## **About Biosenta Inc.**

Biosenta Inc. develops and manufactures a range of household and industrial disinfectants and cleaners which utilize advanced nanotechnology to achieve higher levels of efficacy than traditional disinfectants with less active ingredients. These disinfectants will kill potentially deadly mold, fungi, bacteria and viruses on contact and prevent re-growth. The household products are very safe for human use and environmentally friendly and are used in various residential, healthcare and commercial settings. The industrial products are embedded, and not coated, into various materials including drywall, plastics and resins and remain active for decades. The industrial products are used in a broad range of manufacturing industries.

## **On behalf of the Board of Directors of Biosenta Inc.**
