INFORMATION CIRCULAR
(as at November 2, 2012 except as otherwise indicated)

SOLICITATION OF PROXIES

This information circular (the "Circular") is provided in connection with the solicitation of proxies by the management of **Triangle Industries Ltd.** (the "Corporation"). The form of proxy which accompanies this Circular (the "Proxy") is for use at the annual general meeting of the shareholders of the Corporation to be held on **Friday, December 7, 2012** (the "Meeting"), at the time and place set out in the accompanying notice of meeting (the "Notice of Meeting"). The Corporation will bear the cost of this solicitation. The solicitation will be made by mail, but may also be made by telephone.

APPOINTMENT AND REVOCATION OF PROXY

The individuals named in the accompanying form of proxy are Directors and/or Officers of the Corporation. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STRIKING OUT THE NAMES OF THOSE PERSONS NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON'S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY.** A proxy will not be valid unless the completed form of proxy is received by Computershare Investor Services Inc., Attention: Proxy Department, 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 (the "Transfer Agent") not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or any adjournment thereof, or delivered to the Chairman of the Meeting prior to the commencement of the Meeting.

The Proxy may be revoked by:

- (a) signing a proxy with a later date and delivering it at the time and place noted above;
- (b) signing and dating a written notice of revocation (in the same manner as the Proxy is required to be executed as set out in the notes to the Proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof before any vote in respect of which the Proxy is to be used shall have been taken; or
- (c) attending the Meeting or any adjournment of the Meeting and registering with the scrutineer as a shareholder present in person.

Provisions Relating to Voting of Proxies

The shares represented by Proxy in the enclosed form will be voted or withheld from voting by the designated holder in accordance with the direction of the registered shareholder appointing him. If there is no direction by the registered shareholder, those shares will be voted for all proposals set out in the Proxy and for the election of directors and the appointment of the auditors as set out in this Circular. The Proxy gives the person named in it the discretion to vote as such person sees fit on any amendments or variations to matters identified in the Notice of Meeting, or any other matters which may properly come before the Meeting. At the time of printing of this Circular, the management of the Corporation knows of no other matters which may come before the Meeting other than those referred to in the Notice of Meeting.

Non-Registered Holders

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Corporation are “non-registered” shareholders because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. More particularly, a person is not a registered shareholder in respect of shares which are held on behalf of that person (the “Non-Registered Holder”) but which are registered either: (a) in the name of an intermediary (an “Intermediary”) that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP’s, RRIF’s, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“CDS”)) of which the Intermediary is a participant.

These securityholder materials are being sent to both registered shareholders and Non-Registered Holders. If you are a Non-Registered Holder, and the Corporation or its agent has sent these materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf.

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Corporation are referred to as “NOBOs”. Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Corporation are referred to as “OBOs”.

In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Corporation has elected to send the Notice of Meeting, this Circular and the Proxy (collectively, the “Meeting Materials”) directly to the NOBOs, and indirectly through Intermediaries to the OBOs. The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to each OBO, unless the OBO has waived the right to receive them. By choosing to send these materials to the NOBOs directly, the Corporation (and not the Intermediary holding on their behalf) has assumed responsibility for (i) delivering these materials to the NOBOs, and (ii) executing their proper voting instructions.

The Meeting Materials sent to Non-Registered Holders who have not waived the right to receive meeting materials are accompanied by a request for voting instructions (a “VIF”). This form is instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a Non-Registered Holder is able to instruct the registered shareholder how to vote on behalf of the Non-Registered Holder. VIFs, whether provided by the Corporation or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the Shares which they beneficially own. Should a Non-Registered Holder who receives a VIF wish to attend the Meeting or have someone else attend on his or her behalf, the Non-Registered Holder may request a legal proxy as set forth in the VIF, which will grant the Non-Registered Holder, or his or her nominee, the right to attend and vote at the Meeting.

Please return your voting instructions as specified in the VIF. Non-Registered Holders should carefully follow the instructions set out in the VIF, including those regarding when and where the VIF is to be delivered.

