Parana Copper Corporation

(formerly AAN Ventures Inc.)

Management's Discussion and Analysis

For the Three Months Ended December 31, 2017

Management's Discussion and Analysis

The following management's discussion and analysis (the "MD&A") of the financial condition and results of the operations of Parana Copper Corporation (formerly AAN Ventures Inc.) constitutes management's review of the factors that affected the Company's financial and operating performance for the period ended December 31, 2017 and should be read in conjunction with the Company's condensed interim consolidated financial statements for the period ended December 31, 2017, and also the audited annual financial statements and MD&A for the year ended September 30, 2017. These financial Statements and management discussion have been prepared in Canadian dollars unless otherwise stated, and in accordance with International Financial Reporting Standards ("IFRS").

Business Description

The Company was incorporated under the Business Corporation Act of Alberta on August 31, 1998 and was continued to a British Columbian company on January 30, 2006. The Company changed its name from ONA Energy Inc. to Ona Power Corp. on July 16, 2009 and on April 09, 2012 changed it again to AAN Ventures Inc. On June 7, 2017, the Company changed its name to Parana Copper Corporation. The Company's shares are publicly traded on the Frankfurt Exchange and Canadian Securities Exchange ("CSE") under the symbol ("COPR").

The Company is an oil and gas junior company and is currently reviewing new opportunities. It is open to both domestic and international projects.

Overall Performance

On October 09, 2013 the Company incorporated a subsidiary Ona Power Oil and Gas Corp. in the state of Delaware, USA ("Ona").

During the year ended September 30, 2014, through its subsidiary, the Company entered into a joint venture agreement with Keblo Energy, LLC ("Keblo") whereby the Company will acquire a 50% working interest and a 42.5% net revenue interest in a permit for an oil and gas well located in Tennessee, USA by paying US$50,169. Based on preliminary drilling results, management has decided not to pursue the project and the cost has been recorded as property investigation costs.

Prior to the current year, the company drilled the Doug Norris Well in Fentress County Tennessee at a cost of US$ 50,000, but it didn't complete. The company then drilled the Eddie Dean Smith #5 well at a cost of US$35,000 and it did complete but has not been pursued.

Ability to Continue as a Going Concern

The Company incurred a net loss of $62,888 for the period ended December 31, 2017, has an accumulated deficit of 29,878,969 and has had recurring losses since inception. The Company has sufficient funds to sustain its operations over the next twelve months. Management is considering all possible financing alternatives, including equity and debt financing to finance the future operations.

The ability to continue operating as a going concern is dependent on raising additional funding to develop successful businesses. While the Company has been successful in securing financings in the past, there is no assurance that it will be able to do so in the future. These circumstances lead to substantial doubt as to the ability of the Company to meet its obligations as they become due and, accordingly, as to the appropriateness of the use of accounting principles applicable to a going concern.

Liquidity and Capital Resources

At December r 31, 2017, the Company had a working capital of $2,634 and (September 30, 2017–($65,522)

	December 31, 2017	September 30, 2017
	$	$
Current assets	28,698	91,586
Current liabilities	26,064	26,064

Management believes the Company has adequate liquidity to settle its liabilities when they come due. However, the resources on hand will not be sufficient to enable the Company to acquire and develop successful businesses in the future. Management is actively looking for addition equity and debt financing to address future cash flow needs. While the Company has been successful in securing financings in the past, there is no assurance that it will be able to do so in the future.

Off-Balance Sheet Arrangements

The Company has not entered into any off-balance sheet transactions.

Accounting Policies

The significant accounting policies of the Company are listed in the Note 3 to the Company's audited financial statements for the year ended December 31, 2017.

New Accounting standards

This new standard is a partial replacement of IAS 39 "Financial Instruments: Recognition and Measurement". IFRS 9 introduces new requirements for the classification and measurement of financial assets, additional changes relating to financial liabilities, a new general hedge accounting standard which will align hedge accounting more closely with risk management. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 39. IFRS 9 is effective for annual periods beginning on or after January 1, 2018 with early adoption permitted.

The Company intends to adopt the standards when they become effective. The Company has not yet determined the impact of these standards on its financial statements, but does not anticipate that the impact will be significant.

Other accounting standards and amendments to existing accounting standards that have been issued and have future effective dates are not applicable or are not expected to have a significant impact on the Company's consolidated financial statements.

Financial and Disclosure Controls and Procedures

Venture issuers are not required to include representations relating to the establishment and maintenance of disclosure controls and procedures (DC&P) and internal control over financial reporting (ICFR), as defined in National Instrument 52-109 Certification of Disclosure in Issuer's Annual and Interim Filings ("NI 52- 109"). In particular, the Company's certifying officers are not making any representations relating to the establishment and maintenance of:

i) controls and other procedures designed to provide reasonable assurance that information required to be disclosed by the Company in its annual filings, interim filings or other reports filed or submitted under securities legislation is recorded, processed, summarized and reported within the time periods specified in securities legislation; and

ii) a process to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with the Company's generally accepted accounting principles.

The Company's certifying officers are responsible for ensuring that processes are in place to provide them with sufficient knowledge to support the representations they make. Investors should be aware that inherent limitations on the ability of the Company are certifying officers to design and implement on a cost effective basis.

Financial Instruments and Risks Management

The Company is exposed in varying degrees to a variety of financial instrument related risks.

Credit risk
Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company's primary exposure to credit risk is on its bank account. All of its cash is deposited in a bank account held with a major bank in Canada. As most of the Company's cash is held by one bank there is a concentration of credit risk. This risk is managed by using a major bank that is a high credit quality financial institution as determined by rating agencies. The maximum exposure to credit risk is the carrying amount of the Company's financial instruments.

Foreign exchange risk
Foreign currency risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because they are denominated in currencies that differ from the respective functional currency. The Company is not exposed to significant foreign exchange risk.

Liquidity risk
Liquidity risk arises through the excess of financial obligations over available financial assets due at any point in time. The Company's objective in managing liquidity risk is to maintain sufficient readily available reserves in order to meet its liquidity requirements at any point in time.

Historically, the Company's main source of funding has been the issuance of equity securities for cash, primarily through private placements. The Company's access to financing is always uncertain. There can be no assurance of continued access to significant equity funding.

Forward-Looking Statements

This MD&A contains statements concerning future results, future performance, intentions, objectives, plans and expectations that are, or may be deemed to be, forward-looking statements. These statements concerning possible or assumed future results of operations of the Company are usually preceded by, followed by or include the words 'believes', 'expects', 'anticipates', 'estimates', 'intends', 'plans', 'forecasts', 'may', 'will', or similar expressions, although not all forward-looking statements contain these words. These forward-looking statements are based on management's current expectations and involve numerous risks and uncertainties. Such uncertainties may include general economic, political or market uncertainties in Canada or elsewhere, changes to regulatory or compliance requirements, changes in government policies, the risks inherent in a development stage business, the possible future impact of tax exposures, currency and exchange rate fluctuations, changes in interest rate, all of which are difficult or impossible to predict accurately. While we believe the assumptions underlying the forward-looking statements are reasonable, any of the assumptions could prove inaccurate. Forward-looking statements are not guarantees of future performance. Actual results may be differ materially from those implied be the forward-looking statements. These factors should be considered carefully, and readers should not place undue reliance on forward-looking statements. AAN Ventures Inc. has no intention and undertakes no obligation to update or revise any forward-looking statements, whether written or oral that may be made by or on the Company's behalf.
