Material Facts

There are no material facts about the securities being distributed that have not been disclosed in this Offering Document or in any other document filed by Blender Bites in the last 12 months preceding the date of this Offering Document.

What are the business objectives that we expect to accomplish using the available funds?

The Company intends to use the available funds from the Offering to advance its primary business objective of expanding sales in Canada and the United States. In doing so, Blender Bites is focused on purchasing raw materials to meet production demands, continuing product marketing campaigns that align with our strategic growth initiatives and paying retailer listing fees.

PART 3: USE OF AVAILABLE FUNDS

What will our available funds be upon the closing of the Offering?

Based on Blender Bites' existing estimated working capital deficit of \$223,520, Blender Bites is expected to have approximately \$872,480 in available funds upon completion of the Offering.

		Assuming 100% of Offering

B	Selling commissions and fees	\$84,000
C	Estimated offering costs (e.g., legal, accounting, audit)	\$20,000
D	Net proceeds of offering: D = A - (B+C)	\$1,096,000
E	Working capital as at most recent month end	(\$223,520)
F	Additional sources of funding	N/A
G	Total available funds: G = D+E+F	\$872,480

How will we use the available funds?

The above noted allocation of capital and anticipated timing represents our current intentions with respect to the Company's use of proceeds and based on management's current knowledge, present plans, expectations and business conditions, which could change in the future as our plans and business conditions evolve. Although we intend to expend the proceeds from the Offering as set forth above, there may be circumstances where, for sound business reasons, a reallocation of funds may be deemed prudent or necessary and may vary materially from that set forth above, as the amounts actually allocated and spent will depend on a number of factors, including our ability to execute on its business plan. See the "Cautionary Statement Regarding Forward-Looking Information" section above.

The most recent interim financial report of the Company included the following going-concern note:

"The Company's continued existence is dependent upon its ability to raise additional capital and to achieve profitable operations and positive cash flows. Failure to do so would have an adverse effect on the financial position of the Company and its ability to continue as a going concern. These factors indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. If the going concern assumption were not appropriate for these financial statements, then adjustments may be necessary in the carrying values of assets and liabilities, the reported expenses, and the statement of financial position classifications used. Such adjustments could be material."

The Offering is not expected to affect the decision to include a going concern note in the next annual financial statements of the Company.
