones and real-time monitoring of a few critical operational parameters.

"This is a great day for Star and our friends at Skylink Aviation," said Viraf Kapadia, CEO of Star Navigation. "We are delighted with this endorsement of the ISMS LiteTM product by a company as highly respected as Skylink Aviation."

SkyLink Aviation Inc. is an international aviation group that specializes in Project Management, Air Charters, Aviation Support, Aircraft Maintenance, Air Courier, Executive Air Charters as well as Flight Planning and Clearance Services. SkyLink Aviation has become a global leader in rapid deployment of peacekeepers and international humanitarian aid, including food and equipment, during war, major disasters and pandemics for clients such as the United Nations, World Food Programme, USAID, INS (Homeland Security), IOM, the Canadian Government, the Red Cross, the Italian Interior Ministry and other national governments and NGOs..
