Notes to Condensed Interim Consolidated Financial Statements Three Months Ended May 31, 2023 and 2022 (Expressed in Canadian Dollars) (Unaudited)

1. Nature of operations and going concern

The principal activity of PUDO Inc. (the "Company") is using technology to improve the connection between ecommerce and consumers. The Company deploys its' technology to provide consumers with convenient locations to pick-up or drop-off e-commerce parcels. Through collaboration with online retailers, third party logistics companies ("3PL"), Software as a Service ("SaaS") and courier companies, consumers can take secure delivery of their parcels or drop-off returns where it's convenient, when it's convenient for them.

Existing businesses, such as convenience stores or gas stations, provide services as a PUDOpoint™ ("PUDOpoint"). PUDOpoints are typically open extended hours, seven days a week to make it convenient for busy consumers to quickly and efficiently collect what they've ordered online or drop off what they need to return. The Company deploys its technology to provide consumers with convenient PUDOpoints (the "Network") to pick-up and drop-off ("PUDO") e-commerce parcels.

The Company's services provide courier companies and retailers with a presence in a broad variety of locations to better serve their customers. Not only convenient, these services can also save money. Couriers don't have to attempt delivery a second or third time or make other arrangements with customers who aren't home. Retailers can ship directly to PUDOpoints saving residential delivery costs and reducing the risk of theft or spoilage. PUDO also helps retailers reduce the cost and increase the convenience of their returns program. Consumers can drop off prelabeled parcels at any PUDOpoint for processing back to the retailer. The Company's registered office is at 6600 Goreway Drive, Unit D, Mississauga, Ontario, L4V 1S6. The Company is listed on the Canadian Securities Exchange ("CSE"), trading under the symbol "PDO" and is currently a member of the CSE Composite Index.

Going Concern

These condensed interim consolidated financial statements have been prepared with the assumption that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of operations. As at May 31, 2023, the Company had a working capital deficit of \$108,255 (February 28, 2023 – \$4,078), had not yet achieved profitable operations, had used cash in operating activities of \$23,247 for the three month period ended May 31, 2023 (May 31, 2022 – cash received of \$18,299), had a deficit of \$9,881,890 as at May 31, 2023 (February 28, 2023 - \$9,672,761) and had shareholders' deficiency of \$75,521 (February 28, 2023 – shareholders' equity of \$43,250). These conditions reflect material uncertainties which cast significant doubt about the Company's ability to continue as a going concern. The continuing operations of the Company are dependent upon its ability to continue to raise adequate financing and to commence profitable operations in the future. While the Company has been successful in raising the necessary funding to continue operations in the past, there is no assurance that it will be able to do so in the future. These condensed interim consolidated financial statements do not include the adjustments that would be necessary should the Company be unable to continue as a going concern. Such adjustments could be material.

2. Basis of preparation

(a) Statement of compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). These unaudited condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34 - Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by the IASB.

The same accounting policies and methods of computation are followed in these unaudited condensed interim consolidated financial statements as compared with the most recent annual consolidated financial statements as at and for the year ended February 28, 2023. Any subsequent changes to IFRS that are given effect in the Company's annual consolidated financial statements for the year ending February 28, 2024 could result in restatement of these unaudited condensed interim consolidated financial statements.

Notes to Condensed Interim Consolidated Financial Statements Three Months Ended May 31, 2023 and 2022 (Expressed in Canadian Dollars) (Unaudited)

2. Basis of preparation (continued)

The condensed interim consolidated financial statements of the Company for the three month period ended May 31, 2023 were approved and authorized for issuance by the Board of Directors on June 26, 2023.

(b) Basis of presentation

The condensed interim consolidated financial statements have been prepared on a historical cost basis. In addition, these condensed interim consolidated financial statements have been prepared using the accrual basis of accounting except for cash flow information.

(c) Basis of consolidation

The condensed interim consolidated financial statements comprise the financial statements of the Company and its wholly-owned subsidiaries PUDOpoint Inc., Grandview Gold (USA) Inc., and Recuperacion Realzada, S.A.C.

Subsidiaries consist of entities over which the Company is exposed to, or has rights to, variable returns as well as the ability to affect those returns through the power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date control is transferred to the Company and are de-consolidated from the date control ceases. The financial statements include all the assets, liabilities, revenues, expenses and cash flows of the Company and its subsidiaries after eliminating inter-entity balances and transactions.

3. Financial risk management

(a) Fair values

The carrying amounts of cash, restricted short-term investment, trade and other receivables, trade and other payables approximate their fair values, given their short-term nature.

(b) Financial risk factors

The Company's activities expose it to a variety of financial risks, including credit risk, liquidity risk, market risk and capital risk management. This note discloses information about the Company's exposure to each of the above risks, their objectives, policies and processes for measuring and managing risk and their management of capital.

The Board of Directors has the overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

(i) Credit risk

Credit risk is the risk that an issuer or counterparty will be unable or unwilling to meet commitments it has entered into with the Company. The financial assets that potentially expose the Company to credit risk consist principally of cash or other receivables. The extent of the Company's exposure to credit risk approximate their carrying values are recorded in the Company's consolidated statement of financial position. A significant portion of the Company's revenues are from one customer. This customer is comprised of three different businesses operated independently under common control.

