Consolidation of Mining Properties in Shining Tree District, Northern Ontario

As previously announced by the Company's press release dated March 11, 2020, the Company is pleased to announce that pursuant to the terms of the mining investment agreement (the "**Purchase Agreement**") dated July 15, 2020 between the Company, Treasury Metals Inc. ("**Treasury**") and its wholly-owned subsidiary Goldeye Explorations Limited, the Company has acquired an aggregate of 208 unpatented mining claims located in the Shining Tree District, Northern Ontario (the "**Mining Claims**") and three net smelter royalties (the "**Royalties**").

In consideration for acquiring the Mining Claims and the Royalties (the "**Acquisition**"), Platinex issued to Treasury 12,500,000 common shares ("**Consideration Shares**") of Platinex and 5,000,000 non-transferable common share purchase warrants ("**Consideration Warrants**") of Platinex. Each Consideration Warrant entitles Treasury to purchase one common share of Platinex at a price of \$0.05 per share for a period of 24 months from the date of issue. If Treasury exercises the Consideration Warrants on or before September 1, 2020, it will receive an additional non-transferable common share purchase warrant (a "**Secondary Warrant**") for each Consideration Warrant exercised. Each Secondary Warrant entitles the holder to purchase one common share of Platinex at a price of \$0.20 per share for a period of 24 months from the date of the closing of the Acquisition. The Secondary Warrants provide that Treasury shall not exercise the Secondary Warrants if such exercise would result in it owning 20% or more of the issued and outstanding common shares of Platinex.

The parties have agreed that the Consideration Shares will be placed in a voluntary escrow agreement, with 25% (3,125,000 Consideration Shares) to be released on the 12th, 15th, 18th and 24th month anniversaries of the closing of the Acquisition. Treasury has agreed to support and vote for the recommendations of the Company's management at all shareholder meetings of the Company held the time that the Consideration Shares are held in escrow.

The Mining Claims total approximately 5,045 Ha. (12,466 ac.) and are located adjacent to the Company's Shining Tree property. With this acquisition, Platinex has created the largest combined gold focused property package in the Shining Tree District, Northern Ontario. The Shining Tree property is located on 21km of the Tyrrell-Ridout Deformation Zone which also hosts both IAMGOLD's Côté Lake gold deposit and Caldas Gold's Jubu deposit.

The Royalties consist of a 100% interest in three royalty agreements, consisting of (i) a 2% net smelter royalty in respect of the Sonia-Puma Property held by Minera Goldeye Chile Limitada (which has been acquired by Newmont Goldcorp); (ii) a 1% net smelter royalty in respect of nine mineral claims forming part of the McFaulds Lake Project held by AurCrest Resources Inc.; and (iii) a 2% net smelter royalty in respect of 29 mineral claims located in MacMurchy Township, Ontario held by Golden Harp Resources Inc.

Pursuant to the terms of the Purchase Agreement, Treasury has agreed to exercise a minimum of 3,000,000 Consideration Warrants on or before September 1, 2020. Treasury has the right to participate in future financings which may be conducted by Platinex in order to allow it to maintain its pro rata equity interest in Platinex for a period of 24 months from the closing of the Acquisition. The Purchase Agreement also provides Treasury with the right to appoint one nominee to the board of directors of Platinex [for a period of two years].

Mr. James R. Trusler, Chairman of Platinex, stated "The supportive relationship with Treasury Metals brings a sophisticated marketing presence to advancing the Shining Tree property expeditiously. We look forward to being able to have access to

more exploration funding to back exploration of the recently recognized 21 km portion of the Ridout Tyrrell Deformation Zone and other high potential prospects on the property. "

We look forward to the exploration results and the significant wealth of knowledge Jim and his team have of this highly prospective exploration camp. The recent acquisition of the neighboring Juby gold deposit by Caldas Gold demonstrates the increased activity in the district."
