On December 13, 2013, the Company filed on SEDAR the following amended quarterly and annual financial statements:

The material revision to the Company's audited financial statements for the year ended January 31, 2013 consisted of a change in valuation of exploration and evaluation assets. Subsequent to the filing of the audited financial statements for the year ended January 31, 2013, management determined that the Fairydeil Oil Project leases had been cancelled on June 17, 2012. Accordingly the interim financial statements filed prior thereto have also been amended in order to correctly reflect the write-off of this project at that correct time.
