

# ScreenPro's Film and Production Clients Increased Testing to 300 %

Toronto, Ontario--(Newsfile Corp. - January 11, 2022) - **ScreenPro Security Inc. (CSE: SCRN) (OTCQB: SCRSF) ("ScreenPro" or the "Company")** is pleased to provide an update on Covid-19 testing businesses to its film and television clients.

The Company is requested by its film and production clients to test on 24-hour rotation effective immediately, instead of the previous 72-hours rotation, due to the surging Omicron SARS-CoV-2 variant (B.1.1.529) numbers. This means ScreenPro is providing testing 300% more than originally scheduled.

For the months of November and December 2021, the Company provided services to 41 production companies: 2 in Montreal, 11 in Toronto and 28 in Vancouver, administering approximately 41,100 tests.

Lena Kozovski, CEO of ScreenPro Security commented, "With over 280,000 active cases reported in the three provinces and the cost to productions having to shut down, the ramp up of testing is necessary in order to ensure that all health and safety protocols are met with the proper tracking and tracing. The utilization of the GoStop application has been integral component in the process as this system allows us to report all current and potential exposure cases."

## About ScreenPro

ScreenPro is a Screening and Medical Technology company that provides turnkey screening solutions with its proprietary medical alerting software. ScreenPro's unique access to multiple manufacturers of high-quality test kits and its strategic partnership with labs in British Columbia, Ontario and Quebec allowing ScreenPro to be a full-service nationwide provider of COVID testing solutions across Canada. In addition, ScreenPro has its own medical doctor and nursing professionals along with on the ground support staff and transportation, as access to high quality PPEs to ensure that its clients are protected in all aspects of their testing needs. ScreenPro provides alerting software through its secure GoStop application that enables individuals to use the app for test screening results as well as provides automated identification codes for our laboratories and analytics to our clients on their testing cadence. ## Forward-Looking Statements:

*Certain statements contained in this news release may constitute forward-looking information, including statements relating to expectations regarding the acquisition and business of Concierge Medical Consultants Inc. and the future development of ScreenPro's business. Forward-looking information is often, but not always, identified using words such as "anticipate", "plan", "estimate", "expect", "may", "will", "intend", "should", and similar expressions. Forward-looking information*

*involves known and unknown risks, uncertainties and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking information. The actual results of ScreenPro could differ materially from those anticipated in this forward-looking information because of regulatory decisions, competitive factors in the industries in which ScreenPro operates, prevailing economic conditions, changes to ScreenPro's strategic growth plans, and other factors, many of which are beyond the control of ScreenPro. Management of ScreenPro believes that the expectations reflected in the forward-looking information herein are reasonable, but no assurance can be given that these expectations will prove to be correct and such forward-looking information should not be unduly relied upon. Any forward-looking information contained in this news release represents ScreenPro's expectations as of the date hereof and is subject to change after such date. ScreenPro disclaims any intention or obligation to update or revise any forward-looking information whether because of new information, future events or otherwise, except as required by applicable securities legislation.*
