

ScreenPro Security Provides Update on Testing with Productions

Toronto, Ontario--(Newsfile Corp. - November 4, 2021) - **ScreenPro Security Inc. (CSE: SCRN) (OTSCQB: SCRFSF) ("ScreenPro" or the "Company")** is pleased to provide an update on productions serviced by ScreenPro and the GoStop app (the "**App**") presently deployed with its film and television clients.

The Company is currently working with over 30 film and television productions in British Columbia, Ontario and Quebec as well as providing concierge services to productions within those regions. The GoStop App is an integral part of the reporting software for the productions, providing pushed COVID-19 screening results to cast and crew members, as well as automated identification codes for our laboratories and analytics to productions and on their testing cadence.

Lena Kozovski, CEO of ScreenPro Security commented, "GoStop is an essential reporting platform for ScreenPro clientele, assisting with individual results for screening purposes, as well as assisting with our COVID screening analytics and it is also integrated with our laboratory patient identification system. Productions employ hundreds of office employees, film technicians, and actors per production over multiple locations, including offices, carpenter shops, studios and on location. It is critical to communicate to all stakeholders any positive results that might shut down a multi million-dollar production."

About ScreenPro

ScreenPro is a Screening and Medical Technology company that provides turnkey screening solutions with its proprietary medical alerting software. ScreenPro's unique access to multiple manufacturers of high-quality test kits and its strategic partnership with labs in British Columbia, Ontario, and Quebec allowing ScreenPro to be a full-service nationwide provider of COVID testing solutions across Canada. In addition, ScreenPro has its own medical doctor and nursing professionals along with on the ground support staff and transportation, as access to high quality PPEs to ensure that its clients are protected in all aspects of their testing needs. ScreenPro provides alerting software through its secure GoStop application that enables individuals to use the app for test screening results as well as provides automated identification codes for our laboratories and analytics to our clients on their testing cadence. Forward Looking Statements:

Certain statements contained in this news release may constitute forward-looking information, including statements relating to expectations regarding acquisition of Concierge Medical Consultants Inc. and the future development of ScreenPro's business. Forward-looking information is often, but not

always, identified by the use of words such as "anticipate", "plan", "estimate", "expect", "may", "will", "intend", "should", and similar expressions. Forward-looking information involves known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking information. The actual results of ScreenPro could differ materially from those anticipated in this forward-looking information as a result of regulatory decisions, competitive factors in the industries in which ScreenPro operates, prevailing economic conditions, changes to ScreenPro's strategic growth plans, and other factors, many of which are beyond the control of ScreenPro. Management of ScreenPro believes that the expectations reflected in the forward-looking information herein are reasonable, but no assurance can be given that these expectations will prove to be correct and such forward-looking information should not be unduly relied upon. Any forward-looking information contained in this news release represents ScreenPro's expectations as of the date hereof and is subject to change after such date. ScreenPro disclaims any intention or obligation to update or revise any forward-looking information whether as a result of new information, future events or otherwise, except as required by applicable securities legislation.
