

# Concierge Expands IV Therapy Services to Postpartum Care

Toronto, Ontario--(Newsfile Corp. - October 17, 2022) - **ScreenPro Security Inc. (CSE: SCRN) (OTCQB: SCRSF) ("ScreenPro" or the "Company")** is pleased to announce that its wholly-owned subsidiary, Concierge Medical Consultants Inc. ("**Concierge**"), has entered into a partnership agreement with a Canadian-based postpartum care agency, connecting women with health and wellness services for during and after their pregnancy journey. This partnership connects Concierge with a network of women actively looking for wellness services during their pregnancy, thus allowing Concierge's Intravenous (IV) Vitamin Therapy services to gain more traction, more potential patients, and ultimately generate more sales and profit.

Pregnancy symptoms consist of body soreness, fatigue, and extreme nausea. According to Mayo Clinic, morning sickness and nausea during pregnancy may cause dehydration and an imbalance of electrolytes in the body which can cause stress to a woman's body during and after pregnancy. Treatments recommended for morning sickness include hydration and vitamin B6. (Source: <https://www.mayoclinic.org/diseases-conditions/morning-sickness/diagnosis-treatment/drc-20375260>)

IV therapy infusion can provide vitamins and nutrients that are missing in the body and repair dehydration. It can treat and fight against colds, nutrient deficiency, fatigue, burnout, low energy and provide relief to PMS and menstrual cramps, and postpartum stress. It is infused with electrolytes and vitamins such as Vitamin C, B5, B6, B12, Magnesium, and Zinc to support immune levels and immediately provide hydration into the bloodstream.

Additionally, IV infusion continues to trend for better health. In fact, the global Intravenous (IV) Therapy market is estimated to reach \$54.5 billion by 2023 with a compound annual growth rate of 6% due to increasing popularity for its immediate health benefits. (Source: <https://www.bccresearch.com/market-research/healthcare/intravenous-iv-therapy-and-vein-access-global-markets.html>)

"The Company is thrilled to expand IV therapy services to women in and after pregnancy and welcomes this new partnership that exposes the Company to the IV market. With IV Vitamin Therapy gaining popularity for being a fast-acting solution for health and wellness, management is expecting this new service to exceed our expectations", said Andrew Ryu, Chief Executive Officer and Chairman of the Company.

## About Concierge

Concierge Medical Consultants is a small group of board-certified practicing emergency physicians who think that urgent care does not just happen in an ER or your doctor's office; it can happen anywhere at any time. Dr. Jibrán Sharif, MD, CCFP EM, RDMS, is the founder and President of Concierge Medical Consultants. He is a passionate advocate of Concierge medicine and believes all patients should have robust, timely, and personalized access to health care professionals. Dr. Jibrán Sharif earned a degree in Economics at the University of British Columbia before graduating with a medical degree and residencies in Emergency Medicine and Ultrasound at the University of Sydney, the University of Saskatchewan, and the University of Calgary, respectively. He is a full-time Emergency physician in the GVRD and a Clinical lecturer with the faculty of Emergency Medicine at the University of British Columbia.
