

MATERIAL CHANGE REPORT
Section 75 of the *Securities Act* (Ontario)
Section 85 of the *Securities Act* (British Columbia)
Section 118 of the *Securities Act* (Alberta)

Item 1. Reporting Issuer

McLaren Resources Inc.
Suite 520, 65 Queen Street West
Toronto, Ontario M5H 2M5

Telephone: (416) 203-6784
Facsimile: (416) 368-1539

Item 2. Date of Material Change

September 18, 2012

Item 3. Press Release

The news release announcing the material change was released on September 26, 2012 through Marketwire and subsequently filed on the System for Electronic Document Analysis and Retrieval. A copy of the press release is attached hereto.

Item 4. Summary of Material Change

McLaren Resources Inc. has entered into an option agreement with Red Mile Minerals whereby Red Mile has the option to earn a 50% interest in the BQ Extension property which is owned 100% by McLaren.

Item 5. Full Description of Material Change

McLaren Resources Inc. has entered into an option agreement with Red Mile Minerals whereby Red Mile has the option to earn a 50% interest in the BQ Extension property which is owned 100% by McLaren. Upon completion of the option agreement McLaren and Red Mile will each own 50% of the entire Blue Quartz-BQ Extension Property package.

Terms of the agreement include:

1. Spend a minimum of \$100,000 on exploration drilling by August 31, 2013;
2. Spend a further \$200,000 on exploration drilling by August 31, 2014;
3. Spend an additional \$200,000 on exploration drilling by August 31, 2015 for an aggregate total of \$500,000 to earn a 50% interest.

Red Mile can spend the exploration funds on either the BQ Extension property or the Blue Quartz property to earn the 50% interest in the BQ Extension property.

For more information please see the attached news release below.

Item 6. Reasons for Confidentiality

NEWS RELEASE

MCLAREN RESOURCES ANNOUNCES STRATEGIC OPTION AGREEMENT WITH RED MILE MINERALS ON THE BQ EXTENSION PROPERTY

TORONTO, CANADA (September 26, 2012) McLaren Resources Inc. ("McLaren") (CNSX: MCL, Frankfurt: 3ML) is pleased to announce it has entered into an option agreement with Red Mile Minerals (RDM-TSX-V) whereby Red Mile has the option to earn a 50% interest in the BQ Extension property which is owned 100% by McLaren. The BQ Extension property is located immediately adjacent to and on trend with the Blue Quartz property, owned 50% by the Company and 50% by Red Mile.

Upon completion of the option agreement McLaren and Red Mile will each own 50% of the entire Blue Quartz-BQ Extension Property package. The Blue Quartz Mine situated on the Blue Quartz Property is located proximal to the Pipestone Fault, a key gold bearing structure associated with the Destor Porcupine Fault.