VOTING IN PERSON

Any shareholder attending the Meeting to vote personally or as proxyholder for another shareholder shall be required to produce identification satisfactory to the Chairman of the Meeting establishing his or her identity. If a shareholder is a corporation or an entity other than an individual, then the duly authorized officer or representative of the corporation or other entity must deliver to the Chairman of the Meeting the original or a notarial copy of the instrument empowering such person to attend the Meeting and vote on behalf of the shareholder. Such documentation shall be in a form acceptable to the Chairman of the Meeting in his or her discretion.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as disclosed elsewhere herein, none of the following persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon other than the election of directors or the appointment of management:

STATEMENT OF EXECUTIVE COMPENSATION

Set out below are particulars of compensation paid to the following persons (the "Named Executive Officers" or "NEOs"):

- (a) the Corporation's CEO;
- (b) the Corporation's CFO;
- (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for the financial year; and
- (d) each individual who would be a NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of the financial year.

As at December 31, 2011, the end of the most recently completed financial year of the Corporation, the Corporation had two Named Executive Officers, whose names and positions held with the Corporation are set out below, under the heading, "Summary Compensation Table".

Compensation Discussion and Analysis

The compensation awarded to, earned by, paid to or payable to each of the Named Executive Officers for the most recently completed financial year is set out under the heading, "Summary Compensation Table".

Executive Compensation Philosophy

The Corporation does not have a formal compensation program with set benchmarks. The Corporation does have an informal program which seeks to reward an executive officer's current and future expected performance, the achievement of corporate milestones and to align the interests of executive officers with the interests of the

Corporation's shareholders. The Corporation's compensation package must be capable of attracting and motivating experienced executive officers.

Compensation Review Process

The board of directors tries to ensure that the Corporation has an executive compensation plan that is fair, motivational and competitive. In establishing levels of remuneration, stock option and bonus grants, the board of directors is guided by the following principles:

- (a) compensation is determined on an individual basis by the need to attract and retain talented, qualified and effective executives;
- (b) total compensation is set with reference to the market for similar positions in comparable companies and with reference to the location of employment;
- (c) an appropriate portion of total compensation is variable and linked to performance, achievements, level of expertise, responsibilities and length of service;
- (d) internal equity is maintained such that individuals in similar jobs and locations are treated fairly; and
- (e) the Corporation is committed to supporting reasonable expenses in order that employees continuously maintain and enhance their skills.

Assessment of Individual Performance

Individual performance in connection with the achievement of corporate milestones and objectives is also reviewed for all executive officers. While awards are generally tied to performance against quantitative objectives, consideration is also given to an individual's contribution to the Corporation through leadership, demonstrated commitment to the Corporation's shareholders, innovation and teamwork.

Elements of Executive Compensation

There are three main elements of direct compensation, namely base salary, bonus payments and equity participation through the Corporation's existing ("2008 Plan") and future stock option and share compensation plan.

Base Salary

In determining the base salary of an executive officer, the Board of Directors places equal weight on the following factors:

- (a) the particular responsibilities related to the position;
- (b) salaries paid by comparable businesses;
- (c) the experience level of the executive officer; and
- (d) his or her overall performance.

Bonus Payments

Executive officers are eligible for annual bonuses, payable in cash or through stock-based compensation, after taking into account and giving equal weight to, financial performance, attainment of certain corporate milestones and individual performance.

Equity Participation

Encouraging its executive officers and employees to become shareholders of the Corporation is the best way to align their interests with those of the Corporation's shareholders. Equity participation will be offered through the 2008 Plan.

Stock options granted to Named Executive Officers during the most recently completed financial year, are disclosed herein under the heading, “*Executive Compensation - Summary Compensation Table*”.

Overall Compensation Objectives

The compensation elements of base salary bonus payments and equity participation are fairly standard for small and mid-sized reporting companies. On an annual basis, the board of directors will review which compensation element the Corporation is best able to offer for the ensuing year and which element will provide the recipients with the best incremental return. In years in which the Corporation has been successful in raising cash proceeds and has significant funds allocated for general and administrative expenses, it may be more appropriate to offer executive officers increased salaries or bonus payments. In years in which the Corporation has less available cash for general and administrative expenses or the Corporation’s stock price may have suffered due to general market downturn, it may be more appropriate to offer directors and officers increased stock option positions as additional incentive to manage the Corporation’s affairs to maximize increased share price gains. The Corporation’s overall compensation objectives are therefore flexible, and to some degree dependent on various aspects of the Corporation’s fiscal health.

