

ScreenPro Launches Concierge Home Care Solutions

Toronto, Ontario--(Newsfile Corp. - September 22, 2022) - **ScreenPro Security Inc. (CSE: SCRN) (OTCQB: SCRSF) ("ScreenPro" or the "Company")** is pleased to announce that its wholly-owned subsidiary, Concierge Medical Consultants Inc. ("**Concierge**"), launched personal home care services in the Greater Toronto Area (GTA). The Company plans to expand to the Vancouver area in the near future.

The personal home care service is a new healthcare solution tailored for seniors or those who are looking for at home care. Our team of healthcare professionals believe that urgent medical care doesn't have to happen in the clinic, it can happen at home. This new service brings accessible care to the patient's home and helps improve the patient's overall healthcare experience.

With the current state of the Canadian healthcare system and hospital wait times being at a record high, Canadian healthcare continues to be in crisis. Patient needs and healthcare services are in demand. Leveraging Concierge services to provide in-clinic and at home healthcare will help further expand the Company into the health care space, while providing solutions to patients who need timely care. (Source: <https://toronto.citynews.ca/2022/06/10/emergency-room-wait-times-toronto/>)

Home care services allow patients to receive care in the comfort of their home, enhancing quality of life and health. Our team of health care professionals will provide the following services for home care:

- Personal support
- IV Therapy
- Nursing care
- Dementia care
- Palliative Care
- Tracheostomy Care
- Colostomy Care
- Medication Assistance

The Canadian home care market is expected to grow substantially as there is a rise of the elderly population and rising chronic diseases driving growth in home care. North America dominated the global home health care market in growth and is expected to increase by 8.4% to nearly \$300 billion within the next four years. "The Company is proud to utilize Concierge Medical's capabilities in the development of home care services with our dedicated team of physicians, nurses, and personal support workers," said Andrew Ryu, Interim Chief Executive Officer and Chairman.

"Our vision for Concierge is to create a strong patient-medical professional relationship, providing

passionate, empathic, and timely care to patients for all health concerns. In these trying times, immediate access to a healthcare professional can be difficult, Concierge is here to make it simple," said Dr. Jibran Sharif, President of Concierge Medical and Chief Medical Officer of the Company.

About Concierge

Concierge Medical Consultants is a small group of board-certified practicing emergency physicians who think that urgent care does not just happen in an ER or your doctor's office, it can happen anywhere at any time. Dr Jibran Sharif, MD, CCFP EM, RDMS, is the founder and President of Concierge Medical Consultants, he is a passionate advocate of Concierge medicine and believes that all patients should have robust, timely and personalized access to health care professionals. He earned a degree in Economics at the University of British Columbia before graduating with a medical degree and residencies in Emergency Medicine and Ultrasound at the University of Sydney, University of Saskatchewan, and the University of Calgary, respectively. He is a full time Emergency physician in the GVRD and a Clinical lecturer with the faculty of Emergency Medicine at the University of British Columbia.
