

MAJESCOR RESOURCES INC.

(the "Corporation")

INFORMATION CIRCULAR

(Containing information as at June 7, 2017 unless indicated otherwise)

SOLICITATION OF PROXIES

The management of the Corporation solicits proxies to be used at the Annual General and Special Meeting of shareholders (the "Meeting") to be held at the time and place and for the purposes set forth in the attached notice of meeting and at any adjournment thereof. The cost of this solicitation will be borne by the Corporation. Accordingly, the management of the Corporation has drafted this information circular (the "Information Circular") that it is sending to all the security holders entitled to receive a notice of meeting.

If you cannot attend the Meeting in person, complete and return the enclosed form of proxy following the instructions therein.

QUORUM FOR THE TRANSACTION OF BUSINESS

The Corporation's By-Laws provide that the quorum at a meeting of the shareholders of the Corporation shall be constituted by the attendance of two or more shareholders, present in person or represented by proxy, holding at least 10% of the votes attached to outstanding voting shares.

RIGHT OF REVOCATION OF PROXIES AND APPOINTMENT OF PROXYHOLDER

The persons named in the enclosed form of proxy are directors and officers of the Corporation. **A shareholder has the right to appoint as his or her proxy a person, who need not be a shareholder, other than those whose names are printed on the accompanying form of proxy.** A shareholder who wishes to appoint some other person to represent him or her at the Meeting may do so either by inserting such other person's name in the blank space provided in the form of proxy and signing the form of proxy or by completing and signing another proper form of proxy.

A shareholder may revoke a proxy at any time by sending an instrument in writing executed by him or, if the shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized in writing, at the same address where the form of proxy was sent and within the delays mentioned therein, or two business days preceding the date the Meeting resumes if it is adjourned, or remit to the chairman of such Meeting on the day of the Meeting or any adjournment thereof, if applicable.

EXERCISE OF DISCRETION BY PROXIES

The management undertakes to respect the holder's instructions.

In the absence of any indication by the mandatory or in the event the right to vote ought not to be exercised with regard to a question, the agent will exercise the right to vote IN FAVOUR of each question defined on the form of proxy, in the notice of meeting or in the Information Circular.

Unless otherwise specified herein, all resolutions will be adopted by a simple majority of the votes represented at the Meeting.

Management does not know and cannot foresee at the present time any amendments or new points to be brought before the Meeting. If such amendments or new points were to be brought before the Meeting, the persons named in the enclosed form of proxy will vote on such matters in the way they consider advisable.

ADVICE TO NON-REGISTERED SHAREHOLDERS

The information set forth in this section should be reviewed carefully by the non-registered shareholders. Shareholders who do not hold their shares in their own name (the “Beneficial Shareholders”) should note that only proxies deposited by shareholders whose names appear on the records maintained by the Corporation’s registrar and transfer agent as registered holders of shares will be recognized and acted upon at the Meeting. If shares are listed in an account statement provided to a shareholder by a broker, those shares will, in all likelihood, *not* be registered in the shareholder’s name. Such shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms). Shares held by brokers (or their agents or nominees) on behalf of a broker’s client can only be voted at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker’s clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

National Instrument 54-101 of the Canadian Securities Administrators requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is substantially similar to the form of proxy provided directly to registered shareholders by the Corporation. However, its purpose is limited to instructing the registered shareholder (*i.e.*, the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder.

In Canada, the vast majority of brokers now delegate responsibility of obtaining instructions from clients to Broadridge Financial Solutions Inc. (“**BFSI**”). BFSI typically prepares a machine-readable voting instruction form, mails those forms to Beneficial Shareholders and asks Beneficial Shareholders to return the forms to BFSI, or otherwise communicate voting instructions to BFSI (by way of the Internet or telephone, for example). BFSI then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. A Beneficial Shareholder who receives a BFSI voting instruction form cannot use that form to vote shares directly at the Meeting. The voting instruction forms must be returned to BFSI (or instructions respecting the voting of shares must otherwise be communicated to BFSI) well in advance of the Meeting in order to have the shares voted. If you have any questions respecting the voting of shares held through a broker or other intermediary, please contact your broker or other intermediary of assistance.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting shares registered in the name of his or her broker (or his or her broker’s agent), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the shares as proxyholder for the registered shareholder by entering his or her own name in the blank space on the

proxy form provided to him or her by his or her broker (or his or her broker's agent) and return it to that broker (or that broker's agent) in accordance with the broker's instructions (or the agent's instructions).

