

## **RXT 110 INC. Announces the Resignation of Donald Meade as Director**

**Toronto, Ontario (August 19, 2011) - RXT 110 INC. (CNSX:RXT)** (the "Company") announced today that Mr. Donald Meade has resigned as a director of the Company.

### **About RXT 110 Inc.**

RXT 110 Inc.'s line of retail anti-microbial products will effectively kill mould, bacteria and fungi on contact and prevent re-growth. These products address the demand created by the mounting health and environmental concerns. Mould can affect the immune system, nervous system, liver, kidneys, blood and cause brain damage.

RXT will also manufacture and distribute RXT 110, an anti-microbial filler. Calcium Carbonate is one of the most common fillers used industrially. It is susceptible like other fillers that hold moisture to attracting mold. Annual global revenue in the calcium carbonate filler industry approximates 140 billion dollars. RXT 110 Inc. will produce anti-microbial filler that performs 'filling' and 'bulking' functions like calcium carbonate. RXT 110 does not attract moisture and consequently mold infestation. RXT filler with its anti-microbial high ph core in individual particles enhances commercial product life and eradicates a broad spectrum of known bacteria, fungi, algae and other micro - organisms by suppression of their reproduction.

### **On behalf of the Board of Directors of RXT 110 Inc.**

Bruce Lewis  
Chairman
