NAMESILO RELEASES LOGO MAKER

NameSilo continues to expand capabilities for small business customers

May 8, 2020 - **NameSilo Technologies Corp.** (CSE: URL) (PINKSHEETS: URLOF) (the "**Company**") is pleased to announce that it has released a new [logo maker](#). The service allows users to create their company logo from scratch by choosing from thousands of existing templates. Every aspect of the logo is customizable, including the icon, size and text.

The user begins by providing relevant information about their business and imagery that fits their brand. The platform will then automatically generate thousands of tailored results, which can be fully customized. Users can create, shortlist and edit as many logos as they like for free. Once they find the perfect logo, users can choose to purchase the complete branding kit for that logo, which includes amongst other things vector files, support guides, social media kit and brand guide.

Endrit Muca, CMO of NameSilo states, "Creating a logo is an important step in starting any new business. Your brand will be closely associated to your logo, so it's important to get it right! Our logo maker will help you create and customize the perfect one." He adds: "This new product will fit in well with our current suite of domain name registration and web hosting services. We will continue to expand capabilities for our customers and offer them everything needed to get their business website live."

NameSilo launched in 2010 and has established itself as one of the most-trusted and secure registrars catering to an array of different customers. Since being acquired on August 1, 2018, NameSilo has been one of the fastest growing registrars in the world based on statistics made available from ICANN. Over this time, the company has also added new hosting, website builder, SSL, premium DNS and e-mail services in an effort to better serve customers.
