

DigiMax Global Solutions Announces Dennis O'Neill Appointed as Chief Investment Officer

Toronto, Ontario--(Newsfile Corp. - March 19, 2019) - DigiCrypts Blockchain Solutions Inc. (CSE: DIGI), now doing business as **DIGIMAX GLOBAL SOLUTIONS** (the "**Company**" or "**DigiMax**") is pleased to announce that it has appointed Dennis O'Neil as Chief Investment Officer ("**CIO**") of DigiMax.

Dennis will play two key roles in the company. First, he will assist the company in leading the Client Acceptance Committee to ensure that all clients meet our stringent development criteria. Second, Dennis will lead the company in building out its global joint ventures into DigiMax-controlled Registered Broker Dealers in each country that DigiMax chooses to enter.

"Dennis is a thought leader in the digital security industry due to his unique and successful history in both conventional securities markets, and in the burgeoning regulatory-compliant digital securities marketplace," said DigiMax CEO Chris Carl. "Even more important though, is the global leadership that Dennis can provide both DigiMax and our clients, in understanding the importance of maintaining regulatory compliance in every jurisdiction in which we operate around the world, and in opening his broad array of contacts for DigiMax and its clients. We are excited to have Dennis as an integral part of our team."

Dennis has over twenty-five years of experience as an Investment Banker. He helped start two of the largest regional Investments banks in Chicago; Madison Securities and Advanced Equities. He was the Managing Director for Softbank Investments/E2Capital office in Chicago and has raised over two billion dollars in capital for early stage companies to date. Mr. O'Neill also has a significant amount of experience and success in Sales, Marketing, Financial Media, Business Development and Institutional Capital Raises. He has spoken at over fifty private equity, venture capital and small-cap conferences and he has spoken at more than twenty-five Blockchain conferences in the past three years.

"It is a pleasure to join the energetic and highly competent team at DigiMax who are in the midst of creating exactly the globally-focused, centralized consulting and funding organization that this new digital-security world needs," say Dennis O'Neill. "There is a difficult but necessary transition taking place away from the "wild-west" days of ICO's and into a much more mature, and highly valuable digital-security based form of securities that is more beneficial to both investors and issuers alike. DigiMax is one of the world leaders in this new space, and I am excited to be in a place to make this growth accelerate even faster."

About DigiMax

DigiMax is based in Toronto, Canada and is a company aiming to become a world leader in advising companies issuing digital securities, such as security tokens, on a 100% regulatory compliant basis, in any country around the world in which such an offering is made.

DigiMax was formed by five partners, three which bring experience in the cryptocurrency and security token industry, and two which have more than forty years of combined experience raising capital through public companies and the issuing of common shares. This partnership brings together all of the benefits and expediency of raising capital through security tokens, with a team that has decades of experience raising capital in conventional securities markets. The result is a team that combines expertise from both the token, and the conventional public capital markets.

Cautionary Note Regarding Forward-looking Statements

NEITHER THE CANADIAN SECURITIES EXCHANGE, NOR THEIR REGULATIONS SERVICES PROVIDERS HAVE REVIEWED OR ACCEPT RESPONSIBILITY FOR THE ADEQUACY OR ACCURACY OF THIS RELEASE

This press release contains "forward-looking statements". Forward-looking statements can be identified by words such as: anticipate, intend, plan, goal, seek, believe, project, estimate, expect, strategy, future, likely, may, should, will and similar references to future periods. Examples of forward-looking statements include, among others, statements we make regarding changing the Company's name..

Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based only on our current beliefs, expectations and assumptions regarding the future of our business, future plans and strategies, projections, anticipated events and trends, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements. Therefore, you should not rely on any of these forward-looking statements. Important factors that could cause our actual results and financial condition to differ materially from those indicated in the forward-looking statements include, among others, the following: shareholders approving the change of name to DigiMax, the adequacy of our cash flow and earnings, the availability of future financing and/or credit, and other conditions which may affect our ability to expand the App Platform described herein, the level of demand and financial performance of the cryptocurrency industry, developments and changes in laws and regulations, including increased regulation of the cryptocurrency industry through legislative action and revised rules and standards applied by the Canadian Securities Administrators, Ontario Securities Commission, and/or other similar regulatory bodies in other jurisdictions, disruptions to our technology network including computer systems, software and cloud data, or other disruptions of our operating systems, structures or equipment.

Any forward-looking statement made by us in this press release is based only on information currently available to us and speaks only as of the date on which it is made. Except as required by applicable securities laws, we undertake no obligation to publicly update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise.
