* Note:

- Price may change without further notice
- Travel certificate available upon request with no extra cost

Booking a COVID test is effortless and can be also done through the Company's website at [ScreenPro Security Testing](#). ScreenPro offers both rapid antigen with results in fifteen (15) minutes, and the laboratory polymerase chain reaction ("**PCR**") testing in preparation for travel or prevention of spreading COVID.

Also, ScreenPro has an expanded medical team with doctors and nurses with its wholly owned subsidiary, [Concierge Medical Consultants Inc. \("Concierge"\)](#), and can provide COVID testing for corporate and individuals in the comfort of your home or at a business or office location with preventative screening to determine the presence or absence of COVID.

ScreenPro provides travel documents for both PCR and antigen COVID test results upon request without an extra fee.

With over 314,000 confirmed active COVID-19 cases in Canada and with new highly contagious Omicron (B.1.1.529) variant, testing will remain a front-line tool to reduce cases in Canada as people can be asymptomatic and spread the new variant and those who are exposed appear to get sick faster and may have symptoms that are different than those of other variants.

"With the Omicron variant rolling through communities and case counts hitting an all-time-high, it is important to get tested and stop the spread of Omicron and keeping the countries hospital ICU's from hitting capacity. We have the medical staff and lab capacity to deliver COVID testing in Toronto and Vancouver area," stated Lena Kozovski, CEO of the Company.

About Concierge

Concierge Medical Consultants is a small group of board-certified practicing emergency physicians who

think that urgent care does not just happen in an ER or your doctor's office, it can happen anywhere at any time. Dr Jibrán Sharif, MD, CCFP EM, RDMS, is the founder and CEO of Concierge Medical Consultants and grew up in Vancouver. He earned a degree in Economics at the University of British Columbia before graduating with a medical degree and residencies in Emergency Medicine and Ultrasound at the University of Sydney, University of Saskatchewan, and the University of Calgary, respectively. He is a full time Emergency physician in the GVRD and a Clinical lecturer with the faculty of Emergency Medicine at the University of British Columbia.
