(the "**Company**" or "**Uravan**") for use at the annual and special meeting (the "**Meeting**") of the holders of common shares ("**Common Shares**") of the Company (the "**Shareholders**"), to be held at the Company's office located at Building B8, 2nd Floor Boardroom, 2526 Battleford Avenue SW, Calgary, Alberta, T3E 7J4 on Friday, May 22, 2015 at 1:30 p.m. (Calgary time) for the purposes set forth in the accompanying Notice of Meeting.

Unless otherwise stated, the information contained in this Management Proxy Circular is given as at April 13, 2015.

No person has been authorized by the Company to give any information or make any representations in connection with the transactions herein described other than those contained in this Management Proxy Circular and, if given or made, any such information or representation must not be relied upon as having been authorized by the Company.

GENERAL PROXY INFORMATION

General Meeting Requirements

As at the date hereof, there are 38,544,012 Common Shares issued and outstanding. Each outstanding Common Share is entitled to one vote on any ballot at the Meeting. The board of directors (the "**Board**") of the Company has fixed the record date for the Meeting at the close of business on April 13, 2015 (the "**Record Date**"). The Company will prepare, as of the Record Date, a list of Shareholders entitled to receive the Notice of Meeting and showing the number of Common Shares held by each such Shareholder. Each Shareholder named in the list is entitled to vote the Common Shares shown opposite such Shareholder's name at the Meeting except to the extent that such holder transfers ownership of the Common Shares after the Record Date, in which case the transferee shall be entitled to vote such Common Shares upon establishing ownership and requesting, by 4:30 p.m. (Calgary time) not later than 10 days before the Meeting, to be included in the list of Shareholders entitled to vote at the Meeting.

A quorum for the transaction of business at the Meeting shall be present if two Shareholders holding in the aggregate five (5%) percent of the Common Shares entitled to vote at the Meeting are present in person or represented by proxy.

Appointment of Proxies

Those Shareholders who desire to be represented at the Meeting by proxy must deposit their proxy with the Proxy Department, Computershare Investor Services Inc., 9th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1, by facsimile to (866) 249-7775 (toll free), by internet at www.investorvote.com or by telephone by calling (866) 732-8683 (toll free), not later than 48 hours (excluding Saturdays, Sundays and holidays) before the day of the Meeting, or adjournment or adjournments thereof. A proxy must be executed by the Shareholder or his or her attorney authorized in writing, or if the Shareholder is a Company, under its seal by an officer or attorney thereof duly authorized.

The persons named in the accompanying proxy are directors and officers of the Company. **A Shareholder has the right to appoint a person (who need not be a Shareholder) to attend and act on such Shareholder's behalf at the Meeting other than the persons named in the proxy.** To exercise this right, the Shareholder must strike out the name of the persons named in the proxy and insert the name of his or her nominee in the space provided or complete another appropriate form of proxy and, in either case, deposit the proxy with the Company at the place and within the time specified above for deposit of proxies.

Persons Making the Solicitation

The solicitation is made on behalf of the management of the Company. The costs incurred in the preparation and mailing of the Instrument of Proxy, Notice of Meeting and this Management Proxy Circular will be borne by the Company. In addition to solicitation by mail, proxies may be solicited by personal interviews, telephone or by other means of communication and by directors and officers of the Company, who will not be specifically remunerated therefore. While no arrangements have been

made to date by the Company, the Company may contract for the distribution and solicitation of proxies for the Meeting. The costs incurred by the Company in soliciting proxies will be paid by the Company.

Exercise of Discretion by Proxy

The Common Shares represented by the Instrument of Proxy enclosed with this Notice of Meeting and Management Proxy Circular will be voted in accordance with the instructions of the Shareholder. **In the event that no specification is made, the Common Shares will be voted in favour of the matters set forth in the proxy.** If any amendments or variations are proposed at the Meeting or any adjournment thereof to matters set forth in the proxy and described in the accompanying Notice of Meeting and this Management Proxy Circular, or if any other matters properly come before the Meeting or any adjournment thereof, the proxy confers upon the Shareholder's nominee discretionary authority to vote on such amendments or variations or such other matters according to the best judgment of the person voting the proxy at the Meeting. At the date of this Management Proxy Circular, management of the Company knows of no such amendments or variations or other matters to come before the Meeting.

