Renforth Appoints Kurt Breede P.Eng to Board

Renforth Resources Inc. (CSE – RFR) (“Renforth” or the “Company”) is pleased to announce the appointment of Kurt Breede P.Eng to the Board of Renforth as an independent technical director.

Kurt is senior geological engineer and marketing executive with over 20 years experience in the mineral resource industry. He is former Vice President of geological and mining consultancy Watts, Griffis and McQuat, and prior to that was Senior Business Analyst with Gemcom Software (now Dassault Systèmes). He currently works as an independent Mineral Resource and Corporate Development Consultant, serving as Vice Chair of the CIM Toronto Branch Executive, and as a member of the CSA's Mining Technical Advisory and Monitoring Committee.

Renforth CEO Nicole Brewster comments, "I'm delighted to welcome Kurt to the board at this stage in our company's growth as we continue the development of our project portfolio. His technical expertise in mineral resource estimation, strategic mine planning, and marketing will be of considerable benefit to the Company in the coming months, particularly as we continue to outline the extent of mineralization at our Parbec property."

Forward Looking Statements

This news release contains forward-looking statements and information under applicable securities laws. All statements, other than statements of historical fact, are forward looking. Forward-looking statements are frequently identified by such words as ‘may’, ‘will’, ‘plan’, ‘expect’, ‘believe’, ‘anticipate’, ‘estimate’, ‘intend’ and similar words referring to future events and results. Such statements and information are based on the current opinions and expectations of management. All forward-looking information is inherently uncertain and subject to a variety of assumptions, risks and uncertainties, including the speculative nature of mineral exploration and development, fluctuating commodity prices, the risks of obtaining necessary approvals, licenses and permits and the availability of financing, as described in more detail in the Company's securities filings available at www.sedar.com.

Actual events or results may differ materially from those projected in the forward-looking statements and the reader is cautioned against placing undue reliance thereon. Forward-looking information speaks only as of the date on which it is provided and the Company assumes no obligation to revise or update these forward-looking statements except as required by applicable law.