Notes to Condensed Interim Consolidated Financial Statements Three Months Ended May 31, 2023 and 2022 (Expressed in Canadian Dollars) (Unaudited)

3. Financial risk management (continued)

		Three Months Ended May 31, 2023		Three Months Ended May 31, 2022		
Revenue from the largest customer	\$	322,219	\$	310,271		
% of total revenue		41%		36%		
Revenue from the second largest customer		194,278		276,672		
% of total revenue		25%		32%		
	As	at May 31, 2023	As at	February 28, 2023		
Accounts receivable from the largest customer	\$	66,124	\$	38,290		
% of total accounts receivable		21%		14%		
Accounts receivable from the second largest customer		39,161		68,898		
% of total accounts receivable		12%		25%		
The maximum exposure to credit risk at the reporting date was:						
	Ma	ay 31, 2023	Febr	uary 28, 2023		
Cash	\$	142,980	\$	177,925		
Restricted short-term investment		25,850		25,632		
Trade and other receivables		321,257		277,484		
	\$	490,087	\$	481,041		

(ii) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to finance its operations and to mitigate the effects of fluctuations in cash flows. See going concern discussion in note 1.

The following are the contractual maturities of financial liabilities:

May 31, 2023	1 Ye	ar or Less	Greater ve	-		Total
				<u>ui</u>	Φ.	
Trade and other payables	\$	687,916	\$	-	\$	687,916
February 28, 2023	1 Y	ear or Less	Greate	er than 1 year		Total
Trade and other payables	\$	569,130	\$	-	\$	569,130

Notes to Condensed Interim Consolidated Financial Statements Three Months Ended May 31, 2023 and 2022 (Expressed in Canadian Dollars) (Unaudited)

3. Financial risk management (continued)

In order to meet such cash commitments, the Company will be required to generate sufficient cash inflows from operating and financing activities.

(iii) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. All of the Company's equipment and intangible assets are located in Canada.

Revenue by geographic region for the three month period is as follows:

	Three Months Ended May 31, 2023	Three Months Ended May 31, 2022
Canada	\$ 753,602	\$ 853,725
USA	29,361	18,940
	\$ 782,963	\$ 872,665

Revenue by service for the three month period is as follows:

	Three Months Ended May 31, 2023	Three Months Ended May 31, 2022
Returns	\$ 335,630	\$ 313,076
Failed First Attempts	129,397	114,999
Third Party Logistics	126,123	214,170
For Pick Up	119,414	177,921
Other	40,970	26,836
Direct to PUDO	31,429	25,663
	\$ 782.963	\$ 872,665

(iv) Currency risk

Since the Company has a bank account denominated in US dollars, it is exposed to foreign currency risk due to fluctuations in the exchange rate. The Company purchases goods and services and generates revenues in Canadian dollars and US dollars. Since the Company reports its results in Canadian dollars, the functional currency of the Company, it is exposed to changes in the value of the US dollar relative to that of the Canadian dollar. As at May 31, 2023 and February 28, 2023, the Company and its subsidiaries had cash, trade and other receivables and trade and other payables denominated in US dollars as follows:

As at May 31, 2023	USD	CAD Equivalent
Cash	\$ 31,193	\$ 46,513
Trade and other receivables	71,473	97,225
Trade and other payables	(29,656)	(40,341)
	\$ 76,010	\$ 103,397

Notes to Condensed Interim Consolidated Financial Statements Three Months Ended May 31, 2023 and 2022 (Expressed in Canadian Dollars) (Unaudited)

3. Financial risk management (continued)

As at February 28, 2023	USD	CAD
Cash	\$ 36,889	\$ 50,202
Trade and other receivables	62,753	85,402
Trade and other payables	(30,820)	(41,941)
	\$ 68,822	\$ 93,993

(v) Interest rate risk

The Company's exposure to risks of changes in market interest rates relates primarily to its cash and short-term investment balances. The Company regularly analyzes its interest rate exposure, giving consideration to potential renewals of existing positions, alternative financial positions and the mix of fixed and variable interest rates.

(vi) Capital risk management

The Company reviews and manages its capital position from time to time to maintain a balance between its liability and equity levels. The Company uses the capital contributed by investors to finance its working capital requirements. The Board of Directors does not establish quantitative return on capital criteria for management but rather relies on the expertise of the Company's management to sustain future developments of the business. The Company defines capital as equity, loans and borrowings. As at May 31, 2023, the Company had shareholders' deficit of \$75,521 (February 28, 2023 – shareholders' equity of \$43,250) and loans and borrowings of \$ nil (February 28, 2023 - \$ nil).

The Company's capital management objectives, policies and processes have remained materially unchanged during the three month period ended May 31, 2023 and year ended February 28, 2023.

(vii) Sensitivity analysis

Based on management's knowledge and experience in the financial markets, the Company believes the following movements are reasonably possible over the year. Sensitivity to a plus or minus 3% change in the US–Canadian dollar foreign exchange rate, based on the current US dollar denominated balances as at May 31, 2022, would affect the net loss by approximately plus or minus \$2,000 during a year.