Voting by Internet or Telephone

Shareholders may use the internet site at www.investorvote.com to transmit their voting instructions or the telephone by calling (866) 732-8683 (toll free). Shareholders should have the Instrument of Proxy in hand when they access the web site or telephone voting. Shareholders will be prompted to enter their Control Number, which is located on the Instrument of Proxy. If Shareholders vote by internet or telephone, their vote must be received not later than 1:30 p.m. (Calgary time) on Wednesday, May 20, 2015 or 48 hours prior to the time of any adjournment of the Meeting. **The website or telephone may be used to appoint a proxy holder to attend and vote on a Shareholder's behalf at the Meeting and to convey a Shareholder's voting instructions. Please note that if a Shareholder appoints a proxy holder and submits their voting instructions and subsequently wishes to change their appointment, a Shareholder may resubmit their proxy and/or voting direction, prior to the deadline noted above. When resubmitting a proxy, the most recently submitted proxy will be recognized as the only valid one, and all previous proxies submitted will be disregarded and considered as revoked, provided that the last proxy is submitted by the deadline noted above.**

Revocation of Proxies

A Shareholder who has given a proxy has the power to revoke it. If a person who has given a proxy attends personally at the Meeting at which the proxy is to be voted, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing signed by the Shareholder or its attorney authorized in writing, or, if the Shareholder is a Company, under its corporate seal and signed by a duly authorized officer or attorney for the Company, and deposited at the registered office of the Company at any time up to and including the last day (other than Saturdays, Sundays and holidays) preceding the day of the Meeting at which the proxy is to be used, or any adjournment or adjournments thereof, or with the chairman of the Meeting on the day of the Meeting, or on the day of any adjournment thereof, prior to the commencement of the Meeting.

Advice to Beneficial Holders of Securities

The information set forth in this section is of significant importance to many public Shareholders, as a substantial number of the public Shareholders do not hold shares in their own name. Shareholders who do not hold their shares in their own name (referred to in this Management Proxy Circular as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those shares will not be registered in the Shareholder's name on the records of the Company. Such shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers/nominees are prohibited from voting shares for their clients. The directors and officers of the Company do not know for whose benefit the shares registered in the name of CDS & Co. are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholders how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions Inc. ("**Broadridge**"). Broadridge typically applies a special sticker to the proxy forms, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A Beneficial Shareholder receiving a proxy with a Broadridge sticker on it cannot use that proxy to vote shares directly at the Meeting. The proxy must be returned to Broadridge well in advance of the Meeting in order to have the shares voted.

This Information Circular - Proxy Statement and accompanying materials are being sent to both registered Shareholders and Beneficial Shareholders. The Company does not send proxy-related materials directly to Beneficial Shareholders and is not relying on the notice-and-access provisions of securities laws for delivery to either registered or Beneficial Shareholders. The Company will deliver proxy-related materials to nominees, custodians and fiduciaries and they will be asked to promptly forward them to Beneficial Shareholders. If you are a Beneficial Shareholder your nominee should send you a voting instruction form or proxy form along with this Information Circular - Proxy Statement. The Company has elected to pay for the delivery of our proxy-related materials to objecting Beneficial Shareholders.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Re-Approval of Share Option Plan

The rules of the TSX Venture Exchange ("**TSXV**") require that a company ratify any "rolling" 10% share option plans at each annual meeting of shareholders. Accordingly, at the Meeting, Shareholders will be asked to consider and, if deemed advisable, approve the Company's rolling share option plan (the "**Share Option Plan**") which authorizes the Board to issue share options to directors, officers, employees and other service providers as detailed below. The Share Option Plan will permit the granting of options to acquire common shares in a number equal to 10% of the Company's issued and outstanding share capital.

The Share Option Plan provides that:

A copy of the Share Option Plan will be available for inspection at the Meeting and will be sent to any Shareholder upon request.

