

NEW FRONTIER VENTURES INC.

Management's Discussion and Analysis

For the periods ended September 30, 2024 and 2023

(expressed in Canadian dollars)

As approved by the Board of Directors on November 28, 2024

New Frontier Ventures Inc.

Management's discussion and analysis for the periods ended September 30, 2024 and 2023

GENERAL

The following discussion of performance, financial condition and prospects of New Frontier Ventures Inc. (the "Company", a publicly listed Corporation on the Canadian Stock Exchange or "CSE") should be read in conjunction with the unaudited condensed interim consolidated financial statements of the Company for the period ended September 30, 2024, the audited consolidated financial statements for the year ended December 31, 2023 ("Financial Statements"), and management discussion and analysis for the year ended thereon. The Company's Financial Statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"). The Financial Statements and the Management Discussion and Analysis ("MD&A") have been reviewed by the Audit Committee and approved by the Company's Board of Directors on November 28, 2024. The Canadian dollar is the functional and reporting currency of Gravitas. Unless otherwise noted, all dollar amounts within this report are expressed in Canadian dollars. In addition to reviewing this report, readers are encouraged to read the Company's public filings on SEDAR at www.sedar.com.

CAUTIONARY STATEMENT ON FORWARD LOOKING STATEMENTS

Certain statements contained in this MD&A constitute "forward-looking statements" for the purpose of applicable Canadian securities legislation. These statements reflect our management's expectations with respect to future events, the Company's financial performance and business prospects. All statements other than statements of historical fact are forward-looking statements. The use of the words "anticipate", "believe", "continue", "could", "estimate", "expect", "intends", "may", "might", "plan", "possible", "potential", "predict", "project", "should", "would", and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. These statements involve known and unknown risks, uncertainties, and other factors that may cause actual results or events to differ materially from those anticipated or implied in such forward-looking statements. The forward-looking information contained in this MD&A is presented to assist shareholders in understanding the Company's strategic priorities and objectives as at the periods indicated and may not be appropriate for other purposes. No assurance can be given that these expectations will prove to be correct and such forward-looking statements included in this MD&A should not be unduly relied upon. Circumstances affecting the Company may change rapidly. Except as may be required by applicable law, the Company does not undertake any obligation to update publicly or revise any such forward looking statements, whether as a result of new information, future events or otherwise. Unless otherwise indicated, these statements speak only as of the date of this MD&A. Actual results could differ materially from those anticipated in forward-looking statements stated within the MD&A.

CORPORATE OVERVIEW

New Frontier Ventures Inc. (Formerly "Gravitas Financial Inc.") (the "Company") was an investment holding firm. It disposed of its assets in 2019 to 2021 and is currently looking for new business. The Company is a publicly listed company on the Canada Securities Exchange ("CSE") and was trading under the symbol, VFI-X.

The Company was incorporated under the Canada Business Corporation Act with its registered office and principal place of business at 200 Consumers Road, Suite 702, Toronto, Ontario, M2J 4R4.

These Consolidated Financial Statements ("Financial Statements") were approved by the Board of Directors on November 28, 2024.

Going Concern

These Financial Statements have been prepared on a going concern basis, which assumes the Company will continue its operations in the foreseeable future and that it will be able to realize its assets and discharge its liabilities in the normal course of operations. As of September 30, 2024, the Company's current liabilities exceed current assets by \$491,592 (December 31, 2023 - \$420,603). The Company as of September 30, 2024, has a cumulative deficit of \$6,857,867 (December 31, 2023- \$6,786,878); negative cash flows from operations for the period ended September 30, 2024 totalling \$61,374 (2023 - \$12,134); and had a shareholder deficiency of \$491,592 as at September 30, 2024 (December 31, 2023- \$420,603). These conditions indicate the existence of material uncertainties that may cast significant doubt on the Company's ability to continue as a going concern. The Unaudited Condensed Interim Consolidated financial statements do not reflect adjustments to the carrying value of assets and liabilities or reported

New Frontier Ventures Inc.

