

## **RXT 110 INC. Announces the Appointment of Directors to fill Vacancies on the Board**

**Toronto, Ontario (October 6, 2011) - RXT 110 INC. (CNSX:RXT)** (the "Company") announced today the appointment of Mr. Allan S. Gibbins and Mr. David Butler to serve as directors until the next annual meeting of shareholders. The appointment of Mr. Gibbins and Mr. Butler fills vacancies on the board of directors. In addition, Mr. Gibbins and Mr. Butler will join the audit committee of the board as independent directors.

Mr. Gibbins brings extensive management, operational and manufacturing experience to the board having most recently been the past President of the Canadian operations Hubbell Canada LLP, a global manufacturer of electrical products and lighting fixtures serving the industrial, commercial, utility and residential sectors. Mr. Gibbins also has extensive experience in the housing products and chemical products sectors having served as President and General Manager of NuTone Electrical Inc., a housing products manufacturer based in Toronto, and prior to that, as a sales and senior manager with DuPont Canada in their Customer Service, Logistics, Chemical, Plastics, Finishes, Electronic and Textile Fibres businesses.

Mr. Butler brings extensive marketing, public relations and employee relations expertise to the board. He is the former owner of Marshall Fenn Ltd., a Toronto based integrated marketing company and the MF Group of Companies which included Jeeves Travel Agency, MF Incentives Inc. and Newfound Communications. Mr. Butler expanded MF Incentives into the USA, UK, France, Australia and New Zealand. Mr. Butler is a former director of Tracker Corporation of America, Universal Medical History & Information, Inc. and Mercy International.

The Company is pleased to welcome Mr. Gibbins and Mr. Butler to the Board of Directors. Their leadership, insights and counsel will be invaluable as the Company moves forward with the execution of its business plan.

### **About RXT 110 Inc.**

RXT 110 Inc.'s line of retail anti-microbial products will effectively kill mould, bacteria and fungi on contact and prevent re-growth. These products address the demand created by the mounting health and environmental concerns. Mould can affect the immune system, nervous system, liver, kidneys, blood and cause brain damage.

RXT will also manufacture and distribute RXT 110, an anti-microbial filler. Calcium Carbonate is one of the most common fillers used industrially. It is susceptible like other fillers that hold moisture to attracting mold. Annual global revenue in the calcium carbonate filler industry approximates 140 billion dollars. RXT 110 Inc. will produce anti-microbial filler that performs 'filling' and 'bulking' functions like calcium carbonate. RXT 110 does not attract moisture and consequently mold infestation. RXT filler with its anti-microbial high ph core in individual particles enhances commercial product life and eradicates a broad spectrum of known bacteria, fungi, algae and other micro - organisms by suppression of their reproduction.

### **On behalf of the Board of Directors of RXT 110 Inc.**

Bruce Lewis  
Chairman