All references to shareholders in this Information Circular, the enclosed form of proxy and the notice of meeting are to the registered shareholders unless specifically stated otherwise.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

The Corporation is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of any of the following persons in any matter to be acted upon at the Meeting:

- (b) each proposed nominee for election as a director of the Corporation; and
- (c) each associate or affiliate of any of the foregoing.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized capital stock of the Corporation consists of an unlimited number of common shares without par value. Each common share entitles its holder to one vote. On the date hereof, there were 48,427,775 common shares of the Corporation issued and outstanding.

The Board of Directors of the Corporation (the "**Board**") fixed the close of business on June 9, 2017 as the record date (the "**Record Date**") for determining which shareholders shall be entitled to receive notice of the Meeting and to vote in person or by proxy at the Meeting or any adjournment thereof. Pursuant to the *Canada Business Corporations Act*, the Corporation is required to prepare, no later than ten (10) days after the Record Date, an alphabetical list of the shareholders entitled to vote as of the record date that shows the number of shares held by each shareholder. A shareholder whose name appears on the list referred to above is entitled to vote the shares shown opposite his or her name at the Meeting. The list of shareholders is available for inspection during usual business hours at the management office of the Corporation.

As at the date hereof, to the knowledge of management of the Corporation, the only person holding 10% or more of the issued shares of the Corporation is:

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

A – EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Interpretation

“Named executive officer” (“**NEO**”) means:

- (a) a Chief Executive Officer (“**CEO**”);
- (b) a Chief Financial Officer (“**CFO**”);
- (c) each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000 for that financial year; and
- (d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of that financial year.

The NEOs who are the subject of this Compensation Discussion and Analysis are Mr. André Audet, former President and interim CEO (resigned May 22, 2017), Mr. Sabino Di Paola, former CFO (resigned February 23, 2017), and Mrs. Lucie Letellier, new CFO.

Compensation Program Objectives

The objectives of the Corporation’s executive compensation program are as follows:

- to attract, retain and motivate talented executives who create and sustain the Corporation’s continued success;
- to align the interests of the Corporation’s executives with the interests of the Corporation’s shareholders; and
- to provide total compensation to executives that is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

Overall, the executive compensation program aims to design executive compensation packages that meet executive compensation packages for executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics. The Corporation is a mining company involved in exploration and will not be generating significant revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability, is not considered by the Corporation to be appropriate in the evaluation of the performance of the NEOs.

Purpose of the Compensation Program

The Corporation's executive compensation program has been designed to reward executives for reinforcing the Corporation's business objectives and values, for achieving the Corporation's performance objectives and for their individual performances.

Elements of Compensation Program

The executive compensation program consists of a combination of base salary (or consulting fees) and stock option incentives.

Purpose of Each Element of the Executive Compensation Program

The base salary (or consulting fees) of the NEO is intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

In addition to a fixed base salary (or consulting fees), the NEO is eligible to receive a performance-based bonus meant to motivate the NEO to achieve short-term goals. Awards under this plan are made by way of stock options which are granted the following fiscal year.

Stock options are generally awarded to NEOs on an annual basis based on performance. The granting of stock options upon hire aligns NEOs' rewards with an increase in shareholder value over the long term. The use of stock options encourages and rewards performance by aligning an increase in each NEO's compensation with increases in the Corporation's performance and in the value of the shareholders' investments.

Determination of the Amount of Each Element of the Executive Compensation Program

Intervention of the Compensation Committee

Compensation of the NEO's of the Corporation, other than the CEO, is reviewed annually by the CEO, who makes recommendations to the Compensation Committee. The Compensation Committee reviews the recommendations of the CEO and makes its own recommendations to the Board, which approves the compensation of the NEOs based on the recommendations of the Compensation Committee. Compensation for the CEO is reviewed annually by the Compensation Committee, which then makes recommendations to the Board. The Board approves the base salary of each NEO based on the recommendations of the Compensation Committee.

During the most recently completed financial year, the members of the Compensation Committee were Mr. Jacques Letendre and Mr. Michel Fontaine.

Base Salary

The review of the NEO's base salary takes into consideration the current competitive market conditions, experience, proven or expected performance, and the particular skills of the NEO. Base salary is not evaluated against a formal "peer group". The Compensation Committee relies on the general experience of its members in setting base salary amounts.

Performance Bonus

Performance bonuses are granted on a case by case basis with no pre-established goals.

