

ScreenPro Security Opens its First COVID-19 Testing Walk-In Clinic in Vancouver

Toronto, Ontario--(Newsfile Corp. - April 15, 2021) - **ScreenPro Security Inc., (CSE: SCRN) ("ScreenPro" or the "Company")** is pleased to announce that it has opened its first COVID-19 testing clinic in partnership with Concierge Medical Consultants, Inc. ("**Concierge**"), located in Coal Harbor, Vancouver.

The clinic is operated by Concierge Medical Consultants Inc. ("**Concierge**"), a wholly-owned operating subsidiary of Datametrex AI Limited (**TSXV: DM**) ("**Datametrex**"), with testing administered by ScreenPro's trained nurses, and processed by ScreenPro's lab partners.

The clinic offers both rapid testing, with results in ten (10) minutes, and traditional lab-based polymerase chain reaction ("**PCR**") testing, with results within twenty-four (24) hours. According to the manufacturers, both the rapid test and PCR test kits can detect the new variants.

ScreenPro, upon request by the client, can also provide travel documents electronically, confirming PCR test results, with the Company's app, GoStop, for travel from Canada to the United States and destinations worldwide.

John McMullen, CEO of ScreenPro commented, "As we are in the third wave of the virus across the country, with both the Brazil and UK variants present, it is critical to offer the public convenient Covid-19 testing options. Our nurses, and partner labs, working with Dr. Jibrán and the Concierge medical team, provide consistent test processing and timely reporting of results. As cases rise in the province, we believe testing is an important part in the solution to fight the virus."

The clinic opened in March and offers a comfortable and convenient location for ScreenPro clients. Testing is available to the public, Monday to Friday from 8 am to 4 pm Vancouver time.