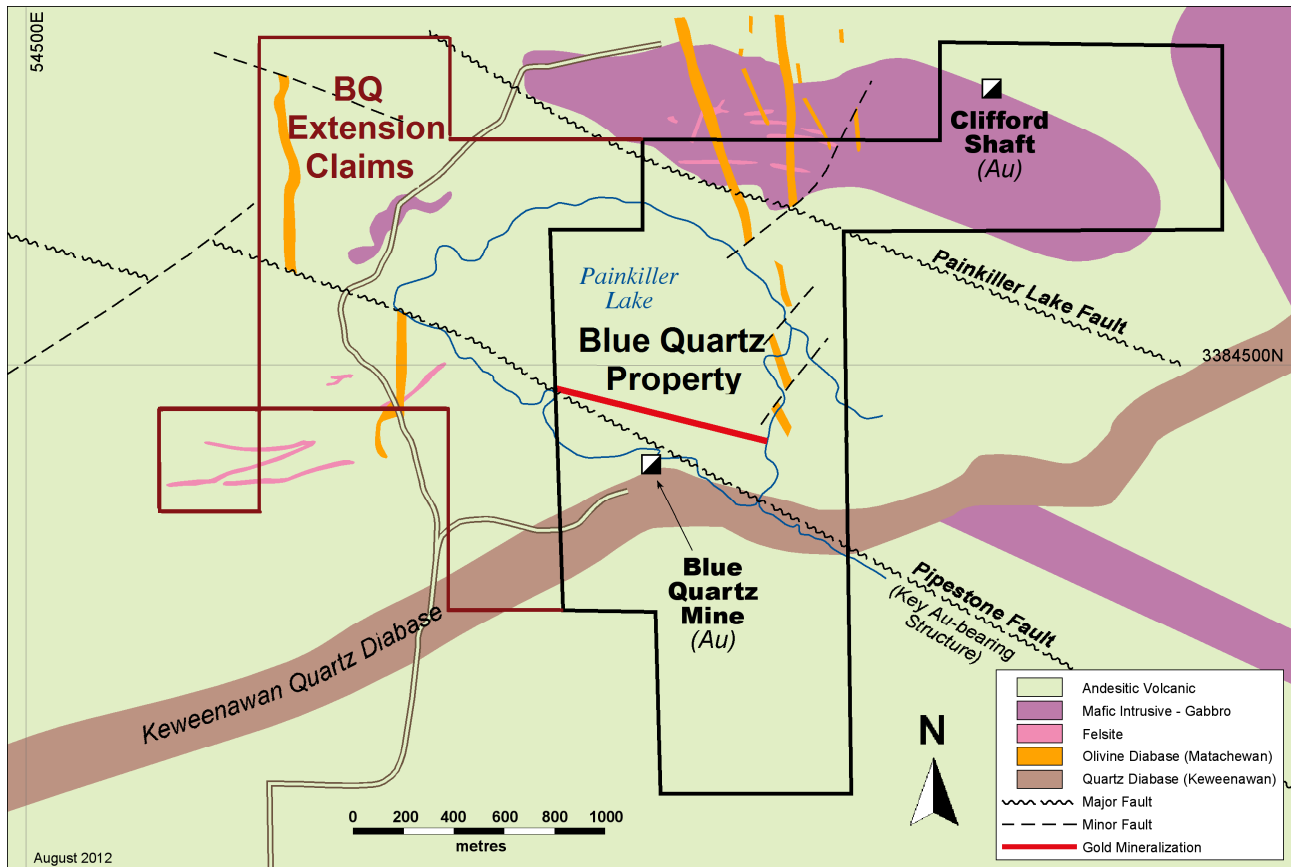

The Blue Quartz Extension property is located in Beatty Township in the Timmins Gold District and consists of 8 staked claims (240 hectares) and is subject to an existing 2% NSR. The property is situated 8km north-west of the Black Fox Mine operated by Brigus Gold.

Terms of the agreement include:

1. Spend a minimum of \$100,000 on exploration drilling by August 31, 2013;
2. Spend a further \$200,000 on exploration drilling by August 31, 2014;
3. Spend an additional \$200,000 on exploration drilling by August 31, 2015 for an aggregate total of \$500,000 to earn a 50% interest.

Red Mile can spend the exploration funds on either the BQ Extension property or the Blue Quartz property to earn the 50% interest in the BQ Extension property. The company executed a letter agreement with Red Mile which grants an option on the property. The parties also agreed to enter into an industry standard definitive option and joint venture agreement within six months. John Heslop, a member of the Board of Directors of the Company, is also a director of Red Mile, and therefore abstained from voting on the option agreement.

The Blue Quartz property is reported to have produced gold from high grade veins during the 1920s and 30s. Production on the property took place with underground mining operations from the 514 foot deep mine shaft, including 6000 ft of crosscutting and drifting, over half of which was on the 500 foot level and lateral workings to a depth of 740 foot level.

The BQ Extension Property Expands the Blue Quartz Property to the West Along the Key Gold Bearing Structure.

McLaren Resources Inc. is a Canadian based junior exploration company engaged in acquiring, exploring, and developing resource properties in Canada.
