## **SponsorsOne introduces a 20mg CBG chewable tablet**

For Immediate Release

**Waterloo, Ontario, April 28, 2020, SponsorsOne Inc., (CSE: SPO) (Frankfurt: 5SO), (OTC:SPONF)** the Company that makes small brands BIG through large, engaged, authentic communities of influencers that buy and support the brands they love, is pleased to announce a cherry flavored and mint flavored, chewable CBG 20mg dose in tablet form, produced by GO Nutraceuticals.

"This is an exciting new product that will build offered direct to consumer and through wholesale-retail distribution in the USA," states Myles Bartholomew, CEO of SponsorsOne. "CBG's unique property have enormous therapeutic promise, making it a subject of great interest for researchers and consumers alike".

Cannabigerol ("CBG") was first discovered by researchers in the 1960's, CBG is the precursor from which all other cannabinoids are synthesized, which is why it's often referred to as the "mother" or "stem cell" of cannabinoids. Studies has shown that CBG may impair secondary pathways and have a profound influence on the ability of viruses to replicate in neurons. (Cannabinoids and Viral Infections, June 3, 2010

CBG has also demonstrated strong antibacterial properties and was effective in mice against a resilient family of bacteria known as methicillin-resistant Staphylococcus aureus (MRSA). CBG achieved this by targeting the cell membrane of the bacteria. These findings in the laboratory were supported when mice with an MRSA infection were given CBG. The findings were published in the journal American Chemical Society Infectious Diseases.

SponsorsOne will develop the branding for the chewable oral delivered dose, 20mg CBG with 30 tabs in a small plastic bottle. Two flavors will be immediately offered, Cherry and Min, the products are easy and enjoyable to consume, the deliveries are small, and they taste great. The product will be sold direct to consumer through GO Nutraceuticals' online store and through SPO's wholesale and retail distribution channel.

### **About GO Nutraceuticals Inc.**

GO and its team have spent the last 5 years developing an all-natural single step infusion process to combine certain of the healthiest botanicals into a raw – whole plant oil product. No chemicals, no heat, no alteration of the natural plant creates an oil "The way mother nature intended". By preserving the acid (CBDA, CBGA, THCA) contained in the hemp plant, maximum efficacy is experienced as the body's endocannabinoid system can absorb all 120 cannabinoids in their natural state. The Entourage Effect is in full force, where all of the cannabinoid categories interact for maximum health benefits. GO has a complete 30 ml bottle product line with three concentrations (250, 500 and 1000mg) and by infusing botanicals providing specific known health benefits has created, GO Ease, GO Dream, Go Meditate, GO Energize, GO Relax, GO Rejuvenate and GO Heal. GO will launch nationally in the USA in 2020 and plans to expand its operations and product offering internationally in 2021.