At the Meeting, Shareholders will be asked to consider and, if thought fit, approve an ordinary resolution in the following form:

"BE IT RESOLVED THAT:

1. the Share Option Plan be and the same is hereby ratified, confirmed and approved;

2. the total number of Common Shares issuable under the Share Option Plan shall not exceed 10% of the aggregate of the issued and outstanding Common Shares on the date of the grant;
3. any one director or officer of the Company be and is hereby authorized and directed to do all things and to execute and deliver all documents and instruments as may be necessary or desirable to carry out the terms of this resolution; and
4. notwithstanding that this resolution has been passed by the shareholders of the Company, the adoption of the proposed Share Option Plan is conditional upon receipt of final approval from any stock exchange having jurisdiction and the directors of the Company are hereby authorized and empowered to revoke this resolution, without any further approval of the shareholders of the Company, at any time if such revocation is considered necessary or desirable by the directors."

In order to be passed, the foregoing resolution must be approved by the affirmative vote of a simple majority of the votes cast by the Shareholders who vote in person or by proxy at the Meeting. **The persons named in the accompanying Instrument of Proxy intend, unless otherwise directed, to vote in favour of the resolution approving the Share Option Plan.**

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Governance

UraVan's board of directors has a compensation committee (the "**Compensation Committee**") comprised of Larry Lahusen, Paul Stacey and Dr. Larry Hulbert. Mr. Stacey and Dr. Hulbert are independent members of the Compensation Committee while Mr. Lahusen is not independent as he is an executive officer of the Company.

The Compensation Committee has a written mandate that provides that the overall purpose of the Compensation Committee is to implement and oversee compensation policies and general human resources policies and guidelines concerning employee compensation and benefits approved by the Board for the Company. The role of the Compensation Committee also includes the development, recommendation, implementation and assessment of effective corporate governance principles and for the nomination of appropriate candidates to serve the Board of Directors, as chair of the Board, as Committee members and as

Committee Chairs. The Compensation Committee members have experience in top leadership roles, strong knowledge of the mining industry and a mix of practical experience relating to operations, strategy and human resources. This background provides the Compensation Committee with the collective skills and experience to enable the members of the Compensation Committee to make decisions on the suitability of Uravan's compensation policies and practices.

Role and Composition of the Board

Uravan's executive compensation program is administered by the Compensation Committee. The Board's mandate with respect to compensation includes evaluating senior management and developing appropriate compensation policies for the senior management and directors of the Company, including the Named Executive Officers (as defined below) which are identified in the "*Summary Compensation Table*" below. The duties and responsibilities of the Board with respect to compensation are further described in this Management Proxy Circular under the heading "*Corporate Governance Disclosure - Compensation*". During the year ended December 31, 2014, the Board was comprised of Larry Lahusen, Phil Mudry, Paul Stacey, Eric Maag, Torrie Chartier and Larry Hulbert. Messrs. Paul Stacey, Phil Mudry, Eric Maag and Larry Hulbert are "independent" for the purposes of National Instrument 58-201 – *Corporate Governance Guidelines* ("**NI 58-201**"). Mr. Lahusen and Ms. Chartier are not "independent" for the purposes of NI 58-201 as they are executive officers of the Company.

Compensation Discussion and Analysis

Executive Compensation Principles

Uravan's compensation program is based on the principle that compensation should be aligned with the objectives and vision of the Company and the Shareholders' interests. Senior management recognizes that the Company's corporate performance is dependent upon retaining highly trained, experienced and committed directors, executive officers and employees who have the necessary skill sets, education, experience and personal qualities required to manage our business. Uravan's program also recognizes that the various components thereof must be sufficiently flexible to adapt to unexpected developments in the mining industry and the impact of internal and market-related occurrences from time to time.

Uravan's executive compensation program is comprised of the following principal components: (a) base salary; (b) short-term incentive compensation comprised of discretionary cash and/or share bonuses; and (c) long-term incentive compensation comprised of share options. See "*Incentive Plans*". Together, these components support Uravan's long-term growth strategy and are designed to address the following key objectives of our compensation program:

- align executive compensation with the objectives and vision of the Company and Shareholders' interests;
- attract and retain highly qualified management with an appropriate level of incentives;
- focus performance by linking incentive compensation to the achievement of business objectives and financial and operational results; and
- encourage retention of key executives for leadership succession.

