## Mineworx Shares Live Webinar Video

**Burnaby, B.C., Canada – November 10, 2017 – Mineworx Technologies Ltd.**, (the "Company" or "Mineworx") (TSXV: MWX) (OTCQB: MWXRF) (FSE: YRS WKN: A2DSW3), a leading provider of proprietary, cost-effective, and non-toxic precious metals extraction solutions to the E-Waste and mining industries, announced today that due to the positive feedback and support, plus the high demand to view the Mineworx Live Webinar held on November 9th, the Company is now offering interested parties the opportunity to view a taping of the event.

To view the Live Webinar go to our website – [www.mineworx.net](http://www.mineworx.net) or [CLICK HERE](#)

Mineworx looks forward to hosting future webinars to provide timely updates on the events currently under development regarding the Mineworx-EnviroLeach E-Waste Joint Venture.

### **About Mineworx**

Mineworx is positioned for growth through partnerships with advanced mining and e-Waste opportunities utilizing its licensed cyanide-free precious metals extraction formula and patent-pending portable extraction technologies. These three innovations will increase and enhance business opportunities by deploying cost effective, environmentally friendly extractive metallurgy solutions.

**Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.**