Management's discussion and analysis for the periods ended September 30, 2024 and 2023

expenses and balance sheet classifications that would be necessary if the going concern assumption was not appropriate. These adjustments could be material.

Management is pursuing initiatives intended to address the current working capital deficiency. Due to the continuing operating losses, the Company's ability to continue as a going concern is dependent upon its ability to obtain adequate financing and to reach profitable levels of operation. It is not possible to predict whether financing efforts will be successful or if the Company will attain profitable levels of operation. Management believes it will be successful in obtaining necessary funding to continue operations in the normal course of operations. However there is no assurance that these funds will be available on terms acceptable to the Company.

Management of the Company had been successful in liquidating some of its assets to pay the liabilities.

SELECTED FINANCIAL INFORMATION

As at September 30, 2024, the total liabilities of the Company were \$503,849 compared to \$423,023 at December 31, 2023.

Shareholder total equity deficiency of the Company was \$491,592 as at September 30, 2024 compared to \$420,063 at December 31, 2023.

On July 7, 2023 the Company closed the settlement of \$211,994 debt owed by the Company to three service providers by issuing 4,239,880 common shares of the Company at \$0.045 per share, including 3,200,000 common shares issued to two directors of the Company to settle \$160,000 owed to them. \$21,199 gain on the debt settlement was recorded representing the difference between the fair price of the shares and the debt amount settled. \$14,543 legal costs were recorded as share issue costs. Legal costs plus HST in total of \$18,990 was forgiven by the service provider that was recorded as gain on forgiveness of debt.

SELECTED QUARTERLY RESULTS AND TRENDS (EXPRESSED IN THOUSANDS)

	2024	2024	2024	2023	2023	2023	2023	2022

Selected balance sheet (liabilities) information as at September 30, 2024 and December 31, 2023 are as follows:

	September 30, 2024	Dec 31, 2023
Liabilities	\$	\$
Trade and other payables	339,577	324,352
Advances payable	102,506	38,671
Loan payable	61,766	60,000

RELATED PARTIES AND RELATED PARTY TRANSACTIONS

Parties are considered related if the party has the ability, either directly or indirectly, to control the other party or exercise significant influence over the other party in making operating and financial decisions. This would include the Company's and their subsidiaries' senior management. Parties are also related if they are subject to common control or common significant influence. Related parties may be individuals or corporate entities. A transaction is a related party transaction when there is a transfer of resources or obligations between related parties. The following are the related party transactions during the periods ended September 30, 2024 and 2023. Unless otherwise stated, none of the transactions incorporated special terms and conditions and no guarantees were given or received. Usually outstanding balances are settled in cash.

During the period ended September 30, 2024, the Company-

- Incurred \$36,000 (2023- \$63,000) plus HST to directors and senior officers of the Company and its subsidiaries, including the Chief Executive Officer and its Chief Financial Officer of the Company and/or its subsidiary companies. This amount has been included in compensation and management fees, professional fees and general and administrative fees. \$292,474 (December 2023 - \$245,794) was outstanding at September 30, 2024 that was included in the trade and other payables.
- In the period ended September 30, 2024, the Company received \$63,835 (2023 - \$7,000) advances from directors and related parties.

STOCK-BASED COMPENSATION

The Company has adopted a stock-based option plan under which the Board of Directors may award options for common shares to directors, officers, employees and consultants. The maximum number of common shares issuable pursuant to the share option plan must not exceed 10% of the total number of the Company's outstanding. The exercise price of each option is determined by the Board of Directors and cannot be less than the discounted market value of the common shares on the eve of the award. The term of the options cannot exceed five periods. There was no stock option is outstanding as of December 31, 2023 and September 30, 2024.

SUMMARY OF SHARES OUTSTANDING

As at September 30, 2024, the Company's authorized share capital consists in an unlimited number of common shares of which 7,143,962 are currently outstanding. There was no options outstanding as of September 30, 2024.