The Company's compensation program is primarily designed to reward performance and, accordingly, the performance of both the Company, as well as the individual performance of executive officers during the year in question, is examined by the Board in conjunction with setting executive compensation packages. The Board does not set specific performance objectives in assessing the performance of the President and Chief Executive Officer and other executive officers; rather the Board uses its experience and judgment in determining overall compensation. Some of the factors looked at by the Board in assessing the performance of the Company and its executive officers are as follows: (a) project development milestones; (b) capital costs on a share price basis; and (c) the Company's performance for all of the above relative to its goals and objectives and in relation to the performance of its industry peer group.

Elements of our Executive Compensation Program

Base Salaries

The base salary component is intended to provide a fixed level of competitive pay that reflects each executive officer's primary duties and responsibilities. The annualized amount of such billings is comparable with the compensation of executive officers of other members of our peer group. It also provides a foundation upon which performance based incentive compensation elements

are assessed and established. Senior management bills time to the Company on a per diem basis through personally held consulting corporations.

Short-Term Incentive Compensation - Cash Bonuses

In addition to base salaries, the Company has the discretion to issue bonuses, upon recommendation of management to executive officers. Bonuses do not make up a consistent portion of the Company's compensation strategy due to its current stage of development and case position. The Company may also from time-to-time issue share bonuses in certain circumstances.

Long Term Incentive Compensation – Share options

Due to the junior nature of the Company and its operations, the high cash requirements of the Company's operations and the present stage of the Company's developments, the Company grants most of its "bonus" incentives in the form of share option awards.

Executive officers, along with all of Uravan's officers, directors, employees and consultants retained by the Company, are eligible to participate in the Share Option Plan. The Share Option Plan and the Common Shares reserved thereunder have been approved by Shareholders. The Share Option Plan promotes an ownership perspective among executives, encourages the retention of key executives and provides an incentive to enhance Shareholder value by furthering the Company's growth and profitably. As with most companies in the Company's peer group, share options form an integral component of the total compensation package provided to the Company's executive officers. Participation in the Share Option Plan rewards overall corporate performance, as measured through the price of the Common Shares. In addition, the Share Option Plan enables executives to develop and maintain a significant ownership position in the Company.

Share options are normally awarded by the Board upon the commencement of an individual's employment with the Company based on the level of responsibility within the Company. Additional grants may be made periodically to ensure that the number of share options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Company. In considering additional grants, Uravan evaluates the number of share options an individual has been granted, the exercise price and value of the share options, and the term remaining on those share options. See "*Incentive Plans – Share Option Plan*" for a description of the detailed terms of the Company's Share Option Plan.

Compensation Policy Risk

The Board has considered the implications of the risks associated with the Company's compensation policies and practices and has determined that there are no significant areas of risk because of the discretionary nature of such policies and practices; however, as elements of the discretionary compensation of the executive officers, such as the bonus plan, may be based, at least partially, on the performance of the Company over the short term such policies may cause executive officers to make decisions favouring the short term results of the Company rather than making decisions based on the best interests of the Company over the long term. The ability of the Board to consider other factors such as personal contributions to corporate performance and non-financial, non-production or non-reserves based elements of corporate performance allows the Board to consider whether executive officers have attempted to bolster short-term results at the expense of the long term success of the Company in determining executive compensation.

Short Sales, Puts, Calls and Options

The Company's disclosure policy provides that directors, officers and all employees of the Company, shall not knowingly sell, directly or indirectly, a common share, non-voting share or other security of the Company if such person selling such security does not own or has not fully paid for the security to be sold. Directors, officers and employees of the Company shall not, directly or indirectly, buy or sell a call or put in respect of a common share, non-voting share or other security of the Company. The fair value of Options granted are estimated at the date of grant using a Black-Scholes Option Pricing Model with the following assumptions for the years ended December 31, 2014, 2013 and 2012, respectively: risk-free interest rates of 0%, 0% and 0%, respectively; dividend yield of 0% for each year; volatility factors of the market price of the Common Shares of 120%, 120% and 120%, respectively; and, an average expected life of the Options of three years for each year. This methodology was selected due to its acceptance as an appropriate valuation model used by similar sized oil and gas companies.

- (3) Ms. Chartier was appointed Chief Financial Officer of the Company on May 17, 2012.

