Schedule "A"

TORONTO, ONTARIO--(Marketwired - Aug. 31, 2015) - Star Navigation Systems Group Ltd. (TSX VENTURE:SNA)(OTCBB:SNAVF) ("Star" or the "Company") is pleased to announce that, further to its June 29, 2015 announcement, its' STAR Man Machine Interface Division ("STAR-MMI") has received additional orders for upgrades of displays from three major Fortune 100 Aerospace Companies.

The value of the new orders received is C\$175,000. This brings the total value of orders received by Star in the last 60 days to C\$575,000. These orders began shipping in July and will continue to be shipped over the next few months.

These latest orders confirm the value of the MMI Division and its contribution towards achieving consistency in the Company's' revenues and cash flows.

The STAR-MMI Division began operations in April, 2014, and started receiving orders in October, 2014. Since then, the Company has received orders totalling in excess of C\$1.375 million. Star's MMI Division designs and manufactures high performance, mission critical, flat panel displays for defence and commercial aviation industries worldwide.
