2. Basis of Presentation and Summary of Significant Accounting Policies

The principal accounting policies applied in the preparation of these condensed interim consolidated financial statements are set out below.

l) Basis of Presentation and Measurement

These condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard ("IAS") 34, Interim Financial Reporting using accounting policies consistent with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and the International Financial Reporting Interpretations Committee ("IFRIC"). They do not include all the information required for annual financial statements, and therefore should be read in conjunction with the Company's annual consolidated financial statements for the years ended December 31, 2016 and 2015.

The accounting policies followed in these condensed interim financial statements are consistent with those disclosed in Note 2 of the Company's consolidated financial statements for the years ended December 31, 2016 and 2015.

The preparation of financial statements in compliance with IFRS requires management to make certain critical accounting estimates and exercise judgement in applying the Company's policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

The financial statements of these subsidiaries are included in the condensed interim consolidated financial statements from the date that control commenced until the date that control ceases. All intercompany balances and transactions have been eliminated.

IFRS 9 also includes a new general hedge accounting standard which will better align hedge accounting with risk management. The Company intends to adopt IFRS 9 in its consolidated financial statements for the year commencing January 1, 2018.

The eventual application of this standard is not expected to have a significant impact on the Company's existing accounting policies or financial statement presentation.