New Frontier Ventures Inc.

Management's discussion and analysis for the periods ended September 30, 2024 and 2023

BASIS OF CONSOLIDATION OF THE COMPANY'S FINANCIAL STATEMENTS

The Financial Statements include the accounts of the Company and its subsidiaries. Subsidiaries are entities which the Company has power over decisions about relevant activities. The existence and effect of potential voting rights that are currently exercisable, or convertible are considered when assessing whether control exists. Subsidiaries are fully consolidated from the date on which control is transferred to the Company. Entities are deconsolidated from the date on which control ceases. Accounting policies of subsidiaries have been changed, where necessary, to ensure consistency with the Company's policies. The purchase method of accounting is used to account for the acquisition of subsidiaries. Purchase consideration is measured as the fair value of the assets given, equity instruments issued, and liabilities assumed at the date of exchange. The transaction costs directly attributable to the acquisition are expensed.

CRITICAL ACCOUNTING ESTIMATES AND MATERIAL ACCOUNTING POLICIES

The preparation of the Financial Statements requires the Company to make judgments in applying its accounting policies and estimates and assumptions about the future. Judgments, estimates and assumptions affect the Company's reported amounts of assets, liabilities, and items in net income or loss, and related disclosure. Estimates are based on various assumptions that the Company believes are reasonable under the circumstances. These estimates form the basis for making judgments about the carrying value of assets and liabilities and the reported amounts of items in net earnings or loss that are not apparent from other sources. The Company evaluates its estimates on an ongoing basis. Actual results may differ from the Company's estimates. Please refer to the Note 3 to the December 31, 2023 consolidated financial statements for the estimates and assumptions that may have significant effects.

STANDARDS, AMENDMENTS, AND INTERPRETATIONS ISSUED AND ADOPTED

The Company has determined that new standards, interpretations and amendments to existing standards have been issued by the IASB or IFRIC that are either not applicable to the Company or that no material effect is expected on the financial statements as a result of adoption.

RISKS RELATED TO FINANCIAL INSTRUMENTS

The Company is exposed to the following risks through its financial instruments.

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Company's trade and other receivables are subject to the expected credit loss model. The Company applies the simplified approach to providing for expected credit losses prescribed by IFRS 9, which permits the use of the lifetime expected loss provision for all trade and other receivables and receivables from brokers and clients, while ECL calculation based on stage assessment has been performed for loan receivables.

Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulties in meeting obligations with financial liabilities that would be settled either by delivering cash or another financial asset. See Note 2 for Going Concern uncertainty. The Company has current assets of \$12,257 which will be used to cover its operating and investing activities. The expected timing of consolidated cash flows relating to financial liabilities as at September 30, 2024, are as follows:

	Less than 1 year	1-5 years	6-10 years	Total
	\$	\$	\$	\$
Trade and other payables	339,577	-	-	339,577
Loan payable	61,766	-	-	61,766
Advances payable	102,506	-	-	102,506

New Frontier Ventures Inc.

Management's discussion and analysis for the periods ended September 30, 2024 and 2023

503,849	-	-	503,849
---------	---	---	---------

Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company is exposed to the following three types of market risk: interest rate risk, currency risk and other price risk.

Interest rate risk - Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to significant interest rate risk as the loan payable is interest free.

LOAN PAYABLE

On June 2, 2020, the Company obtained \$40,000 in revolving credit from the Government of Canada under the Canada Emergency Business Account (CEBA) COVID-19 Economic Response Plan. The funding is granted in the form of an interest free revolving credit line of which up to \$40,000 may be drawn. On January 1, 2021, any balance remaining on the revolving credit line will automatically convert into a non-revolving term loan. Effective January 1, 2023, any outstanding balance on the term loan shall bear interest at a rate of 5% per annum. The term loan matures on December 31, 2025. If 75% of the outstanding balance of the term loan is repaid on or before December 31, 2022, the remaining 25% of the balance shall be forgiven. The Company used the assumption of 20% discount rate to determine the fair value of the interest-free period, and assumes the Company will repay the 75% outstanding balance on December 31, 2022. The difference between the amount received in cash and the related fair value was considered a government grant and was recognized as income in the statement of income.

