

Naturevan Has Shipped the First Products to Amazon

Toronto, Ontario--(Newsfile Corp. - October 14, 2022) - **ScreenPro Security Inc. (CSE: SCRN) (OTCQB: SCRFSF) ("ScreenPro" or the "Company")** is pleased to announce that its wholly-owned subsidiary, Naturevan Nutrition Ltd. ("**Naturevan**"), has shipped its first batch of vitamin products to Amazon U.S.A.

Management foresees Naturevan exceeding its expectations as the vitamin market in North America emerges as a leading market for dietary supplements in the North American region. The American vitamin market, valued at \$151.0 billion in 2021, is expected to increase at a compound annual growth of 8.9% from 2022 to 2030. According to the latest data from the U.S Dietary Supplements Market, there is an increased consumer awareness towards health and wellness, which is expected to be the driving factor for the increase of dietary supplements over time. Due to demanding work and lifestyle schedules, there is a reported increase in dependence on supplements to fulfill the nutrient requirement for a healthy lifestyle. Furthermore, vitamins dominated the dietary supplement market and accounted for more than 30.8% of the revenue share in 2021. "The Company is thrilled to achieve this significant milestone. With plans to expand to Amazon Canada shortly, this new vertical truly diversifies ScreenPro's product offerings and exposes the Company to new revenue and profit avenues. With the U.S.A vitamin market gaining popularity for health and wellness, management believes entering the vitamin market and selling on a major eCommerce platform such as Amazon will give great returns. We are close to execution and will share more developments soon," said Andrew Ryu, Chief Executive Officer and Chairman of the Company.