Share Option Plan

The Company has a Share Option Plan which permits the granting of non-transferable options ("**Options**") to purchase Common Shares to directors, officers, key employees and consultants ("**Optionees**") of the Company. The Share Option Plan is intended to afford persons who provide services to the Company an opportunity to obtain an increased proprietary interest in the Company by permitting them to purchase Common Shares and to aid in attracting as well as retaining and encouraging the continued involvement of such persons with the Company. The Share Option Plan is administered by the Board.

The Share Option Plan currently limits the number of Common Shares that may be issued on exercise of Options to a number not exceeding 10% of the number of Common Shares which are outstanding from time to time. Options that are cancelled, terminated or expired prior to exercise of all or a portion thereof shall result in the Common Shares that were reserved for issuance thereunder being available for a subsequent grant of Options pursuant to the Share Option Plan. As the Share Option Plan is a "rolling" plan, the issuance of additional Common Shares by the Company or the exercise of Options will also give rise to additional availability under the Share Option Plan.

The number of Common Shares issuable pursuant to Options granted under the Share Option Plan or any other security-based compensation arrangements of the Company: (i) to any one Optionee in a 12 month period may not exceed 5% of the outstanding

Common Shares; (ii) issuable to insiders at any time shall not exceed 10% of the issued and outstanding Common Shares; (iii) issued to insiders within any one-year period may not exceed 10% of the outstanding Common Shares; and (iv) to any one insider and the associates of such insider may not exceed 5% of the issued and outstanding Common Shares.

Options issued under the Share Option Plan may be exercisable for a period not exceeding five years and vest as determined by the Board on the date of grant.

Options issued pursuant to the Share Option Plan shall have an exercise price that shall not be less than the current market price of the Common Shares, which shall mean the most recent closing price per share for Common Shares on the last trading day preceding the date of grant on which there was a closing price on the TSXV (or if the Common Shares are not listed on the TSXV, on such stock exchange as the Common Shares are then traded).

In the event an Optionee ceases to be a director, officer or key employee of the Company, any Option previously granted to such Optionee shall be exercisable until the earlier of: (i) the end of the Option period as set forth in the grant; or (ii) the expiration of 90 days from the date of the normal retirement of such participant, or one year from the date of the death or permanent disability of such participant, and then, in the event of death or permanent disability, only by the person or persons to whom the participant's rights under the Option shall pass by the participant's will or applicable law, and only to the extent that the Optionee was entitled to exercise the Option as at the date of the holder's death or permanent disability.

Without the prior approval of the Shareholders, the Board may not: (i) make any amendment to the Share Option Plan to increase the percentage of Common Shares issuable on exercise of outstanding Options at any time; (ii) reduce the exercise price of any outstanding Options; (iii) extend the term of any outstanding Options beyond the original expiry date of such Option; (iv) make any amendment to increase the maximum limit on the number of securities that may be issued to Insiders (as such term is defined in the Share Option Plan); (v) make any amendment to increase the maximum number of Common Shares issuable on exercise of Options to directors who are not officers or employees of the Company; (vi) make any amendment to the Share Option Plan that would permit an Optionee to transfer or assign Options to a new beneficial Optionee other than in the case of death of the Optionee; or (vii) amend the restrictions on amendments that are provided in the Share Option Plan. Subject to restrictions set out above, the Board may amend or discontinue the Share Option Plan and Options granted thereunder at any time, without Shareholder approval, provided that any amendment to the Share Option Plan that requires approval of any stock exchange on which the Common Shares are listed for trading may not be made without approval of such stock exchange. In addition, no amendment to the Share Option Plan or Options granted pursuant to the Share Option Plan may be made without the consent of the Optionee if it adversely alters or impairs any Option previously granted to such Optionee.

The policies of the TSXV require that the Share Option Plan be approved every year by Shareholders. The Share Option Plan was last approved by Shareholders at the Company's annual and special meeting held on May 16, 2014.

Incentive Plan Awards

Outstanding Share-Based Awards and Option-based Awards

The Company did not have any share-based awards outstanding at the end of the most recently completed financial year.

Options are normally recommended by the Company's management and approved by the Board upon the commencement of employment with the Company based on the level of responsibility within the Company. Additional grants may be made periodically, generally on an annual basis, to ensure that the number of options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Company. When determining Options to be allocated to eligible participants, a number of factors are considered including the number of outstanding Options held by such individual, the value of such Options and the total number of available Options for grant.
