The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

These Financial Statements were authorized for issue by the Board of Directors on June 22, 2020 and have been prepared under the historical cost convention, except for certain financial instruments. The estimates and underlying assumptions are reviewed on an on-going basis.