4. Critical accounting estimates and judgments

The Company makes estimates and judgments that affect the reported amounts of assets and liabilities within the next year. Estimates and judgments are regularly evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Intangible assets and equipment

The useful life of intangible assets and equipment is determined by management at the time the software and equipment is acquired and brought into use and is regularly reviewed for appropriateness. For unique software products controlled by the Company, the estimated life is based on management's historical experience with similar products as well as anticipation of future events which may impact their life such as changes in technology. In the determination of carrying values and impairment charges, management looks at the higher of recoverable amount or fair value less costs to sell (in the case of non-financial assets) and at objective evidence, for a significant or prolonged decline of fair value on financial assets indicating impairment. These determinations and their individual assumptions require that management make a decision based on the best available information at each reporting period.

Notes to Condensed Interim Consolidated Financial Statements Three Months Ended May 31, 2023 and 2022 (Expressed in Canadian Dollars) (Unaudited)

4. Critical accounting estimates and judgments (continued)

The Company reviews property and equipment and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying value may not be recoverable.

Impairment of financial assets

All financial assets except for those at FVTPL are reviewed for impairment at least at each reporting date to identify whether there is any objective evidence that a financial asset or group of financial assets is impaired.

Income, value added, withholding and other taxes

The Company is subject to income, value added, withholding and other taxes. Judgment is required in determining the Company's provisions for taxes, including the recognition and measurement of any potential deferred tax assets. The Company recognizes liabilities for anticipated tax audit issues based on estimates of whether additional taxes will be due. The determination of the Company's income, value added, withholding and other tax liabilities requires interpretation of complex laws and regulations. The Company's interpretation of taxation law as applied to transactions and activities may not coincide with the interpretation of the tax authorities. All tax related filings are subject to government audit and potential reassessment subsequent to the financial statement reporting period. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the tax related accruals and deferred income tax provisions in the period in which such determination is made.

Share based compensation

The Company measures the cost of equity settled transactions with employees, consultants, officers and directors by reference to the fair value of the equity instruments at the date on which they are granted. Estimating fair value for share based compensation transactions requires determining the most appropriate valuation model, which is dependent on the terms and conditions of the grant. Assumptions are made and judgment is used in applying valuation techniques.

Functional and presentation currency

In determining the functional currency of the parent and its subsidiaries, the Company considers the currency that mainly influences sales and the cost of providing goods and services in each jurisdiction in each the Company operates. The Company also considered secondary indicators including the currency in which funds from financing activities are denominated, the currency in which funds are retained and whether the activities of the subsidiaries are carried out as an extension of the Company or if they are carried out with a degree of autonomy.

Going concern

The assessment of the Company's ability to continue as a going concern involves judgment regarding future funding available to increase revenues and working capital requirements.

These assumptions and judgments include estimating the future volatility of the stock price, expected dividend yield, future employee turnover rates and future employee stock option exercise behaviours and corporate performance. Such judgments and assumptions are inherently uncertain. Changes in these assumptions affect the fair value estimates.

Valuation of shares issued for non-cash considerations

The Company makes estimates and judgments in determining the value of shares issued for non-cash consideration.

Notes to Condensed Interim Consolidated Financial Statements Three Months Ended May 31, 2023 and 2022 (Expressed in Canadian Dollars) (Unaudited)

5. Trade and other receivables

10. Stock option reserve

The Company maintains an employee stock option plan under which the Board of Directors, or the compensation committee of the Board of Directors, may from time to time grant to employees, officers, directors or consultants of the Company, options to acquire common shares in such numbers, for such terms and at such exercise prices, as may be determined by the Board of Directors or the compensation committee of the Board of Directors.

The stock option plan provides that the maximum number of common shares in the capital of the Company that may be reserved for issuance for all purposes under the stock option plan shall not exceed 20% of the total issued and outstanding common shares.

The following table reflects the continuity of stock options for the three month period ended May 31, 2023 and the year ended February 28, 2023:

	Number of stock options	Exercise Price	
Balance, February 28, 2022	2,058,001	\$	1.35
Options issued (i)	225,000		0.81
Options issued (ii)	344,445		0.81
Options exercised (note 9 (i))	(21,111)		1.30
Options expired (iii)	(1,688,140)		1.30
Options issued (iv)	1,357,350		0.80
Balance, February 28, 2023	2,275,545	\$	0.92
Stock Options activity	-		
Balance, May 31, 2023	2,275,545	\$	0.92

The following table reflects the actual stock options issued and outstanding as at May 31, 2023:

	Exercise Price (\$)	Remaining contractual life (years)	Weighted average number of options outstanding	Options vested (exercisable)	Estimated grant date fair value (\$)
July 17, 2025	1.14	2.17	213,750	151,406	223,792
July 17, 2025	1.75	2.17	135,000	95,625	129,739
March 1, 2027	0.81	3.83	569,445	166,088	367,071
January 3, 2027	0.80	3.58	1,357,350	113,113	525,275
	0.92	2.94	2,275,545	526,232	1,245,877
