Star Navigation Announces Confirmation of Transport Canada Approved Organization Status

TORONTO, Ontario, December 21, 2015, Star Navigation Systems Group Ltd. (TSX-V: SNA) (OTCBB: SNAVF) ("Star" or the "Company") is pleased to announce that the Company has successfully passed its triennial Transport Canada ("TC") renewal audit, in accordance with Canadian Aviation Regulation 561 ("CAR 561").

Pursuant to the CAR 561 audit, TC has confirmed Star's status as an Approved Organization and its in-house capabilities to design and build avionics equipment for commercial airlines and operators.

Viraf S. Kapadia, Star's CEO said:

"Once again, Star's efficient team and rigorous quality standards have been demonstrated by the results of Transport Canada's audit. As multiple products are now fielded, with solutions to Air, Land and Marine segments, revenues have sharply increased from past year. Star is working towards increased international market capture in both civilian and military areas. "

About Star Navigation:

Star Navigation Systems Group Ltd. owns the exclusive worldwide license to its proprietary, patented In-flight Safety Monitoring System, STAR-ISMS®, the heart of the STAR-A.D.S. ® System. It is the first system in the world to feature in-flight data-analysis, monitoring and diagnostics with a real-time connection between aircraft and ground. Its real-time capability of tracking performance trends and facilitating incident-occurrence prevention enhances aviation safety and improves fleet management while reducing costs for the operator.

Star's MMI Division designs and manufactures high performance, mission critical, flight deck flat panel displays for defence and commercial aviation industries worldwide.