Stock Options

The Corporation has established a formal stock option plan (the “**Stock Option Plan**”) under which stock options are granted to directors, officers, employees and consultants as an incentive to serve the Corporation in attaining its goal of improved shareholder value. The Board, based on recommendations of the Compensation Committee where appropriate, determines which NEOs (and other persons) are entitled to participate in the Stock Option Plan, determines the number of options granted to such individuals and determines the date on which each option is granted and the corresponding exercise price. For further information regarding the Stock Option Plan refer to “Securities Authorized for Issuance Under Equity Compensation Plans”.

The Board makes these determinations subject to the provisions of the existing Stock Option Plan and, where applicable, the policies of the TSX Venture Exchange.

Link to Overall Compensation Objectives

Each element of the executive compensation program has been designed to meet one or more objectives of the overall program.

The fixed base salary (or consulting fees) of each NEO, combined with a performance bonus and with the granting of stock options, has been designed to provide total compensation which the Board believes is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

Orientation and Continuing Education

The Corporation does not currently have a formal orientation program for new directors. The Board has not at this time taken any measures to provide continuing education for the Directors. However, the Directors of the Corporation are encouraged to attend, at the Corporation's expense, any seminar given by the TSX Venture Exchange or the Canadian Securities Administrators relating to the management of a public company or relating to their responsibilities as a Director of a public company. Furthermore, the Directors are given access to the Corporation's legal advisors for any questions they may have relating to such responsibilities.

Ethical Business Conduct

The Board has taken steps to encourage and promote a culture of ethical business conduct by adopting a code of business conduct and ethics (the "Code") applicable to all employees, officers, directors, consultants and contractors of the Corporation and its subsidiaries. All such persons are expected to adhere to the principles contained in the Code and failure to observe the terms of the Code may result in disciplinary action, including suspension, termination of employment or removal from the Board.

The Code covers a wide range of business practices and principles including the need for: (i) compliance with applicable laws and regulations, (ii) acting honestly and in good faith having in view the Corporation's best interest (iii) advancing the Corporation's legitimate interests, (iv) compliance at all times with prescribed accounting, internal accounting, and auditing procedures and controls (to this regard, the Corporation has instituted a "whistleblower" program whereby any infractions can be reported to the Chair of the Audit Committee), (v) compliance with applicable securities laws prohibiting trading in the securities of a company while in possession of material, non-public information regarding such company (insider trading), (vi) respect of confidential information regarding the Corporation, (vii) protection and proper use of the Corporation's assets (viii) property of inventions, developments and improvements conceived by employees during their period of employment, (ix) respect of co-workers, their integrity and their dignity and (x) respect of applicable environmental laws and regulations. The Corporation expects employees and directors to take all responsible steps to prevent a violation of the Code and in this regard, are encouraged to report any violations thereto.

No material change report has been filed that pertains to any conduct of a director or executive officer that constitutes a departure from the Code.

Nomination of Directors

The Board does not have a nominating committee. The current size and composition of the Board allow the entire Board to take the responsibility for finding and nominating new directors, taking into consideration the competencies, skills, experiences and ability to devote the required time.

Compensation

The process used by the Board to determine the compensation of the CEO of the Corporation is described in the section “Executive Compensation - Compensation Discussion and Analysis”. The compensation of the directors of the Corporation is determined by the Board, as a whole, upon the recommendation of the Compensation Committee. Compensation decisions are made based on regular reviews of industry specific standards, the corporation’s capacity to provide such compensation and the particular requirements of the position.

Other Board Committees

There are currently no committees other than the Audit Committee and the Compensation Committee.

Assessments

The Board regularly reviews the necessity of setting up other committees as well as the role of its Directors, and individual Directors are encouraged to give feedback regarding the effectiveness of the Board as a whole, its committees and individual Directors.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Consequently, the number of common shares that are reserved under the Plan is automatically increased or decreased as the number of issued and outstanding common shares of the Corporation increases or decreases.

This is known as a “rolling” stock option plan. Under the rules of the TSX Venture Exchange, a “rolling” stock option plan must receive shareholder approval yearly, at the annual general meeting of shareholders.

Accordingly, shareholders will be asked to adopt the following resolution:

BE IT RESOLVED:

1. THAT the Plan, as described within this information circular, be and it is hereby approved and confirmed; and

In order to be adopted, the resolution must be approved by a majority of the votes cast by the shareholders, either present in person or represented by proxy at the Meeting.