Option Based Awards

The Corporation’s board of directors reviews the remuneration of executive officers, the granting of stock options to directors, executive officers, key employees and consultants of the Corporation and the Corporation’s remuneration and compensation policies.

The 2008 Plan is similar to option based plans adopted by small and mid size reporting companies. Typically, all non executive directors are awarded a similar number of options with some variations in the case of longer serving non executive directors. Executive officers typically receive a similar number of stock options but the number of options allocated to them may be increased if they also serve on the Corporation’s board of directors. Option based awards are an integral and necessary element of the compensation plan for most venture capital companies as they are unable to offer their executive officers large salaries and cash based compensation that may be available from more senior issuers with established revenues.

Individual grants are determined by an assessment of the individual’s current and expected future performance, level of responsibilities, the importance of his or her position and contribution to the Corporation, and previous option grants and exercise prices.

Under the 2008 Plan, the maximum number of Common Shares which may be made subject to stock options and bonus Common Shares at any time and from time to time shall not exceed 2,731,391 Common Shares of the Corporation. Furthermore, the maximum number of Common Shares which may be granted to a participant under the 2008 Plan shall not exceed 5% of the total number of Common Shares then outstanding on a non-diluted basis. On September 7, 2012, the Corporation’s listing was moved to the NEX board of the TSX Venture Exchange and is therefore limited to grant stock options up to 10% of its issued and outstanding in any 12 month period.

The Corporation has not granted bonus Common Shares under the 2008 Plan during the most recently completed financial year.

There was no re-pricing of stock options under the 2008 Plan or otherwise during the most recently completed financial year.

Board of Directors

Management is nominating four individuals to the Corporation’s board of directors (the “Board”), all of whom are current directors of the Corporation.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as “independent” directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Corporation. Of the proposed nominees, Geoff Edwards and Neil Halldorson are “insiders” or management directors (as a result of being senior officers of the Corporation) and accordingly such persons are not considered to be “independent” within the meaning of NI 52-110. Keith Scott and Michael Reimann are considered by the Board to be “independent” within the meaning of NI 52-110.

Directorships

The following directors of the Corporation are presently directors of the following other issuers that are reporting issuers, or the equivalent, in a Canadian jurisdiction or a foreign jurisdiction:

<u>Name of Director</u>	<u>Reporting Issuer</u>
Neil Halldorson	Nebo Capital Corp.
Keith Scott	Minaean International Corp.
Michael Reimann	None

Orientation and Continuing Education

The Board does not have any formal policies with respect to the orientation of new directors nor does it take any measures to provide continuing education for the directors. At this stage of the Corporation’s development the Board does not feel it necessary to have such policies or programs in place.

Ethical Business Conduct

To date, the Board has not adopted a formal written Code of Business Conduct and Ethics. However, the current limited size of the Corporation’s operations, and the small number of officers and consultants, allow the Board to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained. As the Corporation grows in size and scope, the Board anticipates that it will formulate and implement a formal Code of Business Conduct and Ethics.

Nomination and Assessment

The Board monitors, but does not formally assess, the performance of individual Board members and their contributions.

The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Corporation's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time.

Compensation

The quantity and quality of the Board compensation is reviewed on an annual basis. At present, the Board is satisfied that the current compensation arrangements, which adequately reflects the responsibilities and risks involved in being an effective director of the Corporation. The number of options to be granted is determined by the Board as a whole, which allows the independent directors to have input into compensation decisions.

Other Board Committees

At the present time, the only standing committee is the Audit Committee. The written charter of the Audit Committee, as required by NI 52-110, is contained in Schedule "A" to this Circular. As the Corporation grows, and its operations and management structure become more complex, the Board expects it will constitute formal standing committees, such as a Corporate Governance Committee and a Nominating Committee, and will ensure that such committees are governed by written charters and are composed of at least a majority of independent directors.
