"On behalf of the board of directors, I would like to welcome Greg to the CEO role," said Jim Trusler, Chairman. "I am now comfortable that Platinex is close to a major discovery. Currently leadership in the financial markets is essential and building out an exploration team for the future. For that reason, I am happy to welcome Greg to the CEO position. He has the skills and contacts to make the transition successful for Platinex."

Mr. Ferron stated: "The SW Timmins camp has experienced a transformation in the last ten years with the discovery and now development of several multi-million-ounce gold deposits, mainly along the Ridout-Tyrrell deformation zone." We will continue de-risking the project with exploration combined with a focus to analyze opportunities to enhance Platinex's position among investors.

The Company would also like to announce the grant of 3,400,000 stock options to certain Officers, Directors, Consultants and Advisors. The stock options shall be granted at a strike price of \$0.05 for a period of three (3) years and shall vest immediately.