The Company drew the full \$40,000 and intended to repay \$30,000 on or before December 31, 2022. The initial recognition of the \$40,000 was at its fair value at a discount of 20%. \$18,665 was recognized as debt and \$21,335 was recognized as government grant income.

In 2021 the Canadian Government increased the CEBA loan available to small businesses to \$60,000. The Company made another draw of \$20,000 on January 11, 2021. If the Company would repay the outstanding balance of the loan (other than the forgiven amount) on or before December 31, 2022, the forgiven amount would be \$20,000 in total (25% of the first \$40,000 and 50% of the second \$20,000). The Company recorded the \$12,903 of the \$20,000 as government grant income, and \$7,097 as new loan portion.

In late 2021, the Canadian Government extended the date of repayment for the forgiven amount from December 31, 2022 to December 31, 2023.

\$6,667 interest was accrued for the year ended December 31, 2023. In the period ended September 30, 2024, the Company was not able to repay the \$40,000 amount required before the deadline of January 18, 2024, and the Company adjusted the loan balance as of December 31, 2023 to \$60,000 and recorded a reversal of government grant of \$20,000 for the year ended December 31, 2023. Effective January 18, 2024 the loan became a term loan bearing annual interest rate of 5% that matures on December 31, 2026. The Company accrued \$1,766 interest for the loan for the period ended September 30, 2024.

ADVANCES PAYABLE

In the period ended September 30, 2024, a director of the Company and a company controlled by a director of the Company made advances in total of \$63,835 (2023 - \$7,000) to the Company to support its working capital that are interest free, unsecured, and due on demand. The outstanding balance was \$102,506 as of September 30, 2024 (December 31, 2023 - \$38,671).

OFF-BALANCE SHEET ARRANGEMENTS

New Frontier Ventures Inc.

Management's discussion and analysis for the periods ended September 30, 2024 and 2023

The Company has no off-balance sheet arrangements.

DISCLOSURE CONTROLS AND PROCEDURES

Management has established processes to provide them with sufficient knowledge to support representations that they have exercised reasonable diligence to ensure that (i) the consolidated financial statements do not contain any untrue statement of material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it is made, as of the date of and for the periods presented by the consolidated financial statements; and (ii) the consolidated financial statements fairly present in all material respects the financial condition, financial performance and cash flows of the Company, as of the date of and for the periods presented.

In contrast to the certificate required for non-venture issuers under National Instrument 52-109 Certification of Disclosure in Issuers' Annual and Interim Filings ("NI 52-109"), the Venture Issuer Basic Certificate filed by the Company does not include representations relating to the establishment and maintenance of disclosure controls and procedures ("DC&P") and internal control over financial reporting ("ICFR"), as defined in NI 52-109. In particular, the certifying officers filing such certificate are not making any representations relating to the establishment and maintenance of:

- controls and other procedures designed to provide reasonable assurance that information required to be disclosed by the issuer in its annual filings, interim filings or other reports filed or submitted under securities legislation is recorded, processed, summarized and reported within the time periods specified in securities legislation; and
- a process to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the consolidated financial statements for external purposes in accordance with the issuer's generally accepted accounting principles (IFRS).

The Company's certifying officers are responsible for ensuring that processes are in place to provide them with sufficient knowledge to support the representations they are making in such certificate. Investors should be aware that inherent limitations on the ability of certifying officers of a venture issuer to design and implement on a cost effective basis DC&P and ICFR as defined in NI 52-109 may result in additional risks to the quality, reliability, transparency and timeliness of interim and annual filings and other reports provided under securities legislation.

ADDITIONAL INFORMATION

Readers are referred to the more detailed information described in other disclosure documents filed with the applicable Canadian securities regulatory authorities and available at www.sedar.com.
