

Affinor Growers Hires Grant Writing Team

VANCOUVER, British Columbia, June 21, 2022 -- Affinor Growers Inc. (“Affinor” or the “Company”) (CSE: AFI; OTCQB: RSSFF), a vertical farming technology and operations company with a commercial production facility in Abbotsford BC, is pleased to announce that it has hired Elite Agri Solutions to prepare grant applications to federal and provincial governments.

Elite Agri Solutions (www.eliteagrisolutions.ca) is a Canadian consulting company specializing in grant management within the agri-food sector. Working on a success-based fee structure, Elite Agri Solutions assists companies by creating the strongest possible grant applications to maximize the chances of receiving funding.

Affinor is in the process of permitting their new proprietary greenhouse, the “Atlantis”, which will accommodate growing strawberries, romaine lettuce, kale, and spinach in soil or hydroponic at 8 levels. This is double the current 4-level towers substantially decreasing costs and increasing yield.

Affinor plans to offer the most sustainable, automated, turnkey commercial solution reducing water use and using alternative energy. There are 40 solar cells currently installed with two Tesla Powerwall batteries to ensure the irrigation and air handling systems continue to function during power outages.

Affinor CEO - Nick Brusatore commented: “Affinor Growers is looking forward to working with Elite Agri Solutions to access available government funding for development and commercialization of our innovative vertical cultivation technology. Elite Agri Solutions’ mantra is ‘farmers helping farmers’, to strengthen Canada’s position as a global leader in agricultural technology.”

About Affinor

Affinor is a publicly traded company listed on the CSE under the symbol “AFI” and on the OTCQB under the symbol “RSSFF”. Affinor is focused on developing vertical farming technologies and using those technologies to grow fruits and vegetables in a sustainable manner. The Company is currently growing strawberries for local markets in its 15,000 square foot greenhouse in Abbotsford, BC.

CAUTION REGARDING FORWARD-LOOKING INFORMATION

This news release includes certain statements that may be deemed “forward-looking statements”. All statements in this new release, other than statements of historical facts, that address events or developments that the Company expects to occur, are forward-looking statements. Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words “expects”, “plans”, “anticipates”, “believes”, “intends”, “estimates”, “projects”, “potential” and similar expressions, or that events or conditions “will”, “would”, “may”, “could” or “should” occur. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results may differ materially from those in the forward-looking statements. Factors that could cause the actual results to differ materially from those in forward-looking statements include market prices, continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. Forward-looking statements are based on the beliefs, estimates and opinions of the Company’s management on the date the statements are made. Except as required by applicable securities laws, the Company undertakes no obligation to update these forward-looking statements in the event that management’s beliefs, estimates or opinions, or other factors, should change.
